Station Madras, Dated the 18th December '20 191

From (Name) The Hon'ble Major-General G.C. Giffard,
C.S.I., K.H.S., I.M.S.,

(Designation) Surgeon-General with the Govern-
ment of Madras,

To The Secretary to the Government of Madras,

Local and Municipal (Medical) Department.

Sir,

With reference to G.O. No. 1014 dated 4th September
1920, Home (Educational) Department, I have the
honour to inform Government that I am not able to
carry out the terms of the Government order for two
reasons,

(1) because the allowance of Rs. 100 a month, ex-
cept to a very junior and therefore quite unsuitable
Medical Officer, is not sufficient to compensate for

the

2.

loss of private practice, nor is it sufficient to enable me to place on special duty experienced medical officers whom I can trust to carry out satisfactorily the difficult duties of school inspection.

(2) the Government order mentions specially trained Assistant Surgeons but nothing is said about the pay and allowances to the selected Assistant Surgeons whilst under this special training.

2. I request orders therefore increasing the pay and allowances of the specially selected and specially trained Assistant Surgeons to the level of that which was granted by G.O.No.1065, Home (Education) dated 4th September 1919 when Dr. Krishna Warriar was appointed to be Superintendent of the Chingleput Reformatory. *Rs 600*

3. In my opinion it is necessary to select as senior medical officers as Dr. Krishna Warriar and to pay them an equally high salary. *Rs 600*

13 years service

L O M (Sep.) Sept.

C NO 4511 From the S. G. No. 100-1177 J. 18-12-20.

Deputation of specially trained
assistant surgeons in connection with
medical inspection of schools.

Reference is requested to the
following resolution of the Board
of Public Health in regard to
medical inspection of schools:—

92

Proceedings of the Board of Public Health, Madras,
dated the 5th January 1921.

Resolution 2.-Medical inspection of school children.- That the scheme sanctioned in G.O. 1014 Home (Education), dated 4-9-1920 should be proceeded with, but that the allowance should be raised to Rs. 200.

The Surgeon-General should be asked to advise in consultation with the Director of Public Instruction as to the form in which the information regarding the results of inspection should be presented.

F.J.H.
6-1-21

2) Orders in regard to medical inspection of schools issue in the Education Dept - Vide G.O. 1014, Home (Educⁿ), 4-9-20. The Law Dept (Educⁿ) may be requested u.o. to take necessary action with reference to the resolution of the Board of Public Health.

3) The first part of the resolution ~~deals~~ deals with point (i) raised by the S.G. in para. 1 of his letter, namely, the pay + allowances of the med^l inspectors. As regards this, ~~with reference to para. 2 of the S.G.'s letter,~~ it may be pointed out that the pay of an Asst Surgeon of 13 years will be Rs 410 which with the allowance of Rs 200 now proposed will exceed the pay recommended by the S.G. (Rs 600). As a member of the Board, the S.G. has apparently acquiesced in ^(to raise the allow to Rs 200) the later proposal, which may be commended

*only a senior officer will be posted for this work.

(Designation) Surgeon-General with the
Government of Madras,

To The Secretary to the Government of Madras,
Home (Education) Department,

Sir,

I have the honour to inform you with reference
p. 10, N.F. to the U.O note Edn.No.481a-2 dated 29th March 1921
that I have laid my views personally before His Excel-
lency the Governor. My view is that a U.O note of this
kind is of no advantage either to me personally or to
the progress of the business in hand. It is not possible
for me to deal with a U.O note which gives no reasons
and merely states the fact that it is proposed by
someone unknown to disallow proposals which have been
made in an official correspondence. Unless I am
permitted

to see the file in tact with the arguments which have been used against my suggestions I find it impossible to combat them or to reply.

I have the honour to be,

Sir,

Your most obedient servant,

for the consideration of the Education
& Finl. Dept.

4) With regard to point
(2) in para. 1 of the current, it
will be seen from the list of India's
letter recorded in C.O. 62/31-1-19
that medical officers deputed in
the public interests to undergo special
courses of training should be granted
full pay & allowances (including
fare & other local allowances, if
any) which they were drawing
immediately before their deputation.
The same may be allowed in the
present case.

5) With the above remarks, the
current as well as the Resolution
of the Board of Public Health may
be transferred to the Law (Educ)
Dept. for disposal.

Ministry Dept.

A duty allowance of Rs 100 per m was
sanctioned to each of the three
civil assistant surgeons employed as
medical inspectors, as compensation for

9
for loss of private practice. It is now
proposed to raise the amount to Rs 200
as the existing rate of Rs 100 does not
attract an experienced medical officer
to be placed on deputation. Attention
is solicited to the Financial Deptt notes
on p. 7, to G.O. No 10142 dt 9.20.42 from which it
will be seen that a sum of Rs 100/- was
fixed after considerable deliberation. Further
it will be observed that the civil and
surgeon ~~Surgeon~~ employed in the Civil Hospital
Secunderabad who is also debarred from
engaging in private practice is allowed only
Rs 100 a month. Vide para 381 A of the Manual
of Appointments & Allowances. The Assts to
D.M. & S.O.s who are placed in similar
circumstances get only Rs 75 per m as compared
Civil Assistant Surgeons employed in the
Bacteriological Deptt who should also be
men of special training & qualifications
get only an allow of Rs 100/- up to 14 years
service & Rs 150/- above 14 years service.
It is submitted therefore that the proposed
increase if accepted, is liable to ^{form} an
inconvenient precedent. For orders.

It appears to be difficult for the
S.L. to get his staff to do anything
without exorbitant allowances - the
rate of Rs. 100/- allowed in this case
was based on precedents fully
considered. In this connection would
invite attention to the memorial pre-
sented by the Madras Presl. Medl:
Service to S.L. recently in which
they themselves say that the
average provincial practice does
not come up to more than
Rs. 50/- a month - please see

for considerable initiative.

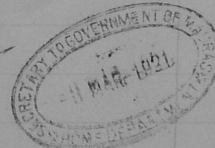

I agree with D. L. M. 6/2/21
in his proposals as to salary
in case Dennis' name are appointed, also
C2

I am afraid I cannot agree. The Assistant Surgeons have recently had a large increase in salary. They themselves estimate their earnings from private practice at Rs. 50 and the Surgeon General is therefore clearly wrong in saying that Rs. 100 would compensate them. If we give Rs. 200 to them, we will then use them as a precedent for raising the allowance to other doctors who are debarred from private practice. We have got to embark on a campaign of economy and I would ask the Honble the Minister to support me in commencing it by strictly restricting unreasonable demands.
