READ—the following paper :—

Letter—from R. G. GRIEVE, Esq., M.A., Acting Director of Public Instruction.
To—the Secretary to Government, Home (Education) Department.
Dated—Madras, the 15th March 1921.
No.—R.C. 5162/20.

With reference to G.Os. Nos. 1505, Home (Education), dated 15th December 1920 and 90, Law (Education), dated 20th January 1921, I have the honour to submit herewith a statement showing the unexpended savings of provincial recurring subsidies remaining with local bodies and the balance of subsidies to be paid to them for the current year. The statements received from the district boards and municipalities in reference to G.O. No. 415 L., dated 1st May 1920, were in several instances either incorrect or imperfect. So further information was called for and the replies from local bodies were received only after repeated reminders. Final replies are still due from the District Board of Salem and the Municipal Councils of Adoni, Berhampur, Guntūr and Ellore. While no statement has been received at all, despite several reminders, from the Anantapur municipality the statement forwarded by the Chairman, Municipal Council, Rajahmundry, is incomplete inasmuch as no information has been furnished therein as to savings in recurring subsidies granted to the municipality. As required in G.O. No. 1505, Home (Education), dated 15th December 1920, only savings in recurring subsidies sanctioned in previous years, have been taken into account by me for purposes of the present adjustment. The subsidies sanctioned towards the net cost of secondary schools or classes and towards the raising of the minimum pay of teachers in elementary schools have been excluded as they are being adjusted separately.

2. The total subsidy proposed for each district board or municipality (column 13 of the annexure) is, as far as possible, the same as that for which credit has been allowed in its Budget Estimate for the current year. From a reference to column 16 of the statement, it will be observed that the savings with some local bodies on 31st March 1920 have been large and in the case of the district boards of North Arcot, Chingleput,

provincial subsidy standing to their credit at the end of 1920-21 even after deducting

the balance of subsidy for which they are eligible this year. I suggest that the amounts which are thus left over with them may be resumed. It is only in the case of the marginally-noted local bodies that a further subsidy has to be sanctioned for the current year. Adjustment of subsidies is not possible at present in regard to the District Board of Salem and the Municipal Councils of Anantapur, Adoni, Berhampur, Rajahmundry, Guntūr and Ellore for want of information as to savings in provincial subsidies remaining with them and I submit their cases for the orders of Government.

3. As a result of the adjustment of recurring subsidies granted to local bodies hitherto, Rs. 4,39,550. (Rupees 3,95,894 for district boards and Rs. 43,656 for municipalities) is to be sanctioned to local bodies as further subsidy for the current year. The charge can be met from the provision made under '22-E. Education—Government Schools, General, III Payment in support of local bodies' in the budget estimate for 1920-21 and the Accountant-General may be requested to place the amounts noted in column 18 of the annexure at the disposal of the district boards and municipalities concerned at a very early date.

NOTES CONNECTED WITH G.O. No. 429, LAW (EDUCATION),
DATED 19TH MARCH 1921.

[SUBJECT.—*Balance of subsidies due to local bodies for educational objects.*]

The proposals for the distribution of the balance of subsidies due to local bodies for educational objects, submitted by the Director of Public Instruction, may be approved. In the case of local bodies which have unspent balances in excess of the balance of subsidies due to them, the Director of Public Instruction suggests that the amounts standing to their credit may be resumed. Before doing so, it appears desirable to ascertain from the local bodies whether the figures as to savings are correct and whether they have any valid objections to urge against the resumption of the amounts. It is submitted that this question may be taken up, after the issue of the order, in consultation with Local and Municipal and the Inspector of Municipalities.

Submitted that no subsidy need now be granted to these local bodies. The question of granting subsidies may be considered if and when they move in the matter.

G.O. No. 429. 19th March 1921

Subsidies

A further sum of Rs. 4,39,550 — distributed among local bodies,

READ—the following paper :—

Letter—from R. G. GRIEVE, Esq., M.A., Acting Director of Public Instruction.

To—the Secretary to Government Home (Education) Department.

Dated—Madras, the 15th March 1921.

No.—R.O. 5162/20.

With reference to G.Os. Nos. 1505 Home (Education), dated 15th December 1920 and 90, Law (Education), dated 20th January 1921, I have the honour to submit herewith a statement showing the unexpended savings of provincial recurring subsidies remaining with local bodies and the balance of subsidies to be paid to them for the current year. The statements received from the district boards and municipalities in reference to G.O. No. 415 L., dated 1st May 1920, were in several instances either incorrect or imperfect. So further information was called for and the replies from local bodies were received only after repeated reminders. Final replies are still due from the District Board of Salem and the Municipal Councils of Adoni, Berhampur, Guntūr and Ellore. While no statement has been received at all, despite several reminders, from the Anantapur municipality the statement forwarded by the Chairman, Municipal Council, Rajahmundry, is incomplete inasmuch as no information has been furnished therein as to savings in recurring subsidies granted to the municipality. As required in G.O. No. 1505, Home (Education), dated 15th December 1920, only savings in recurring subsidies sanctioned in previous years, have been taken into account by me for purposes of the present adjustment. The subsidies sanctioned towards the net cost of secondary schools or classes and towards the raising of the minimum pay of teachers in elementary schools have been excluded as they are being adjusted separately.

2. The total subsidy proposed for each district board or municipality (column 13 of the annexure) is, as far as possible, the same as that for which credit has been allowed in its Budget Estimate for the current year. From a reference to column 16 of the statement, it will be observed that the savings with some local bodies on 31st March 1920 have been large and in the case of the district boards of North Arcot, Chingleput,

provincial subsidy standing to their credit at the end of 1920-21 even after deducting the balance of subsidy for which they are eligible this year. I suggest that the amounts which are thus left over with them may be resumed. It is only in the case of the marginally-noted local bodies that a further subsidy has to be sanctioned for the current year. Adjustment of subsidies is not possible at present in regard to the District Board of Salem and the Municipal Councils of Anantapur, Adoni, Berhampur, Rajahmundry, Guntūr and Ellore for want of information as to savings in provincial subsidies remaining with them and I submit their case for the orders of Government.

NOTES CONNECTED WITH G.O. No. 429, LAW (EDUCATION),
DATED 19TH MARCH 1921.

[SUBJECT.—*Balance of subsidies due to local bodies for educational objects.*]

*From the Director of Public Instruction, R.C. No. 5162-20,
dated 15th March 1921.*

The proposals for the distribution of the balance of subsidies due to local bodies for educational objects, submitted by the Director of Public Instruction, may be approved. In the case of local bodies which have unspent balances in excess of the balance of subsidies due to them, the Director of Public Instruction suggests that the amounts standing to their credit may be resumed. Before doing so, it appears desirable to ascertain from the local bodies whether the figures as to savings are correct and whether they have any valid objections to urge against the resumption of the amounts. It is submitted that this question may be taken up, after the issue of the order, in consultation with Local and Municipal and the Inspector of Municipalities.

2. The Director of Public Instruction reports that certain local bodies have not yet sent in their replies as to the savings in the recurring subsidies already granted.

Submitted that no subsidy need now be granted to these local bodies. The question of granting subsidies may be considered if and when they move in the matter.

3. A draft order is submitted. It may issue with the concurrence of the Finance department.
