I find that the Military works
Department intended to improve the roofs
which leak very badly; With them this item
is budgeted for under Major works. I request
therefore that the Rs 5000 in P.W.D. Budget
under Major works may be re-appropriated
or transferred to "Special Repair" to enable
these ^{most} necessary improvements to
be carried out.

It is in fact very little use doing
Annual Repair such as painting, colour

and whitewashing until the roofs which
leak like sieves are first repaired.

The Rs 50,000 can be spent this
year if orders are given at once.

The school holidays are in
December and January and work must
be done ^{then} ~~at once~~. Early orders are requested
so that materials can be collected this
month; also an overseer appointed.
Orders so far received are for ^{community} ~~grant~~
~~on~~ with annual repairs, grant
Rs 44,000 of which we estimate Rs 38,000
can be spent.

Sir,

Reference:- Your Memo No. 7125 C., dated 20-9-1921.

In para 1 of G.O. No. 1177 Law, Education, dated 16th
August 1921, the Government have stated that they are unable
to give administrative approval to the various schemes of
the Committee of the Lawrence Memorial School for the Improve-
ments of the school building and other works until the pro-
vincialisation of the school has been definitely approved
by the Secretary of State. But permission was granted

granted for preparation of plans and estimates for the most urgent requirements of the school. The Executive Engineer, Nilgiris Division, in para 3 of his No.1478 S.E., dated 9-11-1921 copy enclosed says that Rs.50,000 can be spent this year on improvements, if orders are given at once and requests the transfer of Rs.50,000 from 'Major' to 'Repairs' vide para 1 of his letter. I submit this for your orders.

The E.E. Nilgiris division states

that if orders are given at once, the provision of Rs 50,000 for the school in the P. WD budget can be spent on special repairs to the buildings. The provincialisation of the school has not yet been given effect to.

Flag (L) In G.O. NO. 1572 Law (Edu) d. 18. 10. 21 this dept. was authorised to carry out certain urgent repairs to the school in anticipation of the provincialisation. The Law (Edu) dept. may be requested to grant similar permission

also for the special repairs in question.

On receipt of their orders, necessary transfer of funds from original works to repairs will be sanctioned by this dept.

Apparently, if rains to start work are not given now, the work cannot be done for another year, i.e. till the next school vacation in Decr 1922. Telegraphic news would have to be given

In go. no. 1512, of 18.10.21, the P.W.D.
was authorized to carry out such necessary
repairs as were very urgently required to
the school buildings. The Exe. Engineer will
presumably have consulted the school
authorities as to the items of repairs
that should be carried out immediately.
He considers that the roof should be
first repaired before other repairs could be
carried out. It seems therefore unnecessary
to consult the school authorities, who would
presumably have no objection to the
repairs to the roof. Moreover the Ex. Engr.

S. who is to see before
the case goes to Ed.
