The attention of the D.P.I is invited to the allegation ^(made) in a letter written by Mr. C. Rangamathur published in the issue of the Hindu of the 14th October 1921 ^{that out of the 25 schools} ~~regarding~~ which were benefited by the distribution of the sum of Rs. One lakh sanctioned by Govt towards the enhancement of the pay of teachers in aided secondary schools, did not cost ^{Rs. 25-10-2} anything to the respective managements and that the Govt grants alone were distributed among the teachers.

Station M a d r a s, Dated the 31st October 1921From (Name) R. Littlehailos Esq., M. A., M. L. C.,(Designation) Director of Public Instruction,
Madras.To The Secretary to the Government of Madras,
Law (Education) Department.

Sir,

I have the honour to address Government on the subject of the distribution for the current official year of the special subvention of 1 lakh for the improvement of the pay of teachers in aided secondary schools, sanctioned last year in G.O.No.1486 Home(Edn) dated 11th December 1920.

2. In para 3 of the order referred to above, Government called for a statement showing the actual increase to the salaries of the teachers employed in the various institutions effected with the aid of the special grant and the proportion of the increase met either from the manager's own funds and by an increase in the rates of fees levied from the pupils. The statement required being so detailed is not yet complete but will be submitted --

shortly. I would, however, point out that any adjustments that may be deemed necessary in the distribution of the special grant owing to the managements of some of the schools not having carried out correctly the orders of the Director will be made in this year's distribution. In other respects, it is proposed to follow the same distribution as that of last year. If the distribution for this year is delayed until after --- Government has reviewed the statement of distribution of last year's grant it may not be possible for all the schools (to draw the money) before the close of the financial year. I therefore beg to request that I may be permitted to proceed with the distribution of the special grant this year. On this early orders are requested.

3. The necessary provision for the expenditure in question exists in the Civil Budget Estimate for 1921-22 under "31. Edn. B. Secondary-Direct Grants to Non-Government Schools-Non-European Schools-Transferred-Voted-Teaching Grants to Secondary Schools for Boys"

I have the honour to be,

Sir,

Your most obedient servant.

ON LAKH OF RUPEES TO AIDED SECONDARY SCHOOLS.

Sir.—The Honourable Minister of Education, in his reply to the Deputation of the Missionary Educational Council of South India, stated that the grant of one lakh of rupees sanctioned last year outside the provisions of the Grant-in-aid Code was to be continued this year too. There is so much of mystery about the way in which this one lakh was distributed among the aided schools. Only 25 institutions received the benefit of the grant. The rest had not even a pie of it. though they had sent proposals to the Director of Public Instruction for increasing the teachers' salaries in view of the special grant. Although it was made known in the Circular letter by the D.P.I. that only those schools would participate in the grant the management of which was prepared to meet a portion of the increased cost of salaries, the fact remains that several of the 25 fortunate schools did not cost anything to the respective managements, and the Government grants alone were distributed among the teachers at the end of the year. Yet the reply to further representations from disappointed managers was to the effect that their application could not be favourably complied with owing to the managers' inability to share any further expenditure.

Now is the same attitude on the part of department to be maintained this year too? Are the very same 25 schools to be lucky enough to share in the one lakh sanctioned for this year? Or, is this to be divided among the other schools that have not had the benefit in the preceding year? If the answer to the former question is in the affirmative, what is to be the fate of the other than 25 above named secondary schools. If the answer to the latter question is in the affirmative, what about the teachers in the 25 secondary schools that received increases in the previous year? Are their increases to be discontinued because the grant this year is not to benefit them? Or, is last year's grant merged in the recurring grants to schools, while this year's is to benefit another set of schools?

It is hoped that these questions will be answered by the Department through the Publicity Bureau to relieve the anxiety and suspense of teachers in the service of aided Secondary Schools.

Abstract.

Law (Education) Department
G.O.No.1621, dated 14th November 1921.

Read the following:-

G.O.No.1486 Education, dated 11th December 1920.

From the Director of Public Instruction, No.3718/20, dated
31st October 1921.

ORDER

In the circumstances stated by the Director of Public
Instruction, the Government approve his proposal to distribute
the special grant of Rs. One lakh included in the provision of
4.51 lakhs in the current year's budget estimate under 31 B(b)
Education-Secondary-Direct grants to non-Government secondary
schools for boys towards the improvement of the pay of teachers
in aided secondary schools. The general principles indicated
in paras. 2 to 4 of G.O.No.1486 Home (Education), dated
11th December 1920, should be enforced.

2. The statement promised in para. 2 of the Director's
letter is awaited. The Government consider that while the
principle followed should be the same it is desirable other
institutions also should be examined in view of numerous
references made on the subject of distribution. Unless the
management is able to allot from its funds and has allotted
the necessary funds, the institution should not be selected for
aid as it works to the detriment of other institutions.
