Government of Madras

LAW (EDUCATION) DEPARTMENT

G.O. No. 321, 9th March 1921

University—Regulations

Alterations—Medical Regulations—Sanctioned.

READ—the following paper :—

Letter—from M.R.Ry. Rao Bahadur K. RAMUNNI MENON Avargal, Acting Registrar, University of Madras.

To—the Secretary to Government, Law (Education) Department.

Dated—Senate House, the 5th February 1921.

No.—1022.

I have the honour, by direction of the Syndicate, to submit for the sanction of the Government, under section 25 (1) of the Indian Universities Act, 1904, the enclosed alterations in Chapter XXVII relating to the Medical Regulations and in Chapter XXXII adopted by the Senate at its special meeting held on the 21st January 1921.

These alterations have been recommended by the Board of Studies in Medicine.

I am to explain that the second paragraphs of Regulations 12 and 18 of chapter XXVII are proposed to be deleted because in the opinion of the Board they are unworkable and are causing considerable confusion in the courses of some of the candidates for the Medical degrees. The alteration in Regulation 3 has been proposed with the intention of removing altogether the provision existing in the Regulations for referring failed candidates to their studies for a period of one year as, in the opinion of the Board, such reference is unnecessary. The alteration in Regulation 5 has been recommended since doubts have arisen as to the proper interpretation of the existing second paragraph of the Regulation, and the proposed addition is intended to make its meaning clear. The proposal of the Board of Studies to make this new addition to the paragraph retrospective from 27th May 1918 has also been accepted by the Senate.

The above are the most important alterations. The remaining alterations proposed are merely verbal and consequential.

I have to request that very early orders may be passed on this communication so that, if the alterations are sanctioned, they may be brought into force for the examinations in Medicine to be held in March and April next.

The effect of this will be that candidates will not claim this concession as a matter of course but ~~with~~ each case ~~will be~~ of exemption with, under the first part of the Regs. be dealt with on its merits & the matter will be regulated by the executive order of the Synod. to appear for reexamination only in those subjects, may be accepted. In fairness, however, to the candidates who expect to appear only in the failed subjects at the ensuing examinations, it is submitted that this acceptance should be brought into force from the beginning of the next year. The candidates should have been led to believe the whole of this year that they need not sit for examination in the subjects in which they have already secured pass. The examinations will be held within a month from now and ~~and~~ if the amendment is to take effect immediately, these candidates will have to prepare for examination in all the subjects passed in an unreasonably short time. We should give candidates sufficient notice of alterations in regulations we had got on with the existing regulations all these years & we might without serious inconvenience put up with them this year also.

I have ascertained on the telephone from the manager of the University office that the case of candidates referred to on page 2 supra is now under separate consideration and that a special hardship regulation is to be placed before the next meeting of the Syndicate to give those candidates the benefit of the existing rules as a special case this year. In this view the draft may be approved.
