HOME DEPARTMENT (EDUCATION)

G.O. No. 467, 30th March 1921

School of Engineering, Trichinopoly

Institution of scholarships, medals and prizes—Sanctioned.

READ—the following paper :—

Letter—from R. G. GRIEVE, Esq., M.A., Acting Director of Public Instruction.
To—the Secretary to Government, Law (Education) Department.
Dated—the 17th February 1921.
No.—R.C. 8646/20.

I have the honour to submit herewith for favour of sanction draft proposals in regard to the institution of scholarships, medals and prizes in the School of Engineering, Trichinopoly.

2. As the school is situated in a purely Tamil district I do not think that any special provision should be made for Oriya students. It will be observed from the notifications approved in G.O. No. 1619, Home (Education), dated 16th December 1918, that for two of the scholarships tenable in the Vizagapatam school of Engineering, pupils of the Muhammadan, Indian Christian, European and Anglo-Indian Communities are preferred. I am of opinion that if this is adopted in the Trichinopoly school as well Non-Brahmans especially those belonging to the backward communities will suffer. To safeguard their interests, I have slightly altered the notifications.

3. The ultimate cost of these proposals will be Rs. 696 (Rs. 576 for scholarships and Rs. 120 for medals and prizes) and they may be given effect to from July 1921. The amount required for the next year will be Rs. 384 and it is requested that necessary provision may be inserted in the budget estimate for 1921-22, now under the consideration of Government. The expenditure on account of medals and prizes will be incurred only in 1923-24, and this, I beg to submit, can be met from the provision under "Books and maps" and "Other contingencies" for the school to be made for that year.

ENCLOSURE

Lower Subordinate class.—One scholarship of the monthly value of Rs. 8 will be awarded to the student in the class who obtains the highest marks at the Probationary Sessional Examinations. A second scholarship of the monthly value of Rs. 8 will be awarded by the Superintendent to a student who does not hold the above mentioned scholarship, preference being given to pupils of the backward communities. The scholarships are tenable for one year and may be reduced or forfeited for misconduct, idleness or want of progress.

Proviso.—In the award of these scholarships students who hold any other recognized scholarships—recognized in the sense that they are awarded by any public or semi-public body—shall be regarded as disqualified and the scholarship will be awarded to the student who stands next in order of merit.

Medals.—A bronze medal will be awarded to the student who passes first at the final examination.

Prizes.—Prizes will be given to students who show proficiency in the following subjects :—

- (1) Applied mechanics and construction.
- (2) Building drawing and estimating.
- (3) Machine drawing.
- (4) Surveying.
- (5) Workshop practice.
- (6) Physical exercises.

Probationary Subordinate classes.—Two scholarships of the monthly value of Rs. 8 will be awarded annually in each of the two class divisions. At the commencement of the first year of study the scholarships will be granted by the Superintendent at his discretion. At the beginning of the second year, one will be awarded to the student who obtained the highest number of marks during the first year. The second will be awarded by the Superintendent to a student who does not hold the above mentioned scholarship, preference being given to pupils of the backward communities. The scholarships are tenable for one year and may be reduced or forfeited for misconduct, idleness or want of progress.

N.B.—Rule 38 of the College of Engineering rules shall be applied to this school also in the matter of scholarships, medals and prizes.

Order—No. 467, Home (Education), dated 30th March 1921.

The Government approve the proposals detailed in the Director's letter read above for the institution of scholarships, medals and prizes in the school of Engineering, Trichinopoly, subject to the condition that the expenditure during 1921-22 will be met by reappropriation. Necessary provision of funds should be made before any expenditure is incurred.

From the Director of Public Instruction, R.C. No. 8646/20, dated
17th February 1921.

HOME (EDUCATION) DEPARTMENT.

The Director proposes to institute six scholarships of the value of Rs. 8 per mensem each in the School of Engineering, Trichinopoly. Two of these will be tenable in each of the two probationary subordinate classes and the remaining two in the lower subordinate class. In the School of Engineering, Vizagapatam, three scholarships have been instituted for each of the three classes, one in each class being reserved for Oriyas—vide G.O. No. 1619, dated 17th December 1918. The cost of the scholarships now proposed for the Trichinopoly school amounts to Rs. 576 per annum.

2. It is also proposed to award a bronze medal and to give away some prizes every year, as in the Vizagapatam school, at an annual cost of Rs. 120.

3. There will be only two classes working in 1921-22, and four scholarships only can be awarded, and the cost will therefore be only Rs. 384. The Finance Department may be requested to include a provision of Rs. 384 in the budget estimate for 1921-22.

4. A draft order is submitted for approval. It may be sent to the Public Works Department and the Finance Department u.o. for acceptance.

K.A.—23-2-21.

5. It may be remarked that the courses for the subordinate class will shortly be revised and that, when this is effected, some change may be necessary in the terms of the award of the scholarships and prizes.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies or letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.
