Sir,

I am directed to refer to this Department letter no.263, dated the 21st February 1921, on the subject of non-cooperation in educational institutions.

To The Secretary to the Government of Madras,
LAW (EDUCATION) Department.

Sir,

With reference to Government Endorsement No. 2909 A-1, dated 22nd June 1921, I have the honour to report as follows :-

In reply to a circular from this office returns from 406 institutions showed a total strength of 110,562 students on the rolls on the reopening day after the summer holidays. 23 institutions lost 487 students on account of the Non-cooperation movement. Out of these, 263 were from the Madrasa Islamiah College, Vaniambadi, 94 from the Christian High School, Udipi, 65 from the C.M.S. College, Masulipatam and 14 from the National High School, Palghat. The present strength of the Islamiah College, Vaniambadi is 124. The Christian High School, ^{Udipi} has regained its normal strength on account of new admissions. The Government is already aware that the George Middle School, Kallidaikurichi, has become 'nationalised'.

Total no. of institutions 406
Total strength 110,562
Students lost 487
Total strength after loss 109,075

I have withdrawn its recognition. There is a decrease of 45 and 40 in the two high schools at Chidambaram but it is reported that it is probably not due to the Non-cooperation movement.

Godavari and Kistna are the two districts which appear to be most widely affected by the Non-cooperation movement. In other districts the disease appears to be confined to small areas or to particular sections of the community. In Malabar it is reported that the movement has affected only the Mappilla elementary schools and in Tanjore, the Tirukattupalli High School seems to be full of the Non-cooperation atmosphere though the strength of the institution remains normal.

In conclusion I beg to state that on the whole the Non-cooperation movement has not in general very much affected the educational institutions in this presidency. Demand for admission into schools and colleges remains as keen as ever and the strength of the institutions is fairly normal.

There is however a tendency in some areas to introduce the spinning wheel in schools mainly for the purpose of indicating the general political sympathy which its advocates have toward some, if not all, of Gandhi's Kalidasopic doctrines.

I have the honour to be,

S i r,

Your most obedient servant,

for Director of Public Instruction.
