The Govt. have not
~~insufficient~~ to the need of the
Muhammadian School - for
population of Ichiniopoly which
ranks next to Madras and Calcutta
in point of Muhammadian
population. In 1915 it was
decided to take over the Islamic
School at Ichiniopoly by Govt.
with a view to its ultimate
development into a complete
Secondary School. Should the
strength of the school prove to be
satisfactory. Please see para 316
of the S.P.O. letter at page 3 of G.O. 222
28. 2. 1917. The school was
not however taken over by Govt. till
July 1919 (G.O. 848 d. 5.7.19). But
it continues to work on a
temporary basis as the legal
transfer of the school
has not been effected.
Action is being taken in this direction
as will be seen from the papers at
Slip 1. It is expected that the

matter will soon be settled. Any further development of the school will therefore have to await the settlement of the legal liabilities of the school to S.P. From the position marked A at page 23 of S.O. 8482. S-7-9 it will be seen that the S.P. I. had held out hope as regards the raising of the standard of the school to a High School.

The case may go to the S.P. I. for any remarks he may have to offer.

U.O. Reply No.

It is my intention to have this school raised to a High School as soon as it is reasonably possible. The Inspector of schools has been asked to submit proposals for the additional accommodation which will be necessary when the higher forms are opened and I am awaiting his reply. When it is received proposals will be formulated and submitted to Government. Urdu and Tamil will be both taught in the school.

The resolution might be accepted.

Raising the status of the Government Islamia School, Trichinopoly.

Mr. A. P. I. SAIYID IBRAHIM RAVUTTAR :—"Mr. President, Sir, I beg to move the resolution which stands in my name and runs as follows:—

'95. That this Council recommends to the Government that the Government Islamia Secondary School, Trichinopoly, should be raised to the standard of a high school, and that Urdu and Tamil should be taught in the said school as vernaculars.'

"When the Muhammadan pupils studying in the Islamia Secondary school at Trichinopoly pass the third form and want to obtain the Secondary School-Leaving Certificate, they have to join a high school. They find it very difficult to get admission into the local institutions managed by private bodies at Trichinopoly, because they are not admitted on half the Government rates. But as a matter of fact, the majority of the Muhammadan pupils are not in affluent circumstances, and hence they cannot afford to pay the enhanced scale of fees demanded from them. As the Universities Act of 1904 has come into operation, the local institutions do not exempt them from the payment of full fees. The result is that most of the Muhammadan population of school-going age will have to idle away their time, instead of becoming useful citizens. Hence it is absolutely necessary that the Government should be sympathetic enough to bestow their attention towards this long-felt and pressing need and remove the obstacles standing in the way of the educational progress of Muhammadan students, for which the loyal and peaceful Muhammadan citizens in general, and the Muhammadan students in particular, will ever be grateful to the benign Government.

"As regards the second part of my resolution, I beg to submit, Sir, that Tamil and Urdu should be taught in the said school as vernacular subjects. I hope the House will accept my resolution."

Khan Bahadur MUHAMMAD USMAN SAHIB Bahadur :—"I beg to second the resolution."

The Hon'ble Rao Bahadur A. P. PATRO :—"I am glad to assure my honourable friend that the Government are taking steps to instruct the inspectors of schools to send proposals to raise the school to a higher standard. And so, the resolution will be accepted by the Government."

The resolution No. 95 was carried unanimously.
