STATEMENT OF THE OBJECT AND AN APPEAL ON BEHALF OF THE CIVIL ORPHAN ASYLUMS.

The MADRAS CIVIL ORPHAN ASYLUMS consist of—

1. The St. Mary's Church Charity School (founded 1715).
2. The Male Orphan Asylum (founded 1807).
3. The Female Orphan Asylum (founded 1810).

The final amalgamation of these institutions took place in 1872. They are not Government institutions. They since 1715 without a break gratuitous education, board and lodging have been provided for the orphans of Europeans and their descendants who are not eligible for admission into the Military Asylums in the Presidency. The institutions have thus stood the test of time and continue to retain public confidence.

The necessity, character and scope of the work done are well known to the general public in Madras City and in the mufassal, although the help received is practically confined to the residents in this City. Orphans throughout the Presidency are eligible for admission and this is well known in the mufassal, as is proved by the fact that numerous applications for admission are received from the various stations outside Madras.

The institutions are at present in a financially critical position as may be seen from the Audited Report which shows a debit balance at the end of the year 1920-21 of Rs. 12,889.

In addition to this it must be pointed out that, owing to an increase in the diet scale and the extra cost of provisions due to the high prices prevailing, the Directors have been forced to budget for a deficit for 1921-22 of Rs. 20,000. Unless this sum is made up by our supporters the Directors will have to consider the advisability of reducing the number of children, which would be a calamity.

The Directors therefore earnestly request the *Clergy in the Presidency and mufassal* to bring before their people the necessity of helping this institution and to make periodical collections in their churches on behalf of the Asylums.

There are many people in Madras who do not subscribe but who would be glad to do so if invited.

It is sincerely hoped that this appeal will reach them and that they will generously respond.

Donations and subscriptions should be sent to the Honorary Treasurer c/o Messrs. Binny & Co., Madras, or to the Principal, Madras Civil Orphan Asylums, Kilpauk, Madras.

DIRECTORATE.

At the Annual Election for Directors in 1920, Mr. J. G. Conran was re-elected and Mr. R. A. Carson was elected.

FINANCE.

The receipts for the year amounted to Rs. 52,739 and the expenditure to Rs. 65,628, leaving a debit balance of Rs. 12,889. The average number of children supported was 158 for the year at a cost of Rs. 35 per cap per mensem including everything.

SUMMARY OF THE HONORARY SECRETARY'S REPORT FOR 1920-21.

I shall not attempt to give a full report of the condition and work of the Asylums during the year 1920-21 as there is so much that I wish to say that it would probably prove tedious if a full report were read out. I shall therefore content myself with just touching on the various items and shall leave the details until the Annual Report is published.

The year under report has proved another landmark in the history of the institution in that the school has been raised to the grade of a High School, thus helping the pupils to compete on more favourable terms with the scholars of other schools when seeking employment. We have to thank Her Excellency Lady Willingdon and the Director of Public Instruction for their interest in bringing about this desirable result. Many changes have taken place in the staff during the year. The most important are as follows:—The Rev. H. E. Dodd, Principal since 1917, left Madras in May last on furlough prior to retirement. The Rev. Arthur Price took charge in June as Honorary Secretary and acting Principal.

Mr. A. P. de Bruin, Headmaster, resigned in October 1920 and has been succeeded by Miss Lloyd who came to us from the Collegiate School in January 1921. Miss Lloyd's wide experience and her record as a teacher will have the effect of greatly improving the tone of the school.

The eighth standard was opened at the beginning of the present term and we hope to open the ninth standard next January.

The advance in grade has necessitated the appointment of a Science Master and a Domestic Science Mistress.

The domestic staff has been reduced and the kitchens of the two Asylums have been combined under one Matron, thus effecting a slight saving to the management.

The diet scale has been revised and very much improved so that it now compares very favourably with that of any European school in India. This, together with the high cost of provisions, has involved a considerable increase in expenditure, but the children's monthly weight book has proved conclusively that the Directors were justified in revising the scale.

In matters of education we cannot show great results this year. So many changes in the staff have taken place that it was impossible to expect any good results at all. However, Russell Scriven passed the Middle School Examination and Margaret Cacacie obtained a certificate in Typewriting. The children also did well in the Diocesan Examinations in religious instruction.

As the whole establishment and system have been reorganized, we hope the results next year will show a great improvement.

In sports and games the children have maintained their reputation. The girls won the Y.W.C.A. badminton shield and in the European Schools Athletic Sports they won the 100 yards shield and for the second year in succession the Championship shield. In addition to these, both boys and girls have won many individual prizes.

Under this head, I desire to express my thanks for the very generous response to my appeal for sports material. These gifts have already been acknowledged in the local papers, but I should like to mention particularly Her Excellency Lady, Willingdon for her gift of Rs. 1,000, the United Planters' Association of South India for a cheque for Rs. 115 and especially the old boys and girls of the Civil Orphan Asylum who sent us more than Rs. 200 worth of sports material. Generous gifts were also received from the various firms in Madras.

The band of the school has greatly improved under its energetic instructor, Band Sergeant Carr, who has the happy

gift of imparting his own keenness and energy to the boys themselves. Two new instruments have replaced some of the old ones but several new instruments are badly needed to replace those which are quite worn out and to complete the number necessary. Funds for this purpose are much needed and will be gladly welcomed. The band boys have also been supplied with new uniforms and we hope soon to be in a position to accept outside engagements.

The school was inspected during the year by many friends of the institution and all expressed the opinion that all possible is being done to improve the status of the school and the condition of the children.

I cannot resist quoting two opinions as recorded in our visitors' book. Lady Willingdon—"I was most interested in my visit, and all the children looked well and happy, but I should like to see them in a much better building on more modern lines with electric light, good sanitation, etc. Also, I should like to see them educated up to a higher standard so as to help them in after-life."

Mr. H. Y. Necker—"The Rev. A. Price, Honorary Secretary, kindly took me all over the institution on Saturday, July 17, 1920. I enjoyed my visit very much. It enabled me to realize more than I have been able to before how much has been done in the direction of organization and supervision and also how many urgent needs those in executive charge still have.

The chief needs seem to me to be :—

- (a) Extensive repairs to the buildings.
- (b) A further supply of clothing.
- (c) A renewal of enamelware and cutlery in the boys' refectory.
- (d) A supply of clothing and other necessities in the Infirmary.
- (e) Provision of material for games.
- (f) Provision of reading rooms and of class libraries.

I trust I shall be pardoned if I remark that the children's orderliness and cheerfulness struck me as evidences of the two essential factors of discipline, firmness and kindness. It is often difficult to attain this in such an institution, which fact is my apology for commenting upon it."

I am glad to report that many of these requirements have now been supplied, such as, clothing and food utensils. The material for games were supplied by friends of the school. The hospital has received many gifts from the Red Cross Society and three beds have been fully equipped on each side for boys and girls. The extensive repairs will cost at the lowest estimate I can obtain, about Rs. 50,000, if all the necessary repairs are carried out, and the provision of reading rooms and class libraries is at present but a dream which will only materialise when some Fairy Godmother waves her magic wand over some generous hearts.

The scouts and girl guides under the command of Captain Guthrie and Miss Wernigg respectively have done quite good work during the year and they attended all the Rallies and inspections during the visits of His Royal Highness The Duke of Connaught, and Sir Robert and Lady Baden Powell.

The institution is very much handicapped in not possessing a conveyance of any sort. Mr. Warbrook of Messrs. Massey & Co. and Messrs. Binny & Co. have very kindly lent us their motor lorries on several occasions and certain members of the Madras Club on one occasion took the whole institution including the staff to the circus. I need not offer any special thanks to these friends, as the appreciation shown by the children themselves on each occasion must have conveyed more than any expression on my part could possibly convey.

Other friends have frequently taken out many of the children and especially Mrs. Thonger who, on one occasion, entertained all the girls at her house.

These occasional outings do an incalculable amount of good to the children who otherwise would be condemned to

contemplate the uninteresting brick walls of the compound throughout the year. Mr. J. H. Melville inspected the school in February. His report has not yet been received and so I cannot tell you what his impressions were. I hope, however, that he appreciated my attempts to show him what wonderful things we intend to accomplish in the near future. This Report since received, states that the work of the school is satisfactory.

Now we come to what is generally considered the most important item in a report—Finance.

The total income from all sources amounted to Rs. 52,739

The expenditure amounted to „ 65,628

This shows a debit balance of „ 12,889

The cost of maintenance per head amounted to Rs. 35 per mensem.

The average number of children resident during the year being 158.

I gladly take this opportunity of thanking the promoters of the Pastoral Fair for their splendid gift of Rs. 11,000, and especially Mrs. A. P. Symonds to whom the Asylums owe their grateful acknowledgment. Most institutions are at present suffering from lack of funds, but I feel sure that if the residents of Madras realize the great necessity of supporting this, the oldest of its kind in Southern India, they will come to the rescue nobly and willingly.

Before I come to the last item, I should like to thank the members of the staff for their loyal co-operation. There is much uphill work before us, but I firmly believe that the staff will support me in everything that makes for efficiency and for the good of the children and the institution generally.

In this respect, it would be unkind to single out names for special mention, but I feel that the whole staff will be with me, when I say that we owe an enormous debt of gratitude to Mr. Ross-Chisholm, our Domestic Sergeant. In addition to his ordinary duties, he has helped tremendously as an architect

and surveyor, but his chief aim in life seems to be to help the Principal in every possible way, and on many occasions his interest in his work and his readiness to help have solved what might have proved a very difficult problem.

In conclusion, I should like to refer to the changes in the Directorate. For a short time we shall lose the services of our Honorary Treasurer, Mr. A. P. Symonds, but we wish him a pleasant holiday and a complete rest and shall look forward to his return from home eager once more to open a campaign against the Bank balances of the residents of Madras and the mufassal. Mr. W. A. Turner has very kindly agreed to act as Honorary Treasurer in the meantime.

In February last the oldest member of the Board, Mr. E. V. Beeby, passed away. For very many years Mr. Beeby took a keen interest in the institution and even up to the end of last January, his chief pleasure was to visit the Asylums and ask to be allowed to do something to help us.

The Ven'ble Archdeacon Cox has also left the Board. His work as Chairman of the Directorate is well known to all who are interested in the Asylums. Another member and indefatigable worker will soon be leaving us the person of Mr. St. Leger. The boys will tell you all about him. My chief complaint is that when Mr. St. Leger enters the compound, discipline flies out at the back gate. Our deepest thanks will follow him to England, and the children will join with me in hoping that the closing years of his life will be made all the happier by the recollection of the excellent work he did for the Civil Orphan Asylums.

ARTHUR PRICE,
Principal and Secretary.

APPENDIX A.

The Annual concise report of the Hospital attached to the Civil Orphan Asylums, Madras, for the year 1920.

1. *General health.*—The general health of the institution, as judged from admissions in the hospital, was not so satisfactory during the year under report as during the previous year. This was mainly due to a general outbreak of catarrhal ophthalmia which alone accounted for 141 admissions in the in-patient department against nil under that head in the previous year. Apart from this the health of the institution compares favourably with that of the previous year.

There were 326 admissions in the in-patient department with a daily average of 8.37 against 254 with a daily average of 5.54 in the previous year. The disproportionate increase in the daily average during the year under report is partly due to long detention of influenza cases in hospital to avoid further complications and partly due to the persistent nature of the majority of cases of sore-eyes.

Of these 326 admissions during the year 141 were for eye disease, as noted above, 70 for influenza, 27 for skin diseases, 20 for diseases of the connective tissue, 19 for diseases of the digestive system, 16 for pyrexia of uncertain origin, 13 for general and local injuries and the rest for other minor ailments.

Eleven children were sent to other hospitals for treatment against 7 in the previous year. Of these 11 cases, 8 were sent to the General Hospital for the following complaints :—4 for diseases of the respiratory system, 2 for local injuries, and 2 for influenza with lung complications; two children were sent to the Ophthalmic Hospital for eye disease and one to the Maternity Hospital for acute bronchitis.

There were no deaths among the children of the institution. Five hundred and five children were treated in the out-patient department for various minor ailments against 482 in the previous year.

2. *Diets.*—The scale of diet was revised and greatly improved during the year under report. The effect of the change in diet was checked by the periodical weighing of all children in the institution. The result was found to be quite satisfactory.

3. *Hospital buildings.*—The main building and two isolation sheds were in good state of repairs. General repairs and annual white-washing were done during the year.

4. *Epidemics.*—The epidemics during the year were those mentioned in paragraph 1 supra, namely, catarrhal ophthalmia, influenza, skin diseases and pyrexia of uncertain origin.

5. *Cost of medical and surgical supplies.*—This is not known as the bill from the Government Medical Stores is not received up to date.

6. *Staff.*—Lieut.-Col. H. Kirkpatrick, B.A., M.B., I.M.S., Superintendent of the Government Ophthalmic Hospital, was in medical charge of the institution till 18th March 1920, when that officer left on leave and Major R. E. Wright, B.A., M.D., D.P.H., I.M.S., took over charge and continued throughout the remainder of the year. Mr. C. M. Philip, L.M.S., Assistant to the Presidency Surgeon, Third District, Madras, was in sub-medical charge except for a period of about one month when Mr. Saiyid Ghulam Husain, Assistant to the Presidency Surgeon, Second District, Madras, was acting. Nurse P. Browne was attached to the hospital during the year and her works satisfactory.

7. *General remarks.*—The sanitary condition of the main building and outhouses was satisfactory. The efficient drainage of the compound is a problem which still remains to be solved. This opportunity is taken to gratefully acknowledge with thanks the valuable gifts to the hospital, of furniture, articles of bedding, toys, etc., by the branch of the RED CROSS SOCIETY in India, and to thank the several other kind-hearted ladies and gentlemen who have in the shape of gifts and advice helped to improve the condition of the sick children in the hospital.
