Letter—from the Director of Public Instruction.

To—the Secretary to Government, Law (Education) Department.

Dated— the 20th May 1921.

No.—R.O.C. 4780.

Order—No. 1541, Law (Education), dated 22nd October 1921.

In G.O. No. 447, Home (Education), dated 22nd March 1921, the Government sanctioned a subsidy of Rs. 33,152 among local bodies towards the equipment of new elementary schools for boys and girls to be opened in the current official year. The Director of Public Instruction now submits proposals for the distribution of subsidies towards the cost of maintenance of the schools and also to meet the cost of strengthening of the staffs of, and the opening of additional standards in, selected schools under the management of local bodies.

The proposals are estimated to cost Rs. 2,66,994 per annum as shown below:—

		Boys' schools.	Girls' schools.	Total.
(i)	Opening of new elementary schools	88	88	88
	Strengthening of existing elementary schools	15,945	116,628	1,31,874
(ii)	Opening of additional standards in existing elementary schools	1,02,876	18,912	1,21,788
		8,760	4,672	19,332
	Total ..	1,26,882	1,40,112	2,66,994

The Government generally approve these proposals. Local bodies are requested to open the new schools and to employ the additional staff as early as possible.

2. The amount required for the three objects mentioned above in the current year and for the payment of a further subsidy towards the cost of equipment of the new schools is Rs. 1,34,256, as indicated in the annexure to these proceedings. The Accountant-General is requested to place the amount shown in the last column of the annexure at the disposal of the local bodies concerned at a very early date.

3. The expenditure will be met from the lump provision of Rs. 3,00,000 for opening new primary schools and for meeting the probable extra expenditure in connexion with the revision of the scale of salaries of staff in existing primary schools consequent on the abolition of capitation allowance under the head "31 C(b) (iii) Education—Primary—Grants to local bodies for primary education."

(By order of the Government, Ministry of Education)

NOTES CONNECTED WITH G.O. No. 1541, LAW (EDUCATION),
DATED 22ND OCTOBER 1921

[SUBJECT.—*Opening of new elementary schools for boys and girls.*]

*Extract of paragraph 4 of letter from the Director of Public Instruction,
R.O.C. No. 4730/20, dated 9th March 1921.*

"4. The proposal to open 65 new elementary schools for boys and 333 new elementary schools for girls referred to in items (i) and (ii) and those referred to in items (iii) and (iv) in paragraph 1 supra are only a part of the scheme involving an annual recurring cost of Rs. 2,80,000 for which I am expected to send in proposals. A The details of the whole scheme will be submitted to Government immediately on receipt of their orders on this communication."

Orders have issued in G.O. No. 447, Home (Education), dated 22nd March 1921, sanctioning a portion of the subsidy required for the equipment of the schools referred to above. It now remains to sanction the balance of the equipment grant and the recurring subsidies for the maintenance of the schools. Necessary provision has been made in the budget for 1921-22. The month of April is now nearly gone and it seems desirable that orders regarding the utilization of this budget provision should issue as early as possible so as to enable the schools to start work soon. The Director of Public Instruction may be asked u.o. to send up his proposals in this regard as promised at A above.

I

*From the Director of Public Instruction, R.O.C. No. 447/20-W.B.,
dated 9th May 1921.*

The proposals submitted with the letter read above relate only to girls' schools. They have been examined and found to be generally acceptable. Only in the matter of pay of teachers, the Director has added on to approved rates the sum of Rs. 3 which has been elsewhere suggested to be given in place of capitation allowance. The general question of abolition of capitation allowance and of substituting a fixed enhancement of pay has not yet been finally disposed of. But it is perhaps unnecessary to await the disposal on it. We may sanction the pay of Rs. 16 to the teachers to be employed in these new girls' schools and of Rs. 16 or Rs. 19 as the case may be to the additional teachers to be employed in existing schools.

2. It seems better to obtain proposals for the 65 boys' schools also to the opening of which the Government have been committed in G.O. No. 447, Law (Education), dated 23rd February 1921, and pass consolidated orders. The Director of Public Instruction may be requested u.o. to expedite these.

E.A.V.—16-5-21. S.A.—16-5-21. C. RAMANUJA ACHARIYAR—17-5-21.

The Director of Public Instruction's proposals may be requested in entirety.

R. RAMACHANDRA RAO—23-5-21.

From the Director of Public Instruction, R.O.C. No. 47820/20,
dated 20th May 1921.

The proposals are generally acceptable. One or two particulars however call for notice.

First, as regards the pay of teachers to be employed in the new schools as well as in existing schools, the Director has added on to standard rates a sum of Rs. 3 to compensate teachers for loss of capitation allowance. Orders have not yet issued on the general question of the abolition of capitation allowance and of substituting increased rates of pay therefor. For orders whether pending disposal of the general

Yes.

question the enhanced rates of pay may be approved in respect of the schools in question. It may be observed that in

respect of girls' schools for the opening and strengthening of which proposals were recently received a similar course has been recommended for adoption and the file is now in Finance.

Secondly, the Director of Public Instruction has provided for nine months' charges in his estimates. Submitted that it seems sufficient to allow eight months' charges as the schools won't be opened in any case earlier than the 1st July. The proposal may be otherwise approved with the concurrence of Finance.

FINANCE DEPARTMENT.

Please see the Finance Department notes on pages 9-12, 14-16 and 22-24 of notes to G.O. No. 447, Home (Education), dated 22nd March 1921. This department has agreed to a scheme of subsidies for the opening of elementary schools, provided the cost did not exceed 2-80 lakhs.

2. The Director of Public Instruction has now submitted proposals for the payment of subsidies and the cost involved is as shown below :—

	LAKHS.	LAKHS.
(A) Girls' schools—		
(i) Cost of equipment and the recurring cost of 353 girls' schools to be newly opened.	1-17	
(ii) For strengthening the staff in 94 schools ...	-19	
(iii) For raising the standard of 17 of the existing girls' schools.	-05	
(B) Boys' schools—		
(i) Cost of equipment and the recurring cost of 65 boys' schools to be newly opened.	-15	
(ii) Strengthening the staff of existing elementary schools.	1-13	
(iii) Raising the standard of certain existing elementary schools.	-09	
		1-37
Total ...		2-78

The total extra expenditure during the current year as calculated by the Director of Public Instruction comes to 2-28 lakhs as shown below :—

	LAKHS.
Girls' schools ...	1-25
Boys' schools ...	1-03
Total ...	2-28

In the case of recurring charges the Director of Public Instruction has calculated the charge for nine months and he says that the amounts may be placed at the disposal of the local bodies concerned with instructions to open the schools on the 1st June 1921 or as early as possible thereafter. Submitted that it seems sufficient to sanction the subsidy on the assumption that the schools will be opened

P.L.M.—27-6-21. on 1st July. The cost during the current year will then be reduced by about 20 lakh (viz., from 2-28 to 2-08 lakhs).

The expenditure will be met from the provision of three lakhs in the budget for opening new elementary schools under the head '31-C (b) (iii). Education—Primary—Grants to local bodies for primary education'.

3. As regards the rate of pay allowed to the teachers, the Director has added on to the approved rates Rs. 3 per mensem to be given for each teacher in place of capitation allowance. This department has already considered that there is no objection to this—vide paragraph 4 (a) on page 11 of notes to G.O. No. 447, Home (Education), dated 22nd March 1921. The Director has also correctly omitted in the calculations, the temporary allowance of Rs. 4 per mensem sanctioned in G.O. No. 499, Finance, dated 1st June 1920, as the same was sanctioned only for one year (1920-21).

4. The case may be returned to Law (Education) Department with the foregoing remarks.

LAW (EDUCATION) DEPARTMENT.

Since under the new Local Boards Act, *district boards* have been divested of all responsibility for the running of elementary schools and in view of the Madras Elementary Education Act which requires the formation by each taluk board of a separate Education fund to which will have to be credited all grants-in-aid sanctioned by Government for purposes of elementary education, the subsidies now proposed to be sanctioned will have to be placed at the disposal of each *taluk board* and not of the district board. The Director of Public Instruction may therefore be requested u.o. to submit a statement showing the amount which has to be placed at the disposal of each *taluk board*. It is observed that with the introduction of the new Local Boards Act, a number of new taluk boards have been formed by the splitting up of some of the old taluk boards. In the statement it seems sufficient to include seven months' charges as the new schools are not likely to be opened before the 1st August 1921.

2. A draft u.o. note is submitted.

u.o. note.

With reference to the Director's letters No. 447, dated 9th May 1921 and No. 4780, dated 20th May 1921, it may be observed that, as under the new Local Boards Act, *district boards* have been divested of all responsibility for the running of elementary schools and, in view of the provisions of the Madras Elementary Education Act, which requires the formation by each taluk board of a separate 'Elementary Education Fund' to which will have to be credited all grants-in-aid sanctioned by Government for purposes of elementary education, the subsidies now proposed to be sanctioned will have to be placed at the disposal of each *taluk board* and not of the district board. It is observed that, with the introduction of the new Local Boards Act, a number of new taluk boards have been formed by the splitting up of old taluk boards. The Director of Public Instruction may therefore be requested u.o. to submit two statements—one for boys' and the other for girls' schools—showing the amount to be placed at the disposal of the taluk boards concerned. The statement need provide for only seven months' charges as the schools will not be opened before 1st August next.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

Revised statements are placed below. They contain provision for only five months of the current year which will suffice on account of the delay in starting these schools.

In these revised statements a few omissions and additions have been made. In the original proposal an annual recurring subsidy of Rs. 768 was provided for the strengthening of the staff in the schools under the Guntūr municipality. This has been omitted altogether as the municipality desires to run elementary education on 'national' lines, without aid from Government. The Kasaragod Higher Elementary school in South Kanara for which additional staff was proposed is also omitted, since the school has been raised to a secondary school. Another school (O. Pathur) in Chingleput is also omitted as the Inspector has not furnished the name of the taluk board to which it belongs.

With reference to Government Memorandum No. 1930 A-3, dated 18th July 1920, the Karnam street school in Parlakimedi municipality is included in the A statement with an annual recurring subsidy of Rs. 576 and cost of Rs. 240 for the current year. Secondly, with reference to the Director of Public Instruction's letter R.C. No. 7819, dated 12th August 1921, addressed to Government with reference to Government Memorandum No. 14212-1, L. & M., dated 25th July 1921, provision for an additional teacher on Rs. 15 per mensem is made for the Municipal Elementary Odddar school, Adoni. All other proposals embodied in the original statement have been retained.

I am still awaiting an answer to a reference I made on this matter from the Inspector of Schools, Guntūr and Nellore. When he replies a supplemental list will be submitted to Government.

LAW (EDUCATION) DEPARTMENT.

According to the revised statements submitted by the Director of Public Instruction, the scheme is expected to cost Rs. 2,66,994 per annum and Rs. 1,34,256 for the current year as shown below :—

Pres.

No. 1541, dated 22.10.1921.

In G.O. No. 1541, Home (25), dated 22nd March 1921, the Govt sanctioned a subsidy of Rs. 33,152 among local bodies towards the equipment of the new elementary schools for boys & girls to be opened in the current official year. The D.P. now submit proposals for the distribution of subsidy towards the cost of maintenance of these schools & also to meet the cost of strengthening of the staffs of

~~the opening of additional~~ standards in ~~existing~~ ^{elementary} schools under the management of local bodies. The proposals are estimated to cost Rs 2,66,994 per annum as shown below:—

	Boys' schools Rs.	Girls' schools Rs.	Total Rs.
(i) Opening of new elementary schools }	15,246	1,16,628	1,31,874
(ii) Strengthening of existing elementary school - }	1,02,876	18,912	1,21,788
(iii) Opening of additional standards in existing ^{elementary} schools }	8,760	4,572	13,332
	<u>1,26,882</u>	<u>1,40,112</u>	<u>2,66,994</u>

The Govt generally approve these proposals. Local bodies are requested to open the new schools & to employ the additional staff as early as possible.

2. The amount required for the three objects mentioned above for the current year & for the payment of a further subsidy towards the cost of equipment of ~~the~~ the new schools is Rs 1,34,256, as indicated in the annexure to these proceedings. The A.G. is requested to place the amounts

Shown in the last column of the annexure ~~to these proceedings~~ at the disposal of the local bodies concerned at a very early date.

3. The expenditure will be met from the lump provision of Rs 3,00,000 for opening new primary schools and for meeting the probable extra expenditure in connection with the revision of the scale of salaries of staff in existing primary schools consequent on the abolition of capitation allowance under the head 31 (b) (iv) - Education Primary - Grants to local bodies for Primary education.

II
Letter—from the Director of Public Instruction.
To—the Secretary to Government, Law (Education) Department.
Dated—the 20th May 1921.
R.O.C. No.—4780.

Order—No. 1541, Law (Education), dated 22nd October 1921.

In G.O. No. 447, Home (Education), dated 22nd March 1921, the Government sanctioned a subsidy of Rs. 33,152 among local bodies towards the equipment of new elementary schools for boys and girls to be opened in the current official year. The Director of Public Instruction now submits proposals for the distribution of subsidies towards the cost of maintenance of the schools and also to meet the cost of strengthening of the staffs of, and the opening of additional standards in, selected schools under the management of local bodies.

The proposals are estimated to cost Rs. 2,66,994 per annum as shown below:—

	Boys' schools.	Girls' schools.	Total.
(i) Opening of new elementary schools	Rs. 15,246	Rs. 1,16,528	Rs. 1,31,774
(ii) Strengthening of existing elementary schools	1,02,876	18,913	1,21,789
(iii) Opening of additional standards in existing elementary schools	8,760	4,673	13,433
Total	1,26,882	1,40,113	2,66,994

The Government generally approve these proposals. Local bodies are requested to open the new schools and to employ the additional staff as early as possible.

2. The amount required for the three objects mentioned above in the current year and for the payment of a further subsidy towards the cost of equipment of the new schools is Rs. 1,34,256, as indicated in the annexure to these proceedings. The Accountant-General is requested to place the amount shown in the last column of the annexure at the disposal of the local bodies concerned at a very early date.

3. The expenditure will be met from the lump provision of Rs. 8,00,000 for opening new primary schools and for meeting the probable extra expenditure in connexion with the revision of the scale of salaries of staff in existing primary schools consequent on the abolition of capitation allowance under the head "81 C(b) (iii) Education—Primary (Grants to local bodies for primary education)." LAW (EDUCATION) DEPARTMENT.
NOTES CONNECTED WITH G.O. No. 1541, LAW (EDUCATION),
DATED 22ND OCTOBER 1921.

[SUBJECT.—Opening of new elementary schools for boys and girls.]

Extract of paragraph 4 of letter from the Director of Public Instruction,
R.O.C. No. 4750/-0, dated 4th March 1921.

4. The proposal to open 65 new elementary schools for boys and 383 new elementary schools for girls referred to in items (i) and (ii) and those referred to in items (iii) and (iv) in paragraph 1 supra are only a part of the scheme involving an annual recurring cost of Rs. 2,80,000 for which I am expected to send in proposals. The details of the whole scheme will be submitted to Government immediately on receipt of their orders on this communication.

Orders have issued in G.O. No. 447, Home (Education), dated 22nd March 1921, sanctioning a portion of the subsidy required for the equipment of the schools referred to above. It now remains to sanction the balance of the equipment grant and the recurring subsidies for the maintenance of the schools. Necessary provision has been made in the budget for 1921-22. The month of April is now nearly gone and it seems desirable that orders regarding the utilization of this budget provision should issue as early as possible so as to enable the schools to start work soon. The Director of Public Instruction may be asked u.o. to send up his proposals in this regard as promised at A above.

The proposals are now being tabulated and will be ready for submission to Government in about ten days.

I
From the Director of Public Instruction, R.O.C. No. 447/20-W.B.,
dated 9th May 1921.

The proposals submitted with the letter read above relate only to girls' schools. They have been examined and found to be generally acceptable. Only in the matter of pay of teachers, the Director has added on to approved rates the sum of Rs. 5 which has been elsewhere suggested to be given in place of capitation allowance. The general question of abolition of capitation allowance and of substituting a fixed enhancement of pay has not yet been finally disposed of. But it is perhaps

unnecessary to await the disposal on it. We may sanction the pay of Rs. 16 to the teachers to be employed in these new girls' schools and of Rs. 16 or Rs. 19 as the case may be to the additional teachers to be employed in existing schools.

2. It seems better to obtain proposals for the 65 boys' schools also to the opening of which the Government have been committed in G.O. No. 447, Law (Education), dated 23rd February 1921, and pass consolidated orders. The Director of Public Instruction may be requested u.o. to expedite these.

E.A.V.—16-5-21. S.A.—16-5-21. C. RAMANUJA ACHARIYAR—17-5-21.

The Director of Public Instruction's proposals may be submitted in entirety.

From the Director of Public Instruction, R.O.C. No. 47820/20,
dated 20th May 1921.

The proposals are generally acceptable. One or two particulars however call for notice.

First, as regards the pay of teachers to be employed in the new schools as well as in existing schools, the Director has added on to standard rates a sum of Rs. 3 to compensate teachers for loss of capitation allowance. Orders have not yet issued on the general question of the abolition of capitation allowance and of substituting increased rates of pay therefor. For orders whether pending disposal of the general

question the enhanced rates of pay may be approved in respect of the schools in question. It may be observed that in

respect of girls' schools for the opening and strengthening of which proposals were recently received a similar course has been recommended for adoption and the file is now in finance.

Secondly, the Director of Public Instruction has provided for nine months' charges in his estimates. Submitted that it seems sufficient to allow eight months' charges as the schools won't be opened in any case earlier than the 1st July. The proposal may be otherwise approved with the concurrence of Finance.

FINANCE DEPARTMENT.

Please see the Finance Department notes on pages 9-12, 14-16 and 22-24 of notes to G.O. No. 447, Home (Education), dated 22nd March 1921. This department has agreed to a scheme of subsidies for the opening of elementary schools, provided the cost did not exceed 2-80 lakhs.

2. The Director of Public Instruction has now submitted proposals for the payment of subsidies and the cost involved is as shown below :-

	Lakhs.	Lakhs.
(A) Girls' schools—		
(i) Cost of equipment and the recurring cost of 383 girls' schools to be newly opened.	1.17	
(ii) For strengthening the staff in 94 schools ...	.19	
(iii) For raising the standard of 17 of the existing girls' schools.	.05	
(B) Boys' schools—		1.41
(i) Cost of equipment and the recurring cost of 65 boys' schools to be newly opened.	.15	
(ii) Strengthening the staff of existing elementary schools.	1.13	
(iii) Raising the standard of certain existing elementary schools.	.09	
Total ...	1.37	2.78

The total extra expenditure during the current year as calculated by the Director of Public Instruction comes to 2.28 lakhs as shown below :-

	Lakhs.
Girls' schools ...	1.25
Boys' schools ...	1.03
Total ...	2.28

In the case of recurring charges the Director of Public Instruction has calculated the charge for nine months and he says that the amounts may be placed at the disposal of the local bodies concerned with instructions to open the schools on the 1st June 1921 or as early as possible thereafter. Submitted that ~~as recommended by the Law (Education) Department in the linked file relating to boys' schools~~, it seems sufficient to sanction the subsidy on the assumption that the schools will be opened

P.L.M.—27-6-21. on 1st July. The cost during the current year will then be reduced by about 20 lakh (viz., from 2.28 to 2.08 lakhs).

The expenditure will be met from the provision of three lakhs in the budget for opening new elementary schools under the head '31-C (i) (iii). Education—Primary—Grants to local bodies for primary education'.

3. As regards the rate of pay allowed to the teachers, the Director has added on to the approved rates Rs. 3 per mensem to be given for each teacher in place of capitation allowance. This department has already considered that there is no objection to this—vide paragraph 4 (a) on page 11 of notes to G.O. No. 447, Home (Education), dated 22nd March 1921. The Director has also correctly omitted in the calculations, the temporary allowance of Rs. 4 per mensem sanctioned in G.O. No. 499, Finance, dated 1st June 1920, as the same was sanctioned only for one year (1920-21).

4. The case may be returned to Law (Education) Department with the foregoing remarks.

V.V.—24-6-21. J. M. HOOVER—25-6-21. P. L. MOORE—26-6-21.

LAW (EDUCATION) DEPARTMENT.

Since under the new Local Boards Act, district boards have been divested of all responsibility for the running of elementary schools and in view of the Madras Elementary Education Act which requires the formation by each taluk board of a

separate Education fund to which will have to be credited all grants-in-aid sanctioned by Government for purposes of elementary education, the subsidies now proposed to be sanctioned will have to be placed at the disposal of each taluk board and not of the district board. The Director of Public Instruction may therefore be requested u.o. to submit a statement showing the amount which has to be placed at the disposal of each taluk board. It is observed that with the introduction of the new Local Boards Act, a number of new taluk boards have been formed by the splitting up of some of the old taluk boards. In the statement it seems sufficient to include seven months' charges as the new schools are not likely to be opened before the 1st August 1921.

2. A draft u.o. note is submitted.

C. RAMANUJA ACHARIYAR-8-7-21.
R. RAMACHANDRA RAO-9-7-21.

With reference to the Director's letter above, it may be observed that, as under the new Local Board's Act, district boards have been divested of all responsibility for the running of elementary schools and, in view of the provisions of the Madras Elementary Education Act, which requires the formation by each taluk board of a separate 'Elementary Education Fund' to which will have to be credited all grants-in-aid sanctioned by Government for purposes of elementary education, the subsidies now proposed to be sanctioned will have to be placed at the disposal of each taluk board and not of the district board. It is observed that, with the introduction of the new Local Boards Act, a number of new taluk boards have been formed by the splitting up of old taluk boards. The Director of Public Instruction may therefore be requested u.o. to submit two statements—one for boys' and the other for girls' schools—showing the amount to be placed at the disposal of the taluk boards concerned. The statement need provide for only seven months' charges as the schools will not be opened before 1st August next.

C.R.-8-7-21. R.R.-9-7-21.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

U.O. Reply No. 352, dated 7th Octob r 1921.

Revised statements are placed below. They contain provision for only five months of the current year which will suffice on account of the delay in starting these schools.

In these revised statements a few omissions and additions have been made. In the original proposal an annual recurring subsidy of Rs. 768 was provided for the strengthening of the staff in the schools under the Guntur municipality. This has been omitted altogether as the municipality desires to run elementary education on 'national' lines, without aid from Government. The Kasragod Higher Elementary school in South Kanara for which additional staff was proposed is also omitted, since the school has been raised to a secondary school. Another school (O. Pathur) in Chingleput is also omitted as the Inspector has not furnished the name of the taluk board to which it belongs.

With reference to Government Memorandum No. 1930 A-3, dated 18th July 1920, the Karnam street school in Parlakimedi municipality is included in the A statement with an annual recurring subsidy of Rs. 576 and cost of Rs. 240 for the current year. Secondly, with reference to the Director of Public Instruction's letter R.C. No. 7819 dated 12th August 1921, addressed to Government with reference to Government Memorandum No. 14212-1/L & M., dated 25th July 1921, provision for an additional teacher on Rs. 15 per mensem is made, for the Municipal Elementary Oddar school, Admi. All other proposals embodied in the original statement have been retained.

I am still awaiting an answer to a reference I made on this matter from the Inspector of School, Guntur and Nellore. When he replies a supplemental list will be submitted to Government.
