Station M a d r a s, Dated the 18 November 1920.From (Name) Hon'ble Mr. R. G. Grieve, M. A.,(Designation) Ag. Director of Public Instruction,
Madras.

To The Secretary to the Government of Madras,

Home (Education) Department.

Through the Accountant General
Madras.

Sir,

With reference to G.O.'s No. 223 Educational dated 9th March 1912 and No. 236 Educational dated 2nd March 1915, I have the honour to state that owing to an appreciable ^{increase} in the number of sanskrit institutions applying for scholarships ^{in this Presidency} it is proposed to increase the number of scholarships tenable in such institutions from the current year.

2. During 1919-20 the 32 scholarships tenable in colleges and the 72 tenable in advanced schools sanctioned in the G.O.'s referred to above, were distributed among 10 colleges and 29 advanced schools respectively.

3. The Superintendent of Sanskrit Schools reports that during the current year 11 colleges and 56 schools have applied for scholarships; and that all these institutions receive teaching grants.

It is therefore considered necessary that all of them should share in the distribution of the budget grant for scholarships and it is proposed to increase the number of scholarships tenable in colleges by 3 and those tenable in advanced schools by 40. I request that the sanction of Government may be accorded to the above proposal. The proposed increase in the number of scholarships involves an additional expenditure of Rs.1116/- per annum for meeting which I submit the accompanying reappropriation statement for the sanction of Government. I further request that provision for the charge may be inserted in the Budget Estimate for next year.

I have the honour to be,

S i r,

Your most obedient servant,

for Director of Public Instruction.

The reason for changing the no. of scholarships from 30 to 32 is to make the number divisible by four; so if the scholarships in colleges are to be raised, the figure should be 36.

2. Regarding scholarships in advanced schools, we contemplated at that time 50 to 700 scholarships & the number now is only slightly over this.

Do not think we can accept this for the current year. In the year ensuing we may ask Education to take this as an optional item.

I am not for the special allotment now proposed by the D.P.I. however
small it be. In this connection the note made by Sir M. Hambrick
on 29.8.11. may be read with advantage. Since 1911, the claims of
General Education have far advanced, & today it has become a serious
problem as to how & wherefrom the funds are to be got to advance
General Education even to a feeble extent. Akhlagher
