Ref. on Cur. No. 7490 of 1920.

Station Wadsworth, Dated the 21st February 1921

From (Name) B. C. Grieve, Esq., W. A.

(Designation) Ag. Director of Public Instruction,

M a d r a s.

To The Secretary to the Government of Madras,

Home (Education) Department.

Sir,

I have the honour to submit the enclosed plans (bearing Nos. 34E/1, 34E/2, 34E/3, 34E/4 and 34E/5 with estimates amounting to Rs. 85,930/- for constructing a new building for the use of the Montfort European School, Yersaud, and to state as follows:-

2. It is proposed to build 4 class rooms, a study hall, a refectory and a dormitory to accommodate 90 to 100 boarders. The existing --- buildings consist of three separate bungalows and it is reported that they are quite insufficient for the increasing number of pupils. The number of pupils at present is 52 of whom 34 are boarders and the correspondent expects that the number will rise to at least 80 as soon as sufficient accommodation is provided. The proposed building is larger than the school needs at present, but as the school is

a good and progressive one and is certain to expand, I beg to recommend that under article 57 of the Code of Regulations for European Schools a grant not exceeding one half of the estimated cost be sanctioned, payable when funds are available.

I have the honour to be,

S i r,

Your most obedient servant,

Paul Stahel
for Director of Public Instruction.

SAR.

PUBLIC WORKS DEPARTMENT.

2114 CD 23.3.21

E.W. N O T E.

Director
I. The Acting ~~Secretary~~ of Public Instruction with his letter No.7490 of 1920 dated the 31st January 1921, submits plans and estimates amounting to Rs.85,930 for sanction of Government for a grant not exceeding one half of the estimated cost of constructing a new building for the use of the Montford European School, Yercand.

II. (1) The plans and estimates have been examined viz. by the Chief Engineer who considers that the elevation ^{of the building} will be improved if the verandah openings are arranged as shown in the flap attached to the drawing D.P.I.No.34E. The two end verandah openings may be made rectangular and be made 5 feet from structural considerations. The pilasters in the side rooms may be omitted and the front wall of the music room may be made to project 9" beyond the verandah as shown in red in plan 34E/2.

(2) It is presumed that the Engineer signing the plan would no doubt have satisfied himself about the capacity of the ^{main} masonry piers 'X' 'X' in the main building to bear an anticipated load of about 5½ tons per square foot. The Chief Engineer however considers that the 1' 6" square pillars of the

2.
the verandah should be of cutstone
either one or two pieces to each
course,

5
634
(3) The first floor being of wooden
planks the section 15" x 5" x 42 lbs.
proposed for girders in the main hall
should be reduced to 10" x 5" x 30 lbs.

(4) Four girders are shown almost
over four cross walls (1'-0")
of the class rooms. These girders are
considered unnecessary and should be
dispensed with. The floor joists them-
selves may be supported on these cross
walls. For a similar reason the 6 cast
iron columns supporting the girders
may also be dispensed with. It is further
noticed that cross girders 3" x 4" x 12
are proposed between the main girders,
the necessity for which however is not
clear. These also may be omitted.

(5) The joists 2½" x 7" for the
plank floor are proposed to be arranged
at 1' 6" intervals, but it is observed
that the same section 2½" x 7" would
permit the joists being arranged at
longer intervals viz., 2' 0" centre to
centre.

(6) 10' overlapping for joists
over girders is unnecessary and should
be reduced to 4" or 5" since the
girders are only 5" wide at top.

By carrying out the omissions
and alterations noted above the amount
of the estimate is reduced from
Rs.85,930 to Rs.82,630.

634

III. With these remarks the plans and estimate amounting to Rs.82,630 as altered in this office are recommended for approval.

ORDER.

his

No. 634, dated 21.1.21 1921

The Govt are pleased to sanction
a grant not exceeding Rs 41,315-
(forty one thousand three hundred
and fifteen) or one half of the
actual expenditure, whichever is
less, towards the cost of construction
of a new building for the Mont-
ford European School, Yercaud,
Subject to the following conditions.

(1) that in carrying out the work,
the suggestions of the Chief
Engineer in his note (No. 2114C) of 23.3.21 read
above, are adopted; and

(2) that all the conditions
prescribed

p 3 C. F.

2. On the above conditions being fulfilled, the grants will be paid as funds become available.

Extract of E.S.'s remarks in the notes
to G.O. no. 634 Law (Edn. of 21.4.21)

11/634 " Issue - Men let me know whether there is any list of such sanctioned grants. If not can one be prepared"

J. A. Di R.
19. 4. 21

Subd. no such list is maintained in this office. One can be prepared after collecting all the L.O.s sanctioning the grants. But it is ~~doubtful whether~~ such a list will ^(not) be of any practical use if the ^(object of preparing it) intention is to judge whether any grant recommended by the S.P.D. can, if sanctioned, be met from the budget allotment of the year. ^(of sanctioning) Under article 61 of the Code of Regulations for European Schools advances are made from time to time out of the sanctioned buildings grant on receipt of a report from the P.W.D. that the work is proceeding satisfactorily. The grant is paid in full only after the P.W.D. certifies that the building has been satisfactorily completed - vide article 62. Once the grant is sanctioned by the Govt. it is for the S.P.D. to disburse the amounts from time to time without any further reference to Govt.
