U.O. Reply.

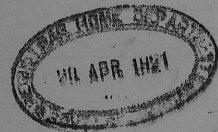

Mr. Noehren has, I understand, left the country. It is therefore impossible to get into immediate touch with him but I have no hesitation in stating my belief that Mr. Noehren would reject the terms proposed by the Government of India. These terms are worse than those offered to members of the Indian Medical Service and Mr. Noehren will, on his return, be qualified as a Medical Practitioner in addition to his other Gymnastic, theological and general qualifications.

This Government has already recommended that the conditions of service including pay, pension etc., should be the same as those of a person appointed to the Indian Educational Service and I see every reason for pressing for the acceptance of the suggestion of this Government.

The correspondence with the Government of India appears to indicate a cheese-paring and educationally

educationally destructive policy of the Government of India in the Department of Education.

I have reason to believe, from information which I received while recently at home on furlough, that the Secretary of State is inclined to be much more liberal in educational matters than is the Government of India.

Submitted for orders.

2. With reference to para 1 of B.P. 23 note on page 2 supra, attention is solicited to govt. nos. L33, Mast, & 4-9-19 and 242, 189 (P.H.), & 16.3.21. The ~~regular~~ ordinary scale for I.M.S. officers originally sanctioned was from Rs. 650 to Rs. 1750. As this scale was insufficient to attract recruits to the service the scale was revised to Rs. 650 to Rs. 2100 including overseas pay.

3 May the Govt. of India be told that the scale of the I.E.S. in ¹⁹²¹ its entirety would be the only term that would be acceptable?
