SENATE HOUSE, 17th October 1921.

Enclosures.

FROM

FRANCIS DEWSBURY, ESQ., B.A., LL.B.

Registrar, University of Madras,

TO

The Secretary to Government,

Law (Education) Department.

Sir,

I have the honour to inform the Government that the following resolutions inter alia were adopted by the Senate on the Calcutta University Commission Report at its meetings held on the 4th and 5th March 1921:-

The file on the subject is being over-seeing. Copies of the Committee report to be affixed by S. B. B.

- (1) That in the opinion of the Senate it is desirable to remodel the Intermediate courses in such a way as to provide
 - (a) for the completion of school education at the Intermediate stage with a view to technical training and commercial life and the like;
 - (b) for further education in University degree courses.
- (2) That the control of the Intermediate courses and examination as contemplated in the resolution already adopted be vested in the University.
- (3) That, in order to give effect to Resolution (1), the Syndicate be requested to appoint, after consulting the Boards of Studies, a Committee to frame the necessary courses of study, and that the courses so framed be placed before the Senate for adoption.

In accordance with resolution (3) above, the Syndicate, in consultation with the Boards of Studies, has appointed a representative committee consisting of the ladies and gentlemen

named in the list enclosed to frame the necessary courses of study for the Intermediate Examination in Arts and Science which are proposed to be remodelled.

Some members of the Committee are mofussil residents, and have therefore to incur travelling expenses when attending the meetings of the Committee which will be held in Madras. The Syndicate has resolved that these mofussil members (some of whom are either Fellows or members of Boards of Studies) should be paid travelling and halting allowances at the usual University rates sanctioned by Government for Fellows etc., and that these expenses be met from the Government Contribution Account. I am accordingly to request that the Government will be pleased to accord sanction to the payment of these travelling and halting allowances from the Government Contribution Account. I may add, for the information of Government, that similar sanction was accorded in G.O. No. 267 Mis., Education Department, dated 11th March 1915 in respect of the travelling allowances of the members of the Committee appointed to consider and report on the modifications required in the regulations relating to the examination for titles in Oriental Learning.

The University rates of travelling and halting allowances will be found in the accompanying bill form.

I have the honour to be,
Sir,
Your most obedient servant,

Francis B. S. S. S.

FROM

FRANCIS DEWSBURY, ESQ., B.A., LL.B.

Registrar, University of Madras,

TO

The Secretary to Government,

Law (Education) Department.

S i r,

With reference to my letter No. 9823, dated 17th October 1921, stating that in accordance with a resolution of the Senate the Syndicate had appointed a representative Committee to frame remodelled courses of study for the Intermediate Examination in Arts and Science, I have the honour to request that very early orders may issue upon the proposal that the travelling and halting allowances of the members of the Committee may be paid from the Government Contribution Account.

I may add, for the information of the Government, that this Committee has already met and held its first sittings on the 4th and 5th November 1921, when a number of Sub-Committees were appointed to consider specific proposals for new courses in various subjects: that these Sub-Committees have been requested to report by a fixed date: that arrangements have already been made for the next meeting of the main Committee to consider these first reports: and that travelling expenses will be and have already been incurred by members of the Committee who are now waiting payment.

The Committee was convened in anticipation of the

The expenses of Fellows, and of Members, of Faculties or of Syndicate travelling to attend meetings of the Senate, Faculties, and Syndicate, respectively, shall be paid at the following rates:—

For all journeys performed by rail—one first-class fare each way for a Fellow or a Member of a Faculty or Syndicate and an additional allowance of Rs. 4 for each 100 miles or part of 100 miles in excess of the first 100 miles of journey.

For all journeys by established motor-car or steam boat services open to the public—double the first-class passenger fare or at the rate of 8 As. per mile whichever is less is allowed.

For all other journeys performed by road, canal, etc.—8 As. per mile.

For each day necessarily spent at the destination for the conduct of University business and for each day on which detention in Madras is necessary in the interests of the University—Rs. 6.

Attention is directed to the following resolution of the Syndicate:—

'Resolved that detention allowances for a period intervening between different meetings or between distinct matters of University business be paid only if the previous sanction of the Syndicate to the halt has been obtained or if the period of halt is insufficient for the accomplishing of a return and a second journey.'

sanction of the Government to the payment of travelling expenses from the Government Contribution Account in view of the precedent referred to in my previous letter, when Government sanctioned similar payments from the Contribution Account to defray the travelling expenses of members of another Committee appointed to remodel the courses for Oriental Titles. The Syndicate assumed that the funds provided to meet the cost of Fellows and members of Boards of Studies travelling to Madras for University meetings would also be available in the case of committees appointed at the wish of the Senate for similar University business.

I have the honour to be,

Sir,

Your most obedient servant,

C. 3112 B - From the Registrar, University of Madras No 9823 & 17.10.21

Subject Travelling allowances to members of a Committee appointed by the Senate

Attention is invited to the notes on pages 6 and 7 of G.O. No. 267 dt. 11.3.15 from which it will be observed that the payment of T.A. to ~~some~~ persons other than Fellows of the University engaged in university work from the Govt. Contribution Account is permissible. Sanction may therefore be accorded to the payment of T.A. to all the members of the proposed Committee even though some of them are not Fellows. A draft order is subd. for approval. It may be sent to Finance for acceptance.

22.10.21

It should be noted that this Committee will await the publication of the report of the Committee the Govt. have decided to appoint to

Govt having appointed a Committee
which will go into this matter &

it seems advisable another Committee
of the University should consider the
same question -

Govt Committee includes most of the
people nominated to the Committee of the
Syndicate -

There is no wisdom in this Committee
going into the details of remodelling
the Intermediate course when the
question whether Intermediate course
is part of the University or High School
course -

The University might prefer that this
Committee should prepare its work till
Govt Committee reports.

Govt is not prepared to sanction any
course now. It is work of many
on both sides.

If the University nevertheless goes on with its
Committee, the J.C. will be saved by Govt.
The present report is an ancient history.

25/10/24

By the Council & by the Senate, I saw this file now.
The Senate, the University, makes has resolved that
the Intermediate course should be remodelled & that the
University should have control over it. It was a decision
to the Syndicate that they should appoint a Committee to
make considered proposals as to such remodelling. After
considerable due deliberation the Syndicate has now
appointed a Committee who will consider the question
more from an Academic point view. Though the
work of this Committee may to some extent overlap the
work of the Government Committee, the considered conclusions
of the former Committee should be of very considerable
help to the Government. It is further proper that the
matter which is of vital concern to the University should
be carefully considered by the Senate on a report, their
own Committee. I understand the Committee appointed
the Syndicate will commence its work very soon & it is
obvious that that Committee has in many matters
practical questions in connection with the work
of them. Not much advantage will be gained by starting
the work of the Committee now & starting them on again
after the Government Committee reports. After all it must be
remembered that in any such remodelling the Senate will
have to take the initiative in so far as the
Academic study of those courses is concerned.

The main question referred to Govt

May Hon. College C₄ shamefully contended
that the travelling allowance had to be
sanctioned out of University funds when
His Excellency ^{expressed} ~~was~~ against the grant
under the circumstances explained and ~~advised~~ the order to be
amended. It happens now that the travelling allowance
is sanctioned out of Govt Contributions
to travelling allowance for Fellows & Board of
Studies. Under neither head this
Committee falls. The travelling allowance
will not be sanctioned out of the fund.
It seems to have been that this Committee
was not considered at all ~~that~~ till the Govt Committee
was announced and appointed. The duties fully
overlap admittedly. Govt Committee would go
into the matter more fully, both in its academic
and administrative course. Most of the members are common.
The Syndicate took no action whatsoever since March.
The whole question of Intermediate Course will
have to be decided by the Govt Committee

now. The Syndicate had no right
to assume Govt and support
them in a matter which on
the face of it ~~shows~~ discloses
no need whatsoever for the
Committee going into the matter.

Govt funds should not be utilised
for a purpose which is entirely
different from the original object.
The Board of Studies is a different
body.

I told my hon. College that ~~he~~
should not expect Govt to commit itself
to this very wrong course of the
Syndicate.

The draft was ordered to be

margin & as amended may issue.
University may pay out of its own
