Station Madras, Dated the 23 October 1920

From (Name) The Hon'ble Mr.R.G.Grieve, M.A.,

(Designation) Ag: Director of Public Instruction, Madras

To The Secretary to the Government of Madras,

Home /Education/ Department.

/Through The Accountant-General/

Sir,

I have the honour to address Government on the question of the revision of Rule 118 of the Madras Educational Rules in which the rates of stipends for teachers of the various grades and communities are laid down. These rates have become increasingly inadequate and in this connection I would invite attention to the petitions submitted with my Ref on Cur Nos. 700 of 20 dated 23rd March 20 and 3084 of 20 dated 30th March 20 and to the petitions attached to this letter. These petitions are from the several grades of teachers under training scattered throughout the Presidency. I may also point out that an enhancement in the rate of stipends under Rule 118 of the Madras Educational Rules

involves as a corollary a similar enhancement in the rates of stipendiary grants under Chapter VII of the Grant-in-Aid Code.

2. The necessity for taking action to improve the pay of Government servants in view of the general rise in the cost of living has been recognised by Government and allowances have been granted. Stipends, however, have not been raised and, as a result teachers under training are undoubtedly suffering considerable hardship and a twofold undesirable result ensues.

The secondary grade sections are not full, and those who come for training desire to live elsewhere than in hostels, i.e., they live in some cheap unhygienic, ill-lighted place and underfed with the result that they cannot do their training work properly.

3. An enhancement in the rates of stipends is essential and I agree with Mr. Littlehailes' proposals as regards the rates for men i.e. they may be for graduates Rs 30 per mensem, for the Secondary grade Rs 25 per mensem for the Higher Elementary Rs 20 per mensem and for the Lower Elementary Rs 15 per mensem. These rates correspond to the minimum pay proposed by him for an untrained teacher of these respective qualifications.

It may be contended that these rates are too liberal but I may point out that a clerk can get Rs 35 or 30 per mensem according as he is in Madras or in the Mofussal and a secondary grade teacher is not going to spend two years on Rs 12 per mensem as stipend when he can get these emoluments straightaway. Further, after his training course is over, he will only get Rs [illegible] again a peon can get Rs 15 or 12 according as he is in Madras or the Mofussal and it is obvious that a teacher should be of higher status and qualifications than a peon. I would suggest that the proper way to regard this question is to consider the teachers as being on deputation during their period of training, and if they are so regarded they should receive as emoluments not less pay than that fixed for teachers of their qualifications i.e. the pay of an untrained teacher. The figures as they stood on 31st March 1920 show that only 36 % of the teachers employed in elementary schools for boys are trained. In recognized secondary schools for boys alone we have 1128 trained B.A.'s as against 497 untrained

graduates and 2468 trained teachers of the secondary grade as against 831 untrained teachers of similar qualifications. The present supply of trained teachers is insufficient to meet the demand. This demand is continuous as our inspecting officers insist and rightly insist on the employment of trained teachers in order to promote the efficiency of the teaching imparted; it is also increasing as with the rapid expansion of education many more additional teachers are required. The time when the supply will equal the demand is far distant. It is necessary to meet the demand so far as possible and to do this training must be attractive and not as it is with the present rate of stipend, something to avoid.

4. As regards girls' schools the figures for 1919-1920 show that out of 6867 teachers employed in girls' elementary schools 2381 are men and 4486 are women. Of this number again only 2779 women are trained. It will thus be seen that 4088 trained women teachers are required at once for the existing schools. In addition to this number, teachers will be needed to staff the new Board and Municipal Elementary Schools to be opened this year. There has been a slight increase in the number of elementary grade students undergoing training, but this is far from commensurate with the actual requirements even of the existing schools, while there has been a decrease in the number of secondary grade students.

For the past two years, the Superintendents of the hostels attached to Government Training Schools for women as well as the managers of aided training schools have made very urgent representations regarding the inadequacy of the stipends granted to the students residing in the hostels and have pointed out that the present rate of stipend is not sufficient even to meet the boarding charges, much less to cover the other expenses for books, note-books, kindergarten materials &c.

Mr. Littlehailes some time ago visited the 3 hostels attached to the Triplicane school and from the data given by the Superintendents and the students he concluded that the rate of stipends should be the same as the enhanced pay recommended for untrained teachers of the respective grades in Government schools. I agree with his opinion and would accordingly recommend the following

rates for women students undergoing training in the various grades as unless such increased stipends are now given it will not be possible to secure the required number of trained women teachers for girls' schools.

Grade	Rate of stipend
Collegiate	Rs 40
Secondary	30
Elementary Higher	25
Elementary Lower	20

In the present backward state of girls' education in the Presidency, it is still necessary to offer higher rates of stipends to women than to men to induce a sufficient number of Hindu women to undergo training and thus meet in some measure the growing demand for trained women teachers so that girls' education may be placed on a progressive and popular basis.

It will be noted that a uniform rate of stipend for all classes of the community both for men and women is now recommended, as I consider that differential rates are no longer required. I would, however, recommend the retention of guardian allowances to caste Hindu and Muhammadan women who are willing to undergo training only on the condition that they are allowed to live with elderly relatives or guardians and this invariably means additional expense.

5. The additional cost involved by these porposals would be as follows for next and future years,

Rs 7,62,115/- for men
and
Rs 1,86,460 for women
Total " 9,48,575.

These figures are based on the number of teachers of the various grades under training on 31st March 1920 and with reference to the new Training Schools for men and women opened during the current year. I have proposed in the budget for 1921-22 now before Government a lump sum of Rs 9,60,000/- for enhancing the rate of stipends and stipendiary grants according to these proposals and I trust that the amount so provided may be allowed to stand in full.

6. For the current year, there is no budget provision for an enhancement in the rate of stipend. I consider, however, that if possible, some relief should be afforded to the teachers now undergoing training. To give stipends at the rates proposed in this letter for 8 months in the current year would cost Rs 5,87,230/- . I am unable to find the necessary funds and if Government are unable also to do so I would suggest that as a temporary measure of relief an allowance of Rs 2 per mensem for each teacher under training from 1st July 1920 may be granted. The number of men and women under training on 31st March 20 both in Government and aided training schools was 7017 and 1289 respectively and therefore the cost involved in accepting this proposal would be No. 7256 x Rs 2 x 8 months plus No. 1050 x Rs 2 x 6 months (as the latter is the approximate number of students who are expected to have joined the new training schools sanctioned for the current year and opened about September 1920) i.e. a total of Rs 1,28,696/-.

This additional expenditure of Rs 1,28,696 can be met by reappropriation as shown in the enclosed statement.

I have the honour to be,

S i r ,

Your most obedient servant,

N R Kushman

Subject: Enhancement of the rates of stipends admissible to students undergoing training.

[Cr. 3246A] From the D.P.I., No. 1114 dt 23-10-20.
pp 15-24
p 74 Endt by Govt, No. TH-26/27043/4-11-20

The D.P.I. submitted proposals for the enhancement of the rates of stipends admissible under Rule 115 of the Revised Educational Rules to students undergoing training. He recommends the following rates of stipends for all classes of the community :—

para 3, page 2 of Distinctions Rs. 15/- Collegiate { Men --- Rs. 20 per mensem / Women --- Rs. 40 "
Rs. 12/- Secondary grade { Men --- Rs. 25 " / Women --- Rs. 30 "
Rs. 10/8 Higher Elementary { Men --- Rs. 20 " / Women --- Rs. 25 "
Rs. 8/8. Low Elementary { Men --- Rs. 15 " / Women --- Rs. 20 "

This not clear whether the above rates are intended to be applied to Europeans and Anglo-Indians

pp 15-19 of in the linked file.

These rates are the same as those recommended by Mr. Littlehailes in his note of 4-6-20. sent to the financial dept. These rates correspond also to the minimum pay proposed by him for an untrained teacher of the respective qualifications. The D.P.I. has estimated the extra cost on account of the enhancement of

para 5, page 4 of

para 5 of Secretariat note dated 22.11.21, in the linked file.

It has been ascertained that proposals for the revision of pay of elementary school teachers have been sent by the D.P.I. to the Reforms Commr. and that may have not yet been taken up for consideration — vide TM at (M)

para 6, pp 4-5 of

this

of stipends at Rs. 9 to 8,575 per annum and he has also proposed a lump provision of Rs 9,6,000 in the budget estimate for 1921-22 for the purpose.

In the linked file, the same question has been noted already and the Secretary has there ordered that the question of the enhancement of the rates of stipends should lie over till the question of the permanent revision of the pay of untrained teachers is disposed of. The latter question seems to be still pending with the Reforms Commissioner.

2. The D.P.I. states that some relief should be afforded to the teachers now undergoing training. He estimates the cost of giving stipends at the proposed rates for 8 months in the current year at more than 5 lakhs of rupees and he says that he cannot find the necessary funds. He, however, suggests that as a temporary measure of relief an allowance of Rs. 2/- per mensem for each teacher under training from 1st July 1921. may be granted. The cost is estimated at Rs 1,28,696 and

and the Director has submitted a reappropriation statement to meet this extra cost. It is for consideration whether this proposal ~~may be~~ be sanctioned ~~rejected~~. If so, the file may be sent to the Financial Dept. for acceptance of the proposal.

In the opinion of the D. P.I the matter is very pressing. Some increase will eventually have to be sanctioned. An addition of Rs 2 to the present rates will be almost inevitable and may be approved immediately, the question of permanent revision being reserved for later consideration.

20/11/20

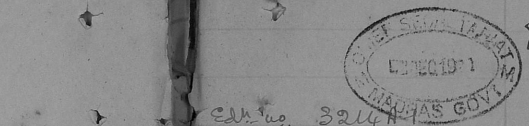

The question of permanent increases to the extents noted by the DPI has to be considered from several aspects. Above must know how the untrained teacher is to be treated. The file ~~ones~~ be put up again when orders are settled.

2. Meanwhile there is not the slightest doubt that some immediate increase is called for. The temporary increase Rs 2 as

11 4

moderate well within the increase that will be eventually sanctioned. So without making any observations on the general proposal, I am for sanctioning the proposal at A on p5 c/f.

The extra cost involved in the proposals of the D.P.I. for the enhancement of the rates of stipends and stipendiary grants admissible to students undergoing training in Govt. and aided training schools for masters and mistresses is roughly estimated as follows:-

	Extra cost Rs (Lakhs)
(a) Eventual extra cost of enhancement according to the scales proposed on pages 2 and 4 C.F. p4 C.F.	9.149 p.a.
(b) Extra cost according to the proposal (approved by Home Dept) to give as an ad interim measure an increase of Rs 2 each. (7258+1050)×2×12	1.994 p.a.
(c) Extra cost in the current year on account of the grant of an increase of Rs 2 each from 1-7-20. p5 C.F.	1.29

2 In para 44 of their Report, the Salaries Committee have remarked that the present scale

of stipends for students undergoing training "need only be increased where Experience shows "such increase to be necessary in order to attract "the desired class of ~~the~~ student". Please see D.P.I's no. note on pages 15-16 of notes in the linked file and his letter in the C.F. showing the necessity for increasing the stipends of these students.

3. Attention is in this connection solicited to
Z pages 4 and 5 of G.O. 201 Edn. dt. 18-2-18 which contain the remarks of Mr. H.S. Duncan about the adequacy etc. of stipends of secondary grade teachers. Mr. Duncan has remarked early in 1918, that the rates of stipends offered are sufficiently attractive to induce (secondary grade) teachers to undergo training, that the number of undergraduate teachers seeking admission into training schools exceeds the provision made for training this class of teachers and that, in their ~~eg~~ Eagerness to be trained in order to improve their prospects, many of the teachers are ~~—~~ prepared to take the course without a stipend. With reference to Mr. Duncan's remark, the Home
D Dept. in G.O. 25 Edn. dt. 7-1-19 negatived a request for increase in stipends ~~of~~ to the students undergoing training in the Training Colleges at Saidapet and Rajahmundry.

4. It is not known whether the circumstances now existing are the same as those described by Mr. Duncan and that the position is the same in

p.2 cf.

the case of other teachers. The D.P.I. only states that the secondary grade sections are not full. If the remarks of Mr Duncan are now applicable to all teachers, it seems that as remarked by the Salaries Committee, there is no necessity for increasing the stipends which will involve a very heavy extra expenditure. The existence of a large number of untrained teachers ~~[illegible]~~ referred to by the D.P.I. on pages 2-3 cf. is probably due to the limited number of training schools existing at present. The Govt. are increasing the number of such schools every year.

4. For orders whether Home Dept. may be informed that the question of increasing the stipends of the teachers concerned need be considered only if and when it is found that the number of teachers seeking admission to the several training schools under present conditions is appreciably less than the provision made for the training of such teachers.

5 If however it is considered that an immediate increase of Rs 2 all round may be accepted at once, orders are solicited whether retrospective effect from 1-7-20 should be granted. The D.P.I. has indicated the source from which the extra cost in 1920-21 can be met.

p.6 cf.

6. Provision of funds:

If the whole scheme is likely to be

Through Budget Section Mill 8.12.20

introduced in 1921-22 the Home Edn. Dept. should give timely intimation for the retention of the necessary provision as the amount involved is considerable viz: 9.49 lakhs. If however the suggestion in para: 5 above alone is accepted the provision of 9.60 lakhs included in next year's Estimate by the DPI will be reduced to 1.99 lakhs.

CRS

para 4 & 9 of Report

The Salaries Committee remarked that the present scale of stipends for students undergoing training need only be increased where experience shows such increase to be necessary in order to attract the desired class of students. Stipends are given merely as a help. These people educate themselves up to a certain standard without any help from Govt. and they could very well complete their course of training by the same means. But because Govt. does help them to a small extent at this stage it appears to be considered that it is now necessary to help them to a larger extent. I venture to doubt if Financial should accept the proposal. In paragraph 3 on page 2 c.f. the D.P.I. draws the comparison between these stipend holders and Govt. clerks, but he overlooks the fact that there is a limit to the number of clerks and that every one has not got a bent

14.12.20

for clerking.

14

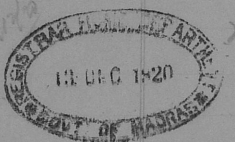

The present proposal is to grant an extra Rs.2 in the current year. This will involve an expenditure of about Rs.1,39,000. It will be almost impossible to find the money and H.M.(Financial) has stated in another connection that no new schemes should be undertaken in the current year.

C.J. 10/12/20

Quite impossible, I think. If the D.P.I has got any money to spare we must ask him to surrender it.

I much regret that in the light of our present financial position I cannot press this proposal. In ordinary circumstances I shd. support it warmly: but with funds as short as they now are the only complete justification for insistence would be evidence that our supply of facilities for training teachers is in excess of the demand for such training: i.e. that the low rate of stipends is actually checking the outturn of trained teachers & that places available in training colleges & schools are not filled up for this reason.

We want to do all we can to increase the outturn of trained men & women.

Please let my successor see this case also.

This is too hard for us to get on in these days of grave economic distress the cost of diet and maintenance is abnormally high and it is quite impossible for us to continue under these conditions, and that for the increased long period of two years.

The course has hitherto been only 9 months and it is only this year that it has been increased to one of 2½ months. Even if we undergo this long training our prospects are not better off than those that undergo training for a similar period in the engineering, Medical, Veterinary, forest, Agricultural or other technical colleges.

Even a clerk in the Govt service who is just out probation, gets a pay of Rs 30 at least. And one in a foreign place have to lead a tiresome hard life of two years on a poor stipend of Rs 12.

We are responsible men in charge of families to support and therefore we most respectfully beg to request your honour to be pleased to order, (1) The reduction of the period of training from 2½ months to 9 months as by hitherto and (2) also sanction the payment of a monthly stipend of Rs 30 at least.

I the undersigned, a pupil teacher in the Govt. Secondary Training School, Calicut most humbly beg to submit the following memorial for your kind and deep consideration and favourable orders.

I am a passed S.S.L. certificate holder with about 3 years' service experience as teacher and have come up this year for training. The place is new to me and I have to live on a low stipend of Rs 12. This is too hard for me to get on in this grave economic distress.

The cost of dress and subsistence is abnormally high and it is quite impossible for me to continue under these conditions for the increased period of two years. The Course has hitherto been only one year and it is only this year that it has been extended to two years.

Even a Clerk in the Govt. Service who is on probation gets a pay of 30 Rs. at least and I in a foreign place have to live a tiresome hard life of two years on a poor stipend of Rs 12/.

In these circumstances I most respectfully beg to request your honour to be pleased to order (1) the reduction of the period of training from two years to one year as up till now and (2) sanction the payment of a monthly stipend of Rs 20. at least.

3. The course has hitherto been only nine months and it is only this year that it has been increased to one of 21 months. The secondary grade selection has been done on the best possible lines, viz. no student with marks less than the presidency average was given admission to. There are many who underwent training in the higher grade. Further many of us are Intermediate students with pass in part II or part I. With this high norm of general education and stringency of admission, no need exists for doubling the training period.

MOST RESPECTED SIR,

1. I the undersigned, a student of the secondary grade, Training Section attached to Mrs. A. V. N. College, Vizagapatam most humbly beg to submit the following memorial for your kind and deep consideration and favourable orders.

2. I am a passed ~~S. S. L. C.~~ / ~~Semi-Intermediate~~ with two years experience as a teacher come up for training. The place is new to me and I have to live with my family on a low stipend of Rs. 12. This is too hard for me to get on in these days of grave economic distress. The cost of dress and maintenance is abnormally high and it is quite impossible for me to continue under these conditions and that, for the increased long period of two years.

3. The course has hitherto been only nine months and it is only this year that it has been increased to one of 21 months. The secondary grade selection has been done on the best possible lines, viz. no student with marks less than the presidency average was given admission to. There are many who underwent training in the higher grade. Further many of us are Intermediate students with pass in part II or part I. With this high norm of general education and stringency of admission, no need exists for doubling the training period.

4. Even a clerk in the Govt. service who is just on probation gets a pay of Rs. 30 at least and we in a foreign place had to lead a tiresome hardlife of two years on a poor stipend of Rs. 12.

5. I am a responsible man in charge of a family to support and therefore I most respectfully beg to request your honour to be pleased to order (1) the reduction of the period of training from 21 to 9 months as up till now (2) also sanction the payment of a monthly stipend of Rs. 30/ at least.

6. For which act of kindness and favour I shall ever pray.

Mrs. A. V. N. College,

Most Honoured Sir,

I, the undersigned, A STUDENT OF THE SECONDARY GRADE, TRAINING SCHOOL, Ambasamudram, most humbly beg to submit this memorial for your kind and favourable consideration.

2. I am a Completed S.S.L.C holder ~~with some experience as a teacher,~~ come up for training. The place is new to me and I have to live with my family on the low stipend of ~~Rs~~ 12. It is too hard for us to get on with this sum in these days of hard economic distress. The cost of dress and maintenance, not to speak of the increased outlay on text-books, is abnormally high and **it is quite impossible for us to continue** under these conditions and that too for the increased **long period of two Years.**

3. Even if we undergo this long course, our prospects are in no way better off than those of people who underwent training in the same grade in past years.

4. Even a clerk in the Government Service who is just on probation gets a pay of ~~Rs~~ 30. per mensem.

5. In addition to this, I take leave to bring to your kind notice, the munificent rates of stipends allowed to students undergoing training in the various grades of the Travancore and the Mysore State training schools.

6 We are responsible men in charge of families to support and therefore we most respectfully beg to request your honour to be pleased to order

i the reduction of the period of training from 2I to 9-months as up till now,

ii the payment of a monthly stipend of ~~Rs~~ 30 at least

7 For which act of kindness and favour we shall ever pray.

I beg to remain,

The humble Memorial of Rendigu. Thrishnaswamy Rau, Student, Government Secondary Training School, Chittoor,
most respectfully Showeth:-

1. That your humble memorialist is the holder of a Completed Secondary School Leaving Certificate with one years of standing as a teacher and has gone over here for undergoing training;

2. That your memorialist has not been able to make both ends meet with a paltry stipend of Rs. 12/- in these hard days of economic distress and the same is inadequate even to maintain his oneself as the minimum rates of mess per month in an economically managed hostel go up to Rs 16/- for two meals, Rs 2-8-0 for tiffin and from Rs 3 to 5 for sundry expenses;

3. That a Police Sub-Inspector who is recruited from among raw S.S.L.C's gets a stipend of Rs. 35/- while under training, that the stipend of a Veterinary has been increased from Rs 15/- to 15/- per month and that all other stipendiaries are better off than the poor & Alumnus Pedagogue - who is the maker of man;

4. That your memorialist earnestly prays that you will be moved to favour of sanctioning payment of the local allowance of Rs 10/- that has been already sanctioned to Government Servants;

5. That the trouble has been doubled by the course being prolonged to one of 21 months with perhaps no better chance of prospects to them the present, after the termination of the training course;

6. That your humble memorialist is a responsible member of his family and owned find much difficulty in maintaining himself through the long course of two years with the low stipend of Rs 12/- and prays that the course may be reduced to one of 9 months as it was before and (2) that the local allowance of Rs 10/- may be sanctioned along with the present stipend.

4. That your memorialist earnestly prays that you will be moved to favour of sanctioning payment of the local allowance of Rs 10/- that has been already sanctioned to Government Servants;

Sir,

I beg to submit the following memorial for your kind consideration and favourable orders.

In these days of hard economic stress, I find it practically impossible to maintain myself in a thickly-populated place as Calicut, on a poor stipend of Rs 12/-. The amount was enough, or even more than that was required, formerly, when rice and other foodstuffs could be had very cheaply. To put up in a hotel, at this time, taking only twice meals, a man has to pay a monthly cost of Rs 10/- and sometimes Rs 12/. There are other necessities to meet — such as clothing and lodging not to speak of others — for which I am at a loss to secure means.

It is mainly in view of the enhanced period of time I have to be in the Training School, that I am so much concerned about the stipend: What was but a course of 9 months has now become one of full 21 months. And to lead a hand-to-mouth life for well-nigh two years will be a very severe trial for my health as well as mind.

I humbly beg therefore that you be so kind as to reduce the period of the training course to what it was before and to make orders to increase the stipend from Rs 12/- to 30; for which act of kindness I shall ever pray.

I humbly beg to remain,

Most Respected Sir,

I, the undersigned, a student of the Secondary grade, Govt., Training school for masters, Calicut, most humbly beg to submit the following memorial for your kind & deep consideration & favourable orders.

I am a passed S. S. L. C. with a year & ten months experience as teacher, come up for training. The place is new to me and I have to live on a low stipend of Rs 12/. This is too hard for us to get on in these days of grave economic distress. The cost of dress and maintenance is abnormally high and it is quite impossible for us to continue under these conditions & that for the intended long period of 2 years.

The course has hitherto been only 9 months & it is only this year that it has been increased to 21 months. Even if we undergo this long training our prospects are not better off than those who underwent training for 9 months.

Even a clerk in the Government Service who is just on probation gets a pay of Rs 30/- at least. And we, in a place far away have to lead a tiresome hard life of two years on a poor stipend of Rs 12/-

We are responsible men in charge of families to support & therefore we most respectfully beg to request your honour to be pleased to order (1). the reduction of the period of training from 21 to 9 months as up till now and (2). also sanction the payment of a monthly stipend of Rs 30/- at least.

For which act of kindness & favour we shall ever pray.

Sir,

I beg to submit the following memorial for your kind and deep consideration and favourable orders.

I beg to state that the cost of dress and maintenance in these days of grave economic distress is abnormally high and that it is quite impossible for one to get on only with a low stipend of Rs 12 and that, for the extended ling period of two years.

The course has hitherto been only for 9 months and it is only this year that it has been changed to one of 21 months. Though we undergo this long training our prospects are not equal to the Candidates of the Engineering, Medical, veterinary and Agricultural colleges and schools or better than those that had a training of 9 months.

Even a clerk in the Govt service who is just on probation gets a pay of Rs 30, at least and we in a foreign place have to lead a tiresome hard life of two years on a poor income.

Therefore I respectfully beg to request you to be pleased to order the reduction of the period of training from 21 to 9 months as upto till now and sanction the payment of a monthly stipend of Rs 30 at least; for which act of kindness and favour we shall ever pray.

Respected Sir,

I, a pupil teacher of the Secondary grade Training School for masters Calicut, beg to submit the following memorial for your kind and favourable Consideration.

I am a pupil teacher, with one year's service as teacher in the Zamorin's College and I have to meet the expenses for the maintenance of a family, which I can hardly do owing to the high prices of articles.

Until this time the Course was only for ~~one~~ 9 months, and now ~~we are~~ it has been made one of two years. After passing the S. S. L. C Examination in 1917, I spent two years in the Intermediate classes and after that I am now forced to have a Course of two years here also. Even then my future prospects are none the more greater than those of past students. After the Course I have a scale of 25 to 40 which is more distressing.

So I humbly request you to be kind enough to cut short the period to one year and allow a stipend of at least Rs 30 per mensem, for which act of kindness I ever pray.

I, the undersigned, a student of the Secondary Grade, Government Training School for masters, Calicut, most humbly beg to submit the following memorial for your kind and deep consideration and favourable orders.

I am a passed S.S.L.C with a year and six months experience as teacher, come up for training. The place is new to me and I have to live on a low stipend of Rs 12/- This is too Local for us to get on in these days of grave economic distress. The cost of dress and maintenance is abnormally high and it is quite impossible for us to continue under these conditions and that for the extended long period of two years.

The course has hitherto been only 9 months and it is only this year that it has been increased to one of 21 months. Even if we undergo this long training our prospects are not better off than those who underwent training for 9 months.

Even a clerk in the Government Service who is just on probation gets a pay of Rs 30/- at least. And we, in a place far away, have to lead a tiresome hard life of two years on a poor stipend of Rs 12/-

We are responsible men in charge of families to support and therefore we most respectfully beg to request your honour to be pleased to order the reduction of the period of training from 21 to 9 months as up till now and also sanction the payment of a monthly stipend of Rs 30/- at least.

For which act of kindness and favour we shall ever pray.

Sir,

Most humbly and respectfully I beg to submit the following memorial for your benign consideration and favourable disposal.

1. I am a passed S.S.L.C. with about one year's Service as a teacher come up for training. The place is quite new to me and I have to maintain myself and my family with a low Stipend of Rs 12. It is too low for us to get on in these days of scarcity and emergency. The cost of dress and maintenance are abnormally high and it is quite impossible for us to continue under these conditions and that for the extended long period of 2 years.

2. Even a clerk in the government service, who is just on probation gets Rs 30, and we in a foreign place have to lead a tiresome, hard life of two years on a poor Stipend of Rs 12

3. I am the Karanavan of my family, and consequently have to feed a family of 6 or 7 and therefore I beg to submit the followings for your favourable disposal:

1) The reduction of the period to that of 9 months.
2) The Sanction of payment of a monthly Stipend of at least Rs 30

for which act of Kindness and favour, we shall ever pray,

Most respected sir,

I have passed the S.S.L.C examination and have also completed the course of studies for the ~~Interme~~ Intermediate examination. Now, I am undergoing secondary training in the Govt; Training school at Calicut, and I understand that the course from this year forwards is to be for two years without any corresponding increment in the stipend.

This change really entails a very great hardship upon me. In the first place, personally, I have to lead a hand to mouth life for two continuous years; secondly, I shall not be of any material help to my aged parents during these two long years. Moreover, I find that my prospects are in no way bettered for all these difficulties. Now-a-days even the fore most clerk on probation is paid Rs 30 a month.

So, in conclusion, I humbly request you to curtail the period of two years to one of nine months, and to sanction an enhancement in the stipend.

Sir,

The Head Master,

Government Training School,

Dindigul.

Most Honoured Sir,

I the undersigned A Student of the Secondary grade Training School Dindigul most humbly beg to submit this memorial for your kind and favourable Consideration.

I am a S.S.L.C. with some experience as a teacher, come up for training. This place is new to me and I have to live with my family on the low stipend of Rs 12. It is too hard for us to get on with this sum in these days of hard economic distress. The cost of dress and maintenance, not to speak of the increased outlay on text-books is abnormally high and it is quite impossible for us to continue under these conditions and that too for the increased long period of two years.

Even if we undergo this long course our prospects are in no way better off than those of people who underwent training in the same grade in past years.

In addition to this, I take leave to bring to your notice the munificent rates of stipends allowed to students undergoing training in the various grades of Travancore and the Mysore State training schools.

We are responsible men in charge of families to support and therefore we most respectfully beg to request your honour to be pleased to order reduction of the period of training from 2½ months as up till now,

Most Respected Sir,

I, the undersigned, a student of the Secondary Grade Govt. Training school for Masters, Masulipatam, most humbly beg to submit the following memorial for your kind and deep consideration and favourable orders.

2. I am a ~~Semi-Intermediate~~ S.S.L.C with no years experience as a teacher come up for training. The place is new to me and I have to live with my family ~~on a low stipend of Rs. 12.~~ without any stipend This is too hard for us to get on in these days of grave economic distress. The cost of dress and maintenance is abnormally high and it is quite impossible for us to continue under these conditions and that for the increased long period of two years.

3 The course has hitherto been only nine months and it is only this year that it has been increased to one of 21 months. The Secondary grade selection has been done on the best possible lines, viz, no student with marks less than the Presidency Average was given admission to. There are many who underwent training in the higher grade. Further, many of us are Intermediate students with pass in part II or part I With this high standard of general education and stringency of admission, no need exists for doubling the training period.

4. Even a clerk in the Govt. service who is just on probation gets a pay of Rs.30 at least and we in a foreign place had to lead a tiresome hard life of two years ~~on a poor stipend of Rs. 12.~~ without any stipend

5. We are responsible men in charge of families to support and therefore we most respectfully beg to request your honour to be pleased to order (1)the reduction of the period of training from 21 to 9 months as up till now (2) also sanction the payment of a monthly stipend of Rs 30/ at least.

Most Respected Sir,

I, the undersigned, a student of the Secondary Grade Govt. Training school for Masters, Masulipatam, most humbly beg to submit the following memorial for your kind and deep consideration and favourable orders.

2. I am a ~~Semi-Intermediate~~ S.S.L.C with 7 years experience as a teacher come up for training. The place is new to me and I have to live with my family ~~on a low stipend of Rs. 12.~~ without any stipend This is too hard for us to get on in these days of grave economic distress. The cost of dress and maintenance is abnormally high and it is quite impossible for us to continue under these conditions and that for the increased long period of two years.

3 The course has hitherto been only nine months and it is only this year that it has been increased to one of 21 months. The Secondary grade selection has been done on the best possible lines, viz, no student with marks less than the Presidency Average was given admission to. There are many who underwent training in the higher grade. Further, many of us are Intermediate students with pass in part II or part I With this high standard of general education and stringency of admission, no need exists for doubling the training period.

4. Even a clerk in the Govt. service who is just on probation gets a pay of Rs 30 at least and we in a foreign place had to lead a tiresome hard life of two years ~~on a poor stipend of Rs. 12.~~ without any stipend

Most Respected Sir,

I, the undersigned, **a student of the secondary grade, Government Training School for masters, Tiruvalur**, most humbly beg to submit the following memorial for your kind consideration and favourable orders.

2. I am a passed ~~Intermediate~~ S. S. L. C. (special) with some experience as a teacher, come up for training. The place is new to me, and I have to live with my family on a low stipend of Rs **12**. With this it is too hard for us, to get on in these days of grave economic distress. The cost of dress and maintenance is abnormally high, and it is quite impossible for us to continue under these conditions, and that too, for **the increased long period of two years.**

3. The course had hitherto been only 9 months, and it is only this year that it has been increased **to one of 21 months**. Even if we undergo this long training, our prospects are not better off than those who undergo training for a similar period in the Engineering, Medical, Veterinary, Forest, Agricultural, or other Technical Colleges.

4. Even a clerk in the Government Service who is just on probation gets a pay of Rs. 30 per mensem; and we, in a place, far off from our homes, have to lead a tiresome and hard life of two years on a poor stipend of Rs. 12.

5. We are responsible men in charge of families to support and therefore, we most respectfully beg to request your honour to be pleased to order

(1) the reduction of the *period of training from 21 to 9 months* as up till now,

(2) the sanction of the payment of a *monthly stipend of Rs. 30 from the date of our joining the Training School.*

6. For which act of kindness and favour we shall ever pray.

I beg to remain,
Most Respected Sir,
Your most obedient Servant,
V. Ramachandra Rao.

Most Respected Sir,

I, the undersigned, **a student of the secondary grade, Government Training School for masters, Tiruvalur**, most humbly beg to submit the following memorial for your kind consideration and favourable orders.

2. I am a passed ~~Intermediate~~ / S. S. L. C. with some experience as a teacher, come up for training. The place is new to me, and I have to live with my family on a low stipend of Rs **12**. With this it is too hard for us, to get on in these days of grave economic distress. The cost of dress and maintenance is abnormally high, and it is quite impossible for us to continue under these conditions, and that too, for **the increased long period of two years.**

3. The course had hitherto been only 9 months, and it is only this year that it has been increased **to one of 21 months**. Even if we undergo this long training, our prospects are not better off than those who undergo training for a similar period in the Engineering, Medical, Veterinary, Forest, Agricultural, or other Technical Colleges.

4. Even a clerk in the Government Service who is just on probation gets a pay of Rs. 30 per mensem; and we, in a place, far off from our homes, have to lead a tiresome and hard life of two years on a poor stipend of Rs. 12.

5. We are responsible men in charge of families to support and therefore, we most respectfully beg to request your honour to be pleased to order

(1) the reduction of the *period of training from 21 to 9 months* as up till now,

(2) the sanction of the payment of a *monthly stipend of Rs. 30 from the date of our joining the Training School.*

6. For which act of kindness and favour we shall ever pray.

I beg to remain,
Most Respected Sir,
Your most obedient Servant,

R. Krishnamurthy

Most Respected Sir,

I, the undersigned, **a student of the secondary grade, Government Training School for masters, Tiruvalur**, most humbly beg to submit the following memorial for your kind consideration and favourable orders.

2. I am a passed ~~Intermediate~~ S. S. L. C. with some experience as a teacher, come up for training. The place is new to me, and I have to live with my family on a low stipend of Rs **12**. With this it is too hard for us, to get on in these days of grave economic distress. The cost of dress and maintenance is abnormally high, and it is quite impossible for us to continue under these conditions, and that too, for **the increased long period of two years.**

3. The course had hitherto been only 9 months, and it is only this year that it has been increased **to one of 21 months**. Even if we undergo this long training, our prospects are not better off than those who undergo training for a similar period in the Engineering, Medical, Veterinary, Forest, Agricultural, or other Technical Colleges.

4. Even a clerk in the Government Service who is just on probation gets a pay of Rs. 30 per mensem; and we, in a place, far off from our homes, have to lead a tiresome and hard life of two years on a poor stipend of Rs. 12.

5. We are responsible men in charge of families to support and therefore, we most respectfully beg to request your honour to be pleased to order

(1) the reduction of the *period of training from 21 to 9 months* as up till now,

(2) the sanction of the payment of a *monthly stipend of Rs. 30 from the date of our joining the Training School.*

6. For which act of kindness and favour we shall ever pray.

The secondary grade selection has been done on the best possible lines, viz. no student with marks less than the presidency average was given admission to. There are many who underwent training in the higher grade. Further many of us are Intermediate students with pass in part II or part I. With this high norm of general education and stringency of admission, no need exists for doubling the training period.

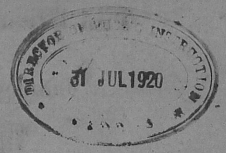

4. Even a clerk in the Govt. service who is just on probation gets a pay of Rs. 30 at least and we in a foreign place had to lead a tiresome hardlife of two years on a poor stipend of Rs. 12.

5. I am a responsible man in charge of a family to support and therefore I most respectfully beg to request your honour to be pleased to order (1) the reduction of the period of training from 21 to 9 months as up till now (2) also sanction the payment of a monthly stipend of Rs. 30/ at least.

Date 18-3-20

To

His Excellency

The Rt. Honourable Baron Willingdon

G. C. I. E., G. B. E.,

Governor of Fort St. George, Madras.

Through the Head Master, Govt. Training School, Bellary

The humble memorial of I the students under training in the Government Training School Bellary in the ~~Secondary~~ Higher Elementary Grade / Lower Elementary

Most respectfully showeth :—

That your humble memorialist begs to bring to Your Excellency's kind notice and sympathetic consideration the following few lines praying for early and adequate relief.

That your memorialist belongs to a class of stipendary students in the educational department who are preparing for the Training School leaving certificate examination.

That the stipend of the pupil Teachers was fixed about twelve years ago with reference to the then cost of living that the prices of the necessaries of life are growing to unprecedented and abnormal heights every day ; especially since the commencement of the world-devastating war (which His Majesty's invincible army and navy brought to a victorious termination), the cost of living has more than trebled itself ; that the house rent is being enhanced as often as the land-lord choose ; that the cost of education of children is enormously increasing ; and that the poor stipendaries have to drag on a miserable and hard life. Further your memorialist need hardly bring to your notice that the students of the Training Schools are the least influential with the public and cannot therefore easily command any convenience or comfort, and that the poor stipend they receive at present is quite insufficient to maintain body and soul together, for the maintenance of which at least Rs. 30 per mensem is required now-a-days.

Every year the benign Government has been spending with paternal solicitude several lakhs of rupees upon elementary education ; and it is but just that those charged with the duty of imparting instruction to the youth and thus directly responsible for the spread of the elementary education in the country should enjoy reasonable comforts and be placed in position in which they could earnestly and effectually co-operate with the Government in carrying out its noble mission.

But they are seriously handicapped in the discharge of their duties by wants, and discomforts arising out of insufficiency of pay as stipends, during the twenty-one months of their training as pupil teachers.

Your humble memorialist begs to suggest the following scale of stipends for favour of consideration and sanction with restrospective effect from the 1st July 1919.

(1) Elementary lower grade Rs. 25.

(2) Elementary higher grade Rs. 30.

(3) Secondary grade Rs. 40.

In conclusion, Your Excellency's memorialist prays that Your Excellency will be pleased, at your earliest convenience, to grant his prayers for permanent revision of the scale of stipends according to grades as suggested above.

That your humble memorialist shall ever pray for Your Excellency's long life and prosperity for such act of charity and benevolence.

GOVT. SUMMARY TRAINING SCHOOL
No. 1842

RAYACHOTI.

Rayachoti
the 3rd March 1920.

To,

The Inspector of Schools,
4th Circle, Bellary.

Through.

The Headmaster,
Govt. Training School,
Rayachoti

Sir,

We the students under training in the Government Training School, Rayachoti humbly beg to submit our grievances through this memorial to your honours kind consideration and necessary

2. The present rate of stipends that is being paid to us was fixed at a time when living was very cheap. But for the last two or three years the price of food-stuffs has grown very high and in some cases the prices have been increased from 100 to 150 per cent. All of us have come from distant corners of the District and are very poor and as such cannot hope to receive any kind of helps from our parents during our stay here.

3. The stipends we are now getting i.e. Rs 8½/- is not even sufficient to pay our hostel rates where we are given mere Ragi and (చద్దన్నం) which is far inferior and less nutritious than the food given to the prisoners in Jails.

4. A kind perusal to the following list showing cost of food stuffs will show that a sum not less than Rs 15 is necessary to maintain a prisoner soul in healthy condition. Provided Your Honour will be kind enough to order the supply of paper nibs, inks, pencils etc for us from the school.

5. Therefore we request that our stipends be raised to Rs 15/- to keep our soul and body in a healthy condition during these hard and miserable days.

The Rev. Principal, St. Joseph's College,

To

The Director of Public Instruction,
Madras.

Sir,

We, the graduate students under training in the L.T.Class, St. Joseph's College most respectfully beg to submit that our present rate of stipend is very low, considering the enormous increase in the current prices of the necessaries of life. Since we do not usually get any allowance from the schools that employ us, we find it extremely difficult to maintain ourselves during the period of our training, with such a low sum as Rs.15/- a month.

We humbly request you, therefore, to be pleased to raise at an early date, our stipends to at least Rs.:40/- a month-the minimum amount necessary for our ~~mmx~~ bare subsistance-and also to give retrospective effect to the same from July 1920.

We beg to remain,

Sir,

Your humble petitioners,

St. Joseph's College,
Trichinopoly.

The Principal,
Teachers' College,
Saidapet.

Respected sir,

We, the L.T. students of the Teachers' College, Saidapet, beg to bring to your kind consideration and disposal, the following request.

Before we came here to Saidapet, we were under the impression that life in this place would not be very costly, as Saidapet is more or less a country side town. But, to our surprise and fear, we now find that things are as dear here as in Madras and the shifting of the Madras Engineering College from Chepauk to Guindy has made the usual condition of affairs far worse. In the hostel attached to the College, even with very ordinary meals, the expenses ran up to between Rs. 25 and 30 last year exclusive of other expenses and this year there is every likelihood that they will mount up higher and this fills us with misgivings as to our ability to meet them, especially as many of us who have come from private institutions receive no sort of help from our employers. It has, therefore, become a grave problem to us how we can manage to maintain ourselves with the slender resources at our disposal. Even the very ordinary comforts of life which are necessaries to people in our situation, we find, we are unable to afford and we naturally fear the effect this may have on our health. We, therefore, humbly request that you will very kindly raise our present rates of stipend by at least Rs. 15/- thus making the help the Government is

The Director of Public Instruction,
Madras.

Sir,

With reference to our memorials dated 13-7-20, requesting you to reduce our training course ~~of~~ to one year and to raise our stipends to Rs. 30, we, the Secondary Grade Training students, Noble College, Masulipatam, beg to invite your kind attention to the fact that we have not yet been favoured with any orders. So we beg to request that you will be so kind as to issue favourable orders at your earliest convenience. It is needless to say again that it is very difficult for us to continue our training course, unless you comply with our request.
