I fear that I am not able to collect the information until I know the period to which the questioner refers. The Quarterly Civil List and the List of Officers in the Educational Department contain information regarding both the number of persons recruited and the vernacular in which these persons have passed examinations.

I can suggest no more appropriate answer than the following:-

'The period for which the information is required is not stated. Attention is, however, invited to the Quarterly Civil List and the Quarterly List of Officers of the Educational Department.'

I should like to bring to notice that if a list of all officers is to be prepared it will come down to persons on Rs. 13/- per mensem and would involve an enormous amount of work.
