No. 1140
 Government of India,
 Department of Education
 (Education)

Simla, the 9th September 1920.

H. Sharp, C.S.I., C.I.E.,

Secretary to the Government of India,

To

The Secretary to the Government of Madras,
 Home (Education) Department.

Sir, (LD)

In continuation of this Department letter no. 697, dated the 9th June 1920, I am directed to forward a copy of a despatch from the Secretary of State for India No. 5-Public (Students), dated the 29th July 1920, on the subject of the increase in the allowances of Government of India scholars.

2. The Government of India will be glad to receive the views of His Excellency the Governor in Council on the suggestions made by the Secretary of State in paragraph 5 of the despatch in respect of the provision of a certain sum by all scholars to provide for initial expenses. In the meantime, any scholars proceeding to England should be warned of the estimated increase required for out-fit.

3. I am also to invite special attention to paragraphs 6 and 7 of the despatch and to request that the Government of India may be informed at an early date whether the local Government agree to Mr. Abdul Hamid being paid at the increased rates with effect from the 1st April 1920.

I have the honour to be,

Sir,

Your most obedient servant,

H. Sharp.

Secretary to the Government of India.

India Office, London,
29th July 1920.

Public (Students),
No. 5.

To His Excellency the Right Honourable the Governor
General of India in Council.

My Lord,

I have recently had under consideration representations which have been received from Government of India scholars studying in the United Kingdom as to the insufficiency of the amount of their allowances in view of the high cost of living now prevailing in this country.

2. As Your Excellency is aware, the rates of allowances previously paid were as follows:—

- (1) To technical scholars—150l. a year *plus* 20 per cent. war bonus, in addition to fees, travelling expenses, premiums, &c., in accordance with the rules;
- (2) To scholars at Oxford and Cambridge Colleges—250l. a year *plus* 20 per cent. war bonus;
- (3) To non-collegiate scholars at Oxford and Cambridge—200l. a year, *plus* 37½ per cent. war bonus;
- (4) To scholars, other than technical, studying elsewhere than at Oxford and Cambridge—200l. a year *plus* 15 per cent. war bonus.

3. From the representations which have been addressed to me by the scholars themselves and from enquiries which have been made of the Local Advisers and other responsible persons who have a knowledge of the needs of Indian students in the United Kingdom, it is clear that the allowances mentioned in the preceding paragraph are now insufficient to meet the scholars' necessary expenses, and that a substantial increase in the rates is called for, if they are to pursue their studies unhampered by financial anxiety, which must necessarily detract from their work. I have therefore decided that, with effect from 1st April last, the rates of allowances shall be increased as follows:—

- (1) To technical scholars—200l. a year *plus* 25 per cent. war bonus, in addition to fees, &c.;
- (2) To scholars at Oxford and Cambridge Colleges—300l. a year *plus* 15 per cent. war bonus;
- (3) To non-collegiate scholars at Oxford and Cambridge—250l. a year *plus* 20 per cent. war bonus;
- (4) To scholars, other than technical, studying elsewhere than at Oxford and Cambridge—250l. a year *plus* 20 per cent. war bonus.

4. These rates apply only to male scholars and do not affect the women scholars whose allowances have already been increased to 300l. a year *plus* 15 per cent. war bonus with effect from 1st April 1920 (*vide* my Despatch Public (Students) No. 3, dated 6th May 1920).

5. In coming to this decision I have not overlooked the possibility of calling upon a scholar's parents to provide funds to supplement the allowance paid to him by Government. That question has several times been considered in the Indian Students' Department at this Office, but the suggestion has

Sir,

With reference to Government endorsement No. 1881-II/20-1 dated 27-9-20 on the subject of increasing the amount of deposit to be made by all State - Scholars for initial expenses, I have the honour to state that my Department is concerned only with technical scholars who are, in accordance with the rules ~~now~~ in force, required to deposit £15/-. I consulted the members of the Board of Selection in order to ascertain their views on the question. Out of the eight members who constitute the Board, two have not yet - replied to my communication and four are in favour - of the proposed increase. The other two members are

for increasing the present amount of deposit to 25 and 30 £. The one does not assign any reasons for his view whereas the other is of opinion that in some cases the proposed increase would certainly cause some hardship.

2. In view of the fact that the value of the scholarships has recently been appreciably increased, I consider that the amount of deposit may be increased to £40/- in the case of technical - scholars. I may state in this connection that the Madras Students' Advisory Committee are in agreement with these views.

1884 The Govt. of India ~~again~~ invite the
views of this Govt. on the suggestions
of the Secretary of State (1) That State scholars

This Dept. may agree to the suggestions and the Govt. of India may, it is subd., be informed accordingly.

11/2/19

2 The Students' Advisory Committee and the D.P.D. state that Muhammad Abdul Hamid, who is studying at Balliol College, Oxford, with a Provincial Scholarship might be given the enhanced rate of allowance, viz., £300 a year plus 15 percent war bonus, or a total of £345 per annum. The D.P.D. says that the extra cost can be met from the allotment for scholarships in the current year's budget. The increase in the allowance may be agreed to in this Dept.
