Law (Education) Department.

Sir,

I have the honour to address Government on the subject of the ^{adjustment of the} subsidies towards the raising of the minimum pay of trained teachers in Elementary Schools for boys to -- Rs.12 per mensem and of Women teachers in elementary schools for girls to Rs.13 per mensem sanctioned to the Local Bodies in G.O.No.659 Home(Education) dated 21st May 1919 and on the subject of the amount of subsidies for the same purpose to be placed at their disposal during the current year.

(V)

2. In para 3 of G.O.No.659 Home(Education) dated 21st May 1919 Government ordered that the subsidies sanctioned therein were subject to subsequent adjustment. While calling upon the Local Bodies with a view to taking steps to carry out this adjustment to furnish me with ~~statements~~ ^{statements} of their actual expenditure during 1919-20 out of the subsidies so sanctioned, I requested them to furnish me at the same time also with statements showing the amounts required by them to raise the minimum pay of their elementary school teachers as indicated in para 1 supra during 1920-21. These statements have been received and for the sake of convenience the results of their scrutiny are embodied in the accompanying ^{consolidated} statements A and B.

3. The statements of actual expenditure received from the Local Bodies show that the amounts sanctioned in G.O.No.659 Home(Edn) dated 21st May 1919 were not wholly utilised by them and that on 1st April 1920, 21 District Boards and 50 Municipalities had each a balance still remaining to its credit out of the amounts placed at its disposal under sanction conveyed in that G.O.

Columns 3 to 6 of the annexed statements show respectively the amount sanctioned to each Local Body, the amount expended by it for raising the minimum pay of teachers to Rs.12 and Rs.13 --- during 1919-20 out of the amount so sanctioned, the unexpended balance out of the subsidy, if any, standing to its credit at the end of 1919-20, and, where such is the case, the amount spent by the Local Body over and above the amount sanctioned for it.

4. The statements shewing their requirements for 1920-21 --- received from the Local Bodies could not in a large number of cases be relied upon, chiefly because the data on which --- their estimates were based were not correct. In all these cases, therefore, the requirements have been determined with reference to particulars available in this office. Column 8 of the enclosed statements shows either the amounts so determined or where the amounts actually required by the Local Bodies are less than these estimates, the sums so asked for by them. The amounts shown in this column (col.8) however do not

include the amounts payable to the Local Bodies on account of raising the minimum pay of the teachers to Rs.10/- as these are included in the general recurring subsidies which are --- separately sanctioned (vide G.O.No.1117 Home(Education) dated 16-9-1919 and G.O.No.90 L(Edn) dated 20-1-1921 sanctioning an advance of similar subsidies for 1920-21).

Col. 9 of the statement shows the amounts that should actually be placed at the disposal of the Local Bodies during the current year for raising the minimum pay of the trained teachers in elementary schools for boys to Rs.12 and of women teachers in elementary schools for girls to Rs.13/- after --- taking into account the unexpended balance standing to their credit at the end of 1919-20 (Col.5 of the enclosed statements A & B) or the amounts still due to them over and above the subsidies sanctioned in G.O.No.659 Home(Education) dated 21st May 1919 (Col.6 of the enclosed statements A & B).

5. The total amount that would thus have to be distributed to the Local Bodies during the current year is Rs.175,032 for District Boards and Rs.18429 for Municipalities or Rs.193,461/- in the aggregate. This can be met from the provision made, for the purpose of raising the minimum pay of teachers under "22-E Education-Government Schools-General-iii-payment in support of the Local Bodies" in the Civil Budget Estimates of the current year. As, however, the actual expenditure incurred by each Local Body during 1920-21 will ultimately be determined by the --- actual number of trained teachers employed by them during the year, I request that Government will be pleased to authorise the Accountant-General, to place the amounts shown in Column 9 of the enclosed statements A & B at the disposal of the Local Bodies concerned subject to subsequent adjustment, if such --- adjustment will not be a contravention of the proviso to Section 37 of the Elementary Education Act of 1920.

I have the honour to be,
S i r,
Your most obedient servant.

for Director of Public Instruction.

A draft order sanctioning the distribution of Subsidies among local bodies is submitted. It may be sent to L & M & Financial for acceptance.

② In another ⁽²⁾ file the L & M Dept. has suggested that no further subsidy should be granted to the Adoni Municipal Council. If this suggestion is accepted the sum of Rs 82 entered against Adoni in the Director's Table: 'B' may be omitted.

③ With reference to the concluding sentence of paras 5 of the D.P.D.'s letter, attention is solicited to the Registrar's note on pp 5 & 6 of notes to Go. No. 1505 Edn, d/15th Dec: 1920. There appears to be no objection to the necessary adjustment being carried out in the next official year.

Finance Dept.

In G.O. No. 659 Home (Edn) dated 21-5-19 the Govt sanctioned the distribution of subsidies amounting to Rs 2,17,055 among local bodies towards the raising of the minimum pay of trained teachers in Elementary schools for Boys to Rs 12 p.m. and of women teachers in Elementary schools for girls to Rs 13 p.m. subject to the proviso that the subsidies sanctioned would be liable to subsequent adjustment with reference to the actual expenditure incurred by the local bodies for this purpose. Columns 3 to 6 of the statement at flap (Z) show the amounts actually distributed to each local body, the amounts spent by it and the balance standing to its credit at the end of 1919-20. It will be observed that many local bodies have not spent the full amount of the subsidy

Total amount distributed = Rs 2,14,055
for 1919-20.

Total amount actually spent.

District Board 143157
Municipalities 16804
Rs 159961

Balance - Rs 54,094. #

District Board - Rs 2,37,360.
Municipalities - 25,735
Rs 2,63,095

It will be looking up
our money unnecessarily.
With local bodies it will
be difficult to recover
money -

and that there are large balances
with them. The Director now proposes
to distribute the amount of the subsidy
required in 1920-21 for the purpose
after taking into account the unspent balance
available with local bodies. The Director's
estimate of the amount required for 1920-21
(Col. 7 of the statement at flap 2) is not evidently
based on the actuals for 1919-20 (Col. 4 ibid)
and it is doubtful whether local bodies
will actually require the whole amount
now proposed to be distributed to them.

As however any amounts paid in excess
of actual expenditure will be adjusted later
no objection need be taken to the proposed
distribution. The draft order may be
accepted.
