Rupees 7,752 sanctioned to local bodies for the opening of night schools.

READ—the following paper:—

Letter—from R. LITTLEHAILES, Esq., M.A., Director of Public Instruction, Madras.

To—the Secretary to Government, Law (Education) Department.

Dated—the 25th July 1921.

No.—Ref. on Cur. 4261 of 1920.

I have the honour to address Government on the subject of the utilization of the lump provision of Rs. 22,000 for the opening of night and continuation schools made in the Civil Budget Estimate of the current official year under “31-C (b) (iii) Education—Primary—Grants to local bodies for primary education.”

2. In this office letter R.C. No. 4261, dated 25th November 1920, proposals were submitted to Government for their sanction for the opening of night schools under the management of local bodies which involved a recurring annual expenditure of Rs. 18,884. Out of these proposals, however, Government in their order No. 455, Home (Education), dated 23rd March 1921, sanctioned, owing to financial stress, the opening of only two night schools involving an annual recurring expenditure of Rs. 273, i.e., Rs. 128 for Cheyyar night, Coimbatore Taluk Board, and Rs. 145 for the Ootacamund night school, half the latter's expenses being paid by the Ootacamund Municipal Council—vide paragraph 2 (1) of my letter R.C. No. 4261 of 1920, dated 1st February 1921. I now request the Government may be pleased to sanction during the current year the remaining proposals which are embodied in statements A and B forming annexure to this letter. For the principles and consideration on which these proposals are based, the attention of Government is solicited to this office letter R.C. No. 4261, dated 25th November 1920.

3. From a reference to annexures A and B it will be observed that the annual recurring expenditure of my present proposals is Rs. 18,611, which, together with the annual recurring expenditure involved in the proposals already sanctioned in G.O. No. 455, Home (Education), dated 23rd March 1921, amount to Rs. 18,884 out of the current year's lump budget provision of Rs. 22,000. Proposals for the utilization of the balance of Rs. 3,116 will be submitted on receipt from District Educational Councils of their proposals for the expansion of elementary education.

It will be noticed further that as the proposals under reference are recommended to take effect from 1st September 1921, their cost together with the cost of the proposals sanctioned in G.O. No. 455, Home (Education), dated 23rd March 1921, will amount to Rs. 9,578, leaving a balance of Rs. 12,422 out of the provision for the current year. A portion of this balance may be required for the further proposals promised in sub-paragraph 1 of this paragraph. My recommendation to utilize the balance, if any, that may still further be available, will be submitted in due course.

4. Should Government approve the proposals submitted above I request that the Accountant-General may be requested to place the amounts noted in column 9 of annexure C at the disposal of the local bodies concerned at an early date.

READ—the following paper:—

Letter—from R. LITTLEHAILES, Esq., M.A., Director of Public Instruction,
Madras.

To—the Secretary to Government, Law (Education) Department.

Dated—the 25th July 1921.

No.—Ref. on Cur. 4261 of 1920.

I have the honour to address Government on the subject of the utilization of the lump provision of Rs. 22,000 for the opening of night and continuation schools made in the Civil Budget Estimate of the current official year under "31-C (b) (iii) Education—Primary—Grants to local bodies for primary education."

2. In this office letter R.C. No. 4261, dated 25th November 1920, proposals were submitted to Government for their sanction for the opening of night schools under the management of local bodies which involved a recurring annual expenditure of Rs. 18,884. Out of these proposals, however, Government in their order No. 455, Home (Education), dated 23rd March 1921, sanctioned, owing to financial stress, the opening of only two night schools involving an annual recurring expenditure of Rs. 273, i.e., Rs. 128 for Cheyyar night, Coimbatore Taluk Board, and Rs. 145 for the Ootacamund night school, half the latter's expenses being paid by the Ootacamund Municipal Council—vide paragraph 2 (1) of my letter R.C. No. 4261 of 1920, dated 1st February 1921. I now request the Government may be pleased to sanction during the current year the remaining proposals which are embodied in statements A and B forming annexure to this letter. For the principles and consideration on which these proposals are based, the attention of Government is solicited to this office letter R.C. No. 4261, dated 25th November 1920.

3. From a reference to annexures A and B it will be observed that the annual recurring expenditure of my present proposals is Rs. 18,611, which, together with the annual recurring expenditure involved in the proposals already sanctioned in G.O. No. 455, Home (Education), dated 23rd March 1921, amount to Rs. 18,884 out of the current year's lump budget provision of Rs. 22,000. Proposals for the utilization of the balance of Rs. 3116 will be submitted on receipt from District Educational Councils of their proposals for the expansion of elementary education.

It will be noticed further that as the proposals under reference are recommended to take effect from 1st September 1921, their cost together with the cost of the proposals sanctioned in G.O. No. 455, Home (Education), dated 23rd March 1921, will amount to Rs. 9,578, leaving a balance of Rs. 12,422 out of the provision for the current year. A portion of this balance may be required for the further proposals promised in sub-paragraph 1 of this paragraph. My recommendation to utilize the balance, if any, that may still further be available, will be submitted in due course.

4. Should Government approve the proposals submitted above I request that the Accountant-General may be requested to place the amounts noted in column 9 of annexure C at the disposal of the local bodies concerned at an early date.

The D.P.I has calculated the subsidies payable to the local bodies for the current year on the assumption that the schools will be opened from 1st September. As this month has almost passed, it will be sufficient if a subsidy equal to five months' charges is paid instead of for six months as recommended by the D.P.I. The necessary corrections have been made in the statements submitted by the Director. The total expenditure for the current year works out to Rs 7,752 & this figure has been entered in the draft order which may now issue.
