Notes of Inspection of the St. Joseph's High School at
Cuddalore, by the Hon'ble Diwan Bahadur A. Subbarayalu
Reddi Garu, B.A., B.L., Minister for Education, Madras.

20-1-1921.

I inspected the St. Joseph's High School when it was in full working order. It is fairly well-manned. There are five French Fathers inclusive of the Principal who is reputed as an eminent educationist (Rev. Father P. Verdure) that hold themselves for the education of the pupils of the School. They are supplemented by a number of qualified Indian teachers who also did their work with ease.

The most satisfactory feature of the School is that the boys of the School in whatever class found, presented a smart and cheerful look which bespeaks self-confidence in them. As I was about to take leave of the School my attention was drawn to an incomplete construction meant to be an addition to the said school. It would be seen that on the promise of a grant this construction (83ft. by 46ft.) was begun, the foundations were laid and the walls about 14ft. were constructed, before the war. But unfortunately the war came and the activities in completing the construction had to be suspended. Its completion however is a necessity for the management of the School; for care has been taken to make it a solid construction when completed. I feel sure that if only the grant is given as promised, the earnest Fathers will do justice to the bounty of Government and make the construction a perfect additional accommodation to the existing School.

The Secretary,
