Copy of letter from the Correspondent, Sri Venkateswara Students' Hostel at Triplicane to the Director of Public Instruction

With reference to the correspondence ending with your Proceedings No.R.C..1031/19 dated 18-9-1920 communicating the G.O.No.975 (2) Home(Education) dated 25-8-20, I have the honour to submit herewith for sanction a revised estimate of Rs.350003/ for the construction of Sri Venkateswara Students' Hostel at Triplicane, Madras and state that the necessity for revision has been fully explained in the report accompanying the estimate.

2. It may be seen from the report that no new items have been included whereas only sufficient details have been given for all the lump sum amounts with reference to the Chief Engineer's remark vide his note 1481 Wks B/20 dated 30-7-20 accompanying to the G.O referred to in para 1 supra. All other remarks made by him have been fully attended to. In fact, as explained in the report a fresh estimate altogether has been prepared in view of the several clerical errors pointed out by him in the case of the original estimate and complete data have been given in support of the rates. The revised estimate has been prepared by a -- competent Engineer, (a retired Engineer of the P.W.D) and signed by him. I now that the Chief Engineer will find the estimate in order unlike in the first case.

3. In this connection, it may not be out of place to mention that I have equal share with the Government in the cost of the building and I am therefore equally anxious to exercise all -- possible economy which in fact has been done now and to execute the work within the least practicable time, especially in view of the well known fact that prices of various materials and for cost of labour are ever on the increase in some cases even month by month if not day by day.

In these circumstances, I request that you will be pleased to move the Government to accord very early sanction to the -- estimate as any delay in the execution of the work due to the delay in receipt of sanction, would simply result in the --- enhancement of the cost of the building all the more which I am

am very anxious to avoid in my own interest and in the best interest of the Government.

~~P. W. D.~~ N O T E. by the

Chief Engineer P.W.D. No 6660C of 1-9-20

I. The Director of Public Instruction submitted in February 1920, for sanction, plans and estimates of Rs. 317838 for constructing Sri Venkateswara Students' Hostel at Triplicane Madras and recommended a grant not exceeding one half of the total cost.

II. The plans and estimates were examined in this office and it was observed, that the estimates contained heavy lump sums without details, the rates were high and not supported by detailed data, and there were many clerical errors etc.

From the particulars then available, it was expected that the amount of the estimate would reasonably be about Rs. 222600. The plans and estimates were accordingly recommended for sanction with necessary remarks, and sanction was accorded in G.O.

No. 975 Home (Education) dated 25-8-1920.

III. The Director of Public Instruction submits now, for sanction, a revised estimate amounting to Rs. 350003 for the work and recommends a half grant thereon. It is also stated that the work is proceeding.

IV. The revised estimate has been examined with reference to para 2 (iii) of G.O. No. 1582 Education dated 20-12-1919 and the remarks thereon are summarized below.

(1) The necessity for the revision and the items provided have been fully explained in the report accompanying the revised estimate and it may be accepted.

(2) For reasons stated in the report to the estimate the revised quantities have been compared in the revised estimate with those of the original estimate as received for sanction.

The particulars of the original and revised quantities are noted below.

Description.	Original estimate as received for sanction.	Revised estimate now submitted for sanction.

estimate only by the
Comptroller. The figure
should only be 323028-Rs

(3) The excess of Rs.26975 may be allocated approximately under the following heads:--

Rs.

(a) Excess due to enhanced rates.	18981
(b) Revision of quantities including L.S. amounts.	2287
(c) New items such as cutstone work sanitary fittings, locks, nails etc.	8416

Net excess.	Rs. 26975

(4) Rates.--Detailed data for rates have been submitted. These are generally fair, and may be accepted.

(5) The Chief Engineer considers that the following items are extravagant.

(a) Plastering the walls and the ceiling with cement mortar:--Plastering the walls 2 coats and the ceiling 3 coats with ordinary lime mortar would be sufficient. Saving Rs. 14300

(b) Cutstone coping over the parapet in the 3 floors:--Although this adds to the architectural effect of the building this is not quite necessary. Saving about Rs. 1060

(6) There are in all seven openings leading to the open terrace over the top floor 4 in turrets and 3 over the staircases. The three openings over the staircases are unnecessary and have been deleted. The amount of the estimate has accordingly been reduced from Rs. 350003 to Rs. 347620.

(7) The necessity for other items such as a well with storage tank motor etc has been fully explained in the report

(8) The plans and estimate should have been submitted in duplicate.

(9) If the modifications mentioned against items a & b under para 5 above be given effect to the amount of the estimate will be reduced to Rs. 332260. ✓

V. With these remarks the revised estimate of Rs. ~~347500~~ ^{3,32,260} as altered in the Chief Engineer's Office is recommended for sanction in supersession of the one mentioned in the concluding portion of para II supra.
