Copy of letter from the Correspondent, Wesleyan Mission Girls' Schools, Thousand Lights, Madras, dated 23rd November 1920.

With reference to the correspondence ending with your Proceedings No. 279/20 dated 20th April 1920 I have now the honour to report that I have consulted with Mr. Hooper with reference to the plans and estimates for the Mount Road Girls' School. I enclose a copy of a letter which I have received from him, which, I think, explains the position. I would add the following remarks:-

(1) We feel that it is desirable to have an assembly hall for this girls' school so as to provide for Drill, to help in the developments of the corporate life of the school and to make possible meetings with the parents of the pupils. This I may say has been the emphatic judgment of the Lady Superintendents who have been doing the actual work of the school.

(2) The attendance of the school is at present limited by the building. We believe that with a larger building we can considerably increase the numbers of the girls attending the school. The population around is a particularly needy class and deserves all the educational help that we can give to it.

(3) We have given considerable attention to the question of the type and cost of school buildings in as much as we maintain a considerable number of girls' schools in different parts of South India. It is our belief that it is wiser and more economical in the end ~~if~~ to erect a substantial building even though at the outset the cost is somewhat greater.

I trust therefore that in the light of the above facts you will be pleased to make a grant of half the cost amounting to Rs. 6525.

I may further add that the matter has recently become exceedingly urgent as the landlord of our present rented building
