I think it is desirable to have a committee later when we have^{had} the results of inspections up to date tabulated & scrutinized. We shall then know more definitely what the nature & extent of the problem are. I am trying to get the results consolidated at present.

I think, as ~~an answer~~ an answer, the following would do -
 "The suggestion will be considered."

The following was the final form of the question and answer

573 Q.—To ask the Hon'ble the Minister for Local Self-Government if he is prepared to refer the question of medical inspection of schools to a committee consisting of educationists and medical men and medical women, both official and non-official. Medical inspection of schools.

573 A.—The suggestion will be considered.

2 The case may be sent

to the D. P. I. for perusal of the
note ~~received~~, and to state with refer-
thereto whether the consolidation of the
results of medical inspections is
now complete and if so whether
the results reveal the need for a
Committee as asked for in the question.

The consolidation of the results of the Medi-
cal inspection is not yet complete. Many reports
have not yet been received and several have been
received in an imperfect form. The consolidation
of these reports is properly speaking a matter for
a Medical man and I should like to know when Govern-
ment propose to appoint the Medical Inspectors who
were sanctioned sometime ago. As soon as they are
appointed, and not until they are appointed, can we
expect any real headway ^(on systematic lines) with medical inspection of
pupils and schools.
