R.C. No. 2412/D.B. of 1920.

Station Tanjore, , Dated the 14th August 1920

From (Name) The Hon'ble Rao Bahadur, V.K. Ramanuja Achariar
Avl.,
(Designation) President, District Board, Tanjore.

To The Secretary to the Government of Madras,
LOCAL AND MUNICIPAL Department.

Sir,

I have the honour to address you on the subject of the construction of buildings for the Secondary schools in this district.

2. The question relates to the four schools at Ayyampet, Kuttalam Tiruturaipundi and Pattukottai. The first two schools are maintained wholly from Provincial Grants; the third from an endowment in the Tiruturaipundi Taluk, and the fourth partly by Government and partly by the Chattram department. The Vith Form has been opened in the Pattukottai High school and the IVth Form in the others, though the sanction of Government to the opening of the IVth Form at Ayyampet is still awaited. These three schools also will in two years become complete Secondary schools.

2

3. The question of constructing buildings for all of them has to be considered. For the Pattukotai school a grant of Rs. 11,900 was given when it was only an incomplete Secondary school. Out of this amount, arrangements are being made for acquiring the site at a cost of -- Rs. 5,820. For the Tiruturaipundi High school, the site has been selected and the acquisition proceedings are likely to be completed soon. An estimate for Rs. 95,000 has been sanctioned for this work and Rs. 40,000 has been contributed by Government. The estimate -- having been sanctioned some two years ago, and prices having since risen, the question of paying an excess over the sanctioned estimate is under consideration. For the Kuttalam High school, the site has been selected and the estimate is under preparation. For the Ayyampet school, neither the site has been selected nor an estimate prepared.

4. As applications are being made for Government grant, I am to enquire how far Government are willing to help or whether they will bear the whole charge. Also, whether the funds required should be borrowed and the schools constructed out of them, providing a sinking fund for repayment. In this last case, the District Board -- would like to know whether Government will help towards the sinking fund in whole or in part and to what extent.

I request the favour of ~~an~~ early instructions.

I have the honour to be,

Sir,

Your most obedient servant,

V. S. S. S. S. S.

President.

T.M.R./16-8-1920.

Ref. on Cur. No. 9345 of 1920 dated 14 February 1921.

Resubmitted to Government with reference to memo No.

4363-1 L dated 31st August 1920.

2. A copy of the report called for from the Inspector of Schools, 8th Circle, on the subject is also enclosed. It will be observed from column 4 of the statement accompanying the Inspector's report that the total cost of providing buildings for the four secondary schools under the Board amounts to Rs. 281553/- Taking into account the grants already sanctioned, viz., Rs. 51900/- (G.O. Nos. 362 Home (Edn) dated 18th March 1918 and 301 Home (Edn) dated 11th March 19) the Board will have to find Rs. 229653/- or roughly 2.3 lakhs for the purpose. As the Tanjore District Board is a wealthy one I --- would recommend no more grants and would suggest that the Board should ^{raise} ~~revise~~ a loan for the balance required and provide their own sinking fund therefor.

R. S. S. S. S.
for Director of Public Instruction.

From the Inspector of Schools, 8th Circle, N. Dis. No. 2345
of 1920 dated 18th October 1920.

I have the honour to resubmit herewith the letter of the President, District Board, Tanjore, received with your endorsement R.C.No.9345 dated 13-9-1920.

2. I quite agree with the President in thinking that all the new secondary schools should be provided with good buildings on modern lines.

3. I append a copy of the statement obtained from the President to show in what stage the proposals stand. The proposals relating to Pattukottai and Thiruthuraipundi buildings have been given a shape and those relating to Kuttalam and Ayyampet are yet to be taken on hand.

4. The President says that the policy of the Government has been to lighten the burden of the Local Boards and agreeably to it, the chief point to be decided in his reference is whether the Government as had hitherto done, would bear the cost of buildings wholly or the Board should bear any portion of it. The question is one involving Principle, Policy, and custom and I have nothing to say about it.

p. 4. ch.

The draft order ~~reads~~ states that the Board may raise a loan, if so advised, towards construction of the school buildings ~~and it is~~ ^{to decide} entirely for the ~~Board~~ ^{Board} whether a loan should be raised, ^{and whether it should be from the open market or from Govt.} ~~of \$500,000 or less as directed at each~~. It is ~~therefore~~ ^{there is no} too early to make ~~any~~ ^{provision} in the C.P.E. for the purpose. And when the Board decides to take a loan from Govt. and submits a formal application the question of making a provision may be considered. The draft order may be accepted and the file returned to Law (Con) no.
