[Despatch Abstract.]

Scholarship-----Architectural--this Governments inability
to recommend a suitable candidate for -- Director General
of Archaeology--informed.

ES. NO. 2431 B 1
No. 84-284/e

FROM

SIR JOHN MARSHALL, Kt., C.I.E., Litt. D., F.S.A.,

Director General of Archaeology in India,

TO

The Secretary to the Government of Madras,
Home (Education) Department, Madras.

Dated Simla, the 24 Nov. 1920.

SIR,

With reference to the Government of India, Department of Education Resolution No. 419-435, dated the 19th September 1913, I have the honour to state that a scholarship for the training of an Indian student in architecture is now vacant, and I am to request that you will be so good as to nominate a suitable candidate for the same.

2. The conditions for the grant of the scholarship have been slightly amended since 1913 and are at present as follows :—

- (a) The scholarship will be of Rs. 100 a month for the first, Rs. 125 for the second and Rs. 150 for the third year; should it be extended beyond the third year, it will remain at Rs. 150. The cost will be defrayed, as before, from Imperial revenues.
- (b) The scholarship will be granted for architectural training at the office of the Consulting Architect to the Government of Bombay (where the scholar will also attend the architectural classes at the Sir J. J. School of Art), and subsequently in the Archaeological Department. Provided that the scholar shows special aptitude for archaeological work his scholarship, which in the first instance will be given for one year only, may be extended to two or more years, according to the discretion of the Director General of Archaeology.

3. Ordinarily the candidate for a scholarship must have taken the B. A. or other equivalent degree in an Indian University, but these qualifications, may be dispensed with in an exceptional case. He must produce a medical certificate of physical fitness to undergo the proposed courses of study at Bombay.

4. The final selection of the candidate will rest with the Government of India.

5. The candidate when selected will have to proceed to Bombay and report himself to the Consulting Architect to the Government of Bombay, and his scholarship will be payable from the date of the report of his arrival in Bombay.

6. I take this opportunity to explain that the intentions of the Government of India are not that the scholarship should be a living wage, but that it should help the student in his career. It is requested, therefore, that no candidate be nominated who does not possess some means of livelihood other than those to be drawn from the scholarship.

7. I am further to explain that although no guarantee can be given as to the employment of an *ex*-scholar in Government service, nevertheless Government is anxious to secure promising Indian recruits for the Archaeological Department, and should a scholar prove himself capable of good work, there is every prospect that he will find an opening in this Department. The nomination should reach this office not later than the 1st February 1921.

I have the honour to be

SIR,

Your most obedient servant,

J. H. Marshall

Director-General.
