To

The Chief Secretary to Government,
Fort St. George, MADRAS.

Sir,

Under instructions from the local reception committee I have the honour to approach you with the request to move Government for a liberal grant in aid of the next meeting of the Indian Science Congress which is to be held in Madras from 30th January to the 4th February 1922.

The expenses of the meeting will necessarily vary according to the funds available, but with the most rigid economy it will not be possible for the committee to make arrangements on the lines adopted in other places of meeting for any sum less than Rs.5000, while at least double that amount is required in order to ensure a reception of the Congress on a scale appropriate to the importance to the City of Madras.

The funds expected to be available include subscriptions from the members of the Congress estimated at some Rs.500 after liquidating a sum of Rs.1000 outstanding from last year. The balance must be found by grants and donations and the committee

re approaching the Corporation of Madras and the University of Madras on the subject.

The local reception committee feel confident that the Government of Madras will desire to co-operate in making the visit of the Congress a success. Last year, when the Congress was held at Nagpur the Government of the United Provinces gave a grant of Rs.10,000, and the reception committee, of which Sir Lionel Davidson is the chairman, venture to hope that the Government of Madras will be able to assist them with a not less liberal subvention.

Solicited to G. O. No. 1333 Ed. II, dt. 31st October 1919 in which the Govt. sanctioned a grant of Rs 1,000 towards the general expenses of the first Oriental Conference held at Poona in 1919, the Finance Dept. ~~is~~ providing a special allotment for the purpose. In the present case also, the Finance Dept. will have to be consulted.

The Science Congress was once held in Madras in 1915. No application for grant on that occasion seems to have been received & disposed of. My dear Moir,

Would you kindly let me know what progress
has been made with the disposal of an application
for Government aid on behalf of the local Reception
Committee for the Indian Science Congress, which
visits Madras from the 30th January to the 2nd
February. It was sent in some little time ago
addressed, I think, to the Chief Secretary by Captain
Newcomb who is the Honorary Secretary, in pursuance
of a resolution passed early in November by the local
Reception Committee of which I am Chairman. Newcomb
mentioned to me a few days ago that the Committee
was rather in want of funds in connection with pre-
liminary arrangements, having as yet only received a
subvention of Rs.1,000 from the University. He
added that Littlehailes as D.P.I., could, he
believed, provide some funds from his budget. Of
course I ^{know} ~~doubt~~ how little money there is to spare
now, but it is of some importance that a meeting

like
with the assembly of the Indian Science Congress
in Madras should receive hospitality on a scale
similar to that followed in other provinces.

Yours sincerely,

L. Dore

The Local Secretary of the
Indian Science Congress asks for a
grant of Rs 10,000, but the D.P.D.
proposes a grant of Rs 2,500 only
which the Law (Education) Dept.
accept. Submitted that the grant
proposed need not be objected to
in this Department, if the Law (Educ)
Dept. can provide the amount required
by reappropriation within Grant XIV.
Otherwise a supplementary demand for
the amount under the above grant
will have to be moved in the Legislative
Council. (Law (Educ) may be requested
to also kindly circulate the case to C₂ &
also C₁ (not his D.O. H 3-4 out).)

It is perhaps best to ascertain
from the D.P.D. beforehand whether he
can find the amount from his budget.

This will be a
different grant. It
is under part XIV

Just as regards (i), a sum of Rs 1,000
has already been proposed for re-
appropriation from this head for a
grant-in-aid of the Oriental Conference
in Agam, in answer to a telephonic
enquiry as to whether a sum of
Rs 3,500 can be reappropriated from
the museum budget for the prepara-
tion of gramophone records, the
S. G. M. has just stated that a sum
of Rs 600 alone could be found for
the purpose. It is therefore plain
that this source will not help the
present demands. The provision of
20,000 for grants to public libraries
has been fully used up. G.O. No. 719
Ed: dt 3.5.21. It is understood that with
refer. to the Memo at p. 5, c. f. the D.P.D.
is submitting through the A. G. a
reappropriation ^{personally} ~~stat.~~ ^{suggesting} a
transfer of funds in his own budget.
It is however likely to take time
before we get that stat. from the
A. G. Meanwhile this matter is becoming
urgent. It is therefore for consideration
whether ^{payment} ~~whether~~ ^{be made} ~~at once~~ ^{at once}, orders
re: ^{allotment of funds} ~~re: [unclear]~~ ^{may} ~~be sent~~ ^{be sent} later on. If so, the
draft below may be sent to Finance for

Submitted that if the extra charge of Rs 2,500 cannot be provided by reappropriation, the sanction of the Legislative Council will be necessary for a supplementary grant. (If the D.P.D. indicates any saving, it may be returned, so that there may be no net drawal from Provincial balances).

2. Orders are solicited whether the draft order (which commits fort. to the grant, though not to the immediate disbursement of it) may be accepted, subject to the remarks in para: 1 above.
