THE FINANCE DEPARTMENT.

131. To ask the Hon'ble the Member for Finance whether the Government ^{Propose} ~~will be pleased~~ to adopt measures to secure to teachers in privately-managed schools the benefit of famine allowances ~~that~~ ^{are} now obtaining in Board and Municipal schools.

Law (Ed) Dept:

The member's reference to 'famine' allowances obtaining in Board and Municipal Schools is not understood. It is possible that the reference is to the temporary allowances sanctioned ^{para. 94} in G.O. No. 499 Fml., d/1.6.20. So far as elementary school masters in Board and Municipal employ are concerned, they were given an

an allowance of Rs 4 and local ~~boards~~ bodies were also subsidized to enable them to meet the cost involved. It was also distinctly stated that such subsidies would be ~~payable~~ ^{paid} only ~~for the~~ ^{for the} year 1920-21; and, as ~~such~~ a matter of fact, the current year's budget contained no provision for this purpose.

This is in respect of elementary schools under municipal & board management. In respect of aided elementary schools the Director did make a suggestion to increase the rates of teaching grants so as to enable teachers employed in such schools to get some increase of pay. This was however rejected. ~~for want of funds~~ - vide pp

2 So far as secondary schools under local bodies are concerned, Govt: have not given subsidies ~~on~~ ^{on} local basis for ~~the~~ ^{the} payment of allowances to teachers ~~in~~ ⁱⁿ ~~the~~ ^{the} employ. ~~being~~ ^{being} to rise in prices. Govt: have no ^{definite} information if local bodies are giving any famine allowances from their own funds. At the present moment - Govt: are not intending any exp^{re} towards allowances to teachers of any grade in the emp^{ly}

of local bodies.

~~It is not the duty of the local bodies to provide for the maintenance of the schools. It is the duty of the Government to provide for the maintenance of the schools. The local bodies are only to provide for the maintenance of the schools.~~

If any teacher is given famine allowances as per rates set elsewhere, the local will be allowed ~~also~~ a legitimate item of expenditure & will be taken in consideration in any grants. In the case of secondary schools the amount will appear in the financial statement.

Did not so also, have not measures already been taken? Of course if the amount is not prepared to pay 50% we are not for long the whole?

grants to elementary schools is assessed at a fixed rate per teacher employed in the school. The assessed grant

5
may be increased on account of a high standard of efficiency attained by introduction of methods of teaching calculated to train children's faculties & powers of expression & observation, proper attention to physical exercises & fit children for their position in life. Thus payment of any family allowance to teachers in privately managed schools will not be taken into account in assessing grants in respect of elementary schools.

In the case of secondary schools, however, the amount of allowance paid by the management may be included in the financial stat. and the grant payable with ref. to Rule 33 of the Code may take account of it.

It is not apparently this the addl member wants. He wants to know what measure the Govt. ^{proposes} ~~is going~~ to take "to secure" to teachers the benefit of the allowance. It cannot refer to existing provisions of the Code, ^{but to} ~~other~~ special ~~steps~~ steps that may in future be taken to induce the payment of the allowance i.e. special inducements to the management to pay it. We are not offering any. Perhaps we may be clearer by saying "none beyond those provided in the f. in. and code."

U.O. Reply No. 358 of 21 D/15.7.21

I do not know what action the Hon'ble Member
for Finance intends to take in making provision
for an increase in the grants awarded to schools
under private management. If it is proposed to
take no action I suggest the following reply:-

'Government do not propose to compel managers
of schools under private management to pay famine
allowances to the teachers employed by them.'
