CURRENT FILE.

Copy of letter from the Chairman, Municipal Council, Negapatam, R.C.
No.143 of 1921, dated the 10th March 1921.

With reference to G.O. No.366 L. & M., dated 28th February 1921

I have the honour to submit herewith statements showing the unspent balances of grants as required in para 5 of the order and to report that the sum of Rs.12000/- being the grant for the construction of a building for the Hindu Girls' School, Nagore in respect of which estimate has not yet been sanctioned, is remitted to-day into the Government Sub-treasury at Negapatam. Vide Statement I enclosed.

2. This grant was sanctioned by Government in G.O. No.333-H/Edn., dated 16th March 1920. As the cost of acquiring lands and of erecting a new building for the school cannot be completely met from the grant funds on account of the increased cost of land, materials and labour, the Council decided to purchase with the help of this grant an old building in a convenient locality which is suitable for the school in consultation with the educational authorities and after obtaining the sanction of Government for utilising the grant for the purpose. As Government now directs that the sum should be remitted into treasury, I have done so and I request that Government will be pleased to help the Council with funds for purchasing a suitable building for the school for which negotiations are now being made.

3. All the other grants relate to works which have been started. As regards the Hindu Girls' School, Negapatam (item No.9 in Statement No. II) the Council has already spent a sum of Rs.7775/- in purchasing certain old buildings for using their site for erecting a building. There is a balance of Rs.6849-8-2. This sum is insufficient for a school building and the Council's application for an additional grant for this school was not sanctioned by Government; vide G.O. No.13-M., Mis., dated 3rd January 1921. The Council will arrange to erect the building in the course of the next year with the ~~XXXXX~~ remaining sum available from the grant supplemented by Municipal Funds. A building for this school is absolutely necessary and the Council will not lose time in carrying out the work for which plans and estimates have been submitted to the Superintending Engineer for sanction.

4. Gosha Girls' School, Nagore (item No.7 in statement No.II). The

The main building has been completed and the Council has sanctioned an estimate amounting to Rs.1180/- for a compound wall which is absolutely necessary for the school. The balance available after erecting the wall will be necessary for purchasing the requisite furniture for the school.

5. Gosha Girls' School, Negapatam (item No.8 in statement No.II). The main building for the school has been erected. There is not sufficient open space for a garden and play ground for this school and it is proposed to purchase an old building adjoining the school for using its site for a play ground and a garden. Any balance available after acquiring the building and laying out its site as a play ground and garden will be used in providing the school with furniture necessary for the institution.

6. Choultry at Nagore (item No.3 in statement No.II):- Contract for this work was settled on 8th February 1921 and the contractor has been given time till 30th September 1922 for completing the work. I have the honour therefore to request that Government will be pleased to extend as noted above the time for the completion of this work.

Sir,

I have the honor to acknowledge receipt of the Government Memorandum No. 6000-1 M L&M dated 5th May 1921 asking for certain information regarding the construction of a building for the Muhammadan Boys' school at Kadambadi and to state that the site selected for the school was inspected and approved by the Civil Surgeon and myself. The plans and estimate for a similar school building constructed by this council in 1920, for the Goshia Girls' school and which were approved by competent authority will be adopted for this school. I can complete the erection of

Negapatam, 16-3-21 19

My Dear Sir,

I have written to you Officially to-day asking for a grant of Rs 12000, for erecting a building for the Muhammadan Boys' school at Velipalayam. I quite realise the financial position of Government and I am only asking the favour of your permission to regrant the amount refunded by me to Government as detailed in my ~~letter~~ letter. In these days of non-co-operation when people are trying to withdraw their children from school, I should like to counteract their activities and - encourage education for Muhammadn youths. For doing this, I request the help, of Government. Hence my prayer. I hope my prayer will meet your cordial support.

With Kind Regards,

Yours Sincerely,

A. K. G. Maricair

With reference to C.O. no. 366 Dmdas. 2.21 the Cmc Negapatam refunded the grant of Rs 12,000 sanctioned for the construction of a building for the Hindu Girls School, Napore in respect of which estimates had not been sanctioned. He now reports that the construction of a school building for Muhammadan boys at Kadambadi is an urgent necessity and so requests Govt. to grant the amount refunded to the Council so that it may utilise it for the above purpose. The Chairman promises to utilise the amount without any delay. There seems to be no objection to sanction the Chairman's request.

2. The sum may be met from the recently refunded amount of Rs 15.51 lakhs now available for expenditure and in which this department has a claim.

3. The grant may be sanctioned with

I presume that the idea underlying the recall of unspent subsidies is that if on any future occasions the scheme for which the subsidy was once sanctioned matures Govt will be prepared to regrant the subsidy. So the subsidy so far the Govt School cannot be diverted to any other purpose.

2 Nor do I think it educationally sound to divert money meant for Govt education to other purposes. The Chairman's reference to "non-cooperation" as a plea for Muhammadan elementary education in having a building for a school already existing is thin.

(B) From the above note the financial position is not at all clear. It appears that as the result of the orders contained in G.O.No.366 L & M dated 28th February 1921 an amount of Rs.15.51 lakhs has been refunded to Government on which L & M maintain a preferential claim. What portion of this Rs.15½ lakhs was originally granted for educational purposes, what portion for medical purposes, what portion for Public works purposes and so on, is not stated. If L & M have a claim on the Rs.15½ lakhs surely 'education' has a claim on that portion of the Rs.15½ lakhs which was originally granted for educational purposes but which has now been refunded to Government.

2 It has generally been the view of this department that the educational claims of the whole presidency have to be considered. It would appear from the above note that the claims of a local body are to be considered rather than the claims of Education throughout the whole presidency. It is, of course, debatable whether subsidies should be granted to local bodies in consideration of their joint needs in education, sanitation, roads etc., or whether subsidies should be given for educational and other purposes to be distributed to the local bodies for these purposes according to the relative urgency of the needs of each local body, consideration

14
the needs of
consideration being taken of all local bodies
throughout the whole presidency.

3/ In the present case a subsidy was originally granted for an elementary Hindu Girls' School. From the stand-point of this department this subsidy should not be made available for any other kind of school unless we are aware that there is no other urgent need for funds for an elementary Hindu Girls' school in some other part of the presidency. The proposal of the Chairman of the Municipal Council, Negapatam, involves a double diversion. It is a diversion first of all from girls' education to boys' education and secondly from education of Hindus to education of Muhammadans.

4/ If any refund has been made to Government included in the Rs. 15½ lakhs referred to above of a sum which was originally intended for elementary Muhammadan boys' education then this sum might be diverted to the Chairman of the Municipal Council, Negapatam, provided that Government is informed that the local body to which the original allocation was made is not urgently in need of funds for the purpose for which the grant was originally made.

5/ There is one other point in this connection. It is a part of the function and duty of the District Educational Council to advise upon the expenditure

expenditure of funds on elementary education and I do not think that this question ought to be dealt with by Government or by the Director until the District Educational Council of Tanjore has expressed an opinion upon the proposal of the Chairman, Municipal Council.
