Question.

Mr. S. Muttumaniakachari,

THE LAW (EDUCATION) DEPARTMENT.

258. To ask the Hon'ble the Minister for Education to state :

(a) the number of district educational councils in the Presidency in which a Viswa-Brahman has been nominated or to which he has been elected;

(b) whether the Government intend to follow the principle of nominating members of this community to the district educational councils in which the community is now unrepresented so as to secure a due representation of the interests of this community consistent with the strength of population and the very backward condition of this community in the matter of education.

Law (Edn) Dept.

There does not appear to be any district educational council in which a Viswa-Brahman has been elected or nominated member. It is not however possible to affirm from the mere name of an individual whether he is a Viswa-Brahman. See

the safest course would be to ⁽¹⁾ draw attention to the notifications in Part I. B of the Fort St. George Gazette in which the names of all elected & nominated

members have been published. We are bringing in a similar question regarding members of the Council.

2. As regards clause (c) of the question, attention is directed to Section

(2) 5 (b) of the Elementary Education Act which says that in nominating persons to the D.E.C., due regard shall be had to the representation of Muhammadans and other minorities. (It has not been thought necessary to give special representation to Viswa Brahmans apparently because their number is limited and they are scattered throughout the districts of the Presidency. It is however open to the Viswa Brahman to come in through election.) Whether there is any justification to give the Viswa Brahmans special representation can be determined only on receipt of the last census figures. In the mean while we may perhaps say that the matter will be considered ^{if specific recommendations are made to Govt by Collectors of districts} ~~as a result of the recommendations of the Board~~
