R.C. No. 6863/19

Station Madras, Dated the 4th September 1920.

From (Name) R.G. Grieve Esq., M.A.

(Designation) Ag. Director of Public Instruction.

To The Secretary to the Government of Madras,

HOME (EDUCATION). Department.

Sir,

I have the honour to submit the papers noted in the margin and to state that the management of the Hebron European High School, Coonoor have applied for a grant towards the cost of purchasing the undermentioned properties for the use of the school:-

1. "Hebron" including the buildings and land comprising 5½ acres.
2. "Silverdale" consisting of one large bungalow and two cottages and about 3 acres of land. 8½ acres

The school has been held in the "Hebron" property from 1908 and a rent is paid. Although the management do not own this property, it is reported that they have been permitted by the owner to make additions at their own cost

1. Letter from the Managers of the school applying for Grant (with its enclosures)
2. Plan of Hebron School
3. Plan of Hebron Bungalow
4. Plan of Hebron Bungalow
5. Plan of Silverdale and cottage
6. Site plan showing Hebron and Silverdale properties
7. Valuation furnished by the Collector of Nilgiris

cost subject to ultimate purchase of the whole property by them. The correspondent of the school states that "Hebron" is offered for Rs. 30,000 and that they have made certain additions at a cost of Rs 10,000 and requests a half grant of Rs 20,000 on the whole. "Silverdale" is reported to be offered for Rs. 35,000 and a third grant of Rs 11,666 is requested as it is partly required as quarters for the staff.

2. The Collector of the Nilgiris and the Executive Engineer Nilgiris Division have furnished valuation of the properties as shown below:-

I. "Hebron" property.		Rs.	As.	Ps.
Value of the site and trees.		5898	9	0
.. the buildings.		52000	0	0
		57898	9	0
II. "Silverdale" property				
Value of the site and trees		1759	14	0
.. the buildings.		32700	0	0
		34459	14	0
Total of I and II.....		92358	7	0

As the price of the properties on which grant is asked is less than that estimated by the Revenue and the Public Works Department authorities, the price reported by the correspondent may be accepted. The school is a High School and is intended mainly for the children of European Missionaries. It had 58 pupils on the rolls last year and as the strength is likely to increase, the properties in question will be useful for the future expansion of the school. The Inspector of European Schools visited the properties and he recommends a half grant of Rs 15,000 for the purchase of "Hebron" excluding the cost of additions amounting to Rs 10,000 made by the management some years ago and a third grant of Rs 11,666 for the purchase of "Silverdale". I agree with him and beg accordingly to

request that the grants recommended be sanctioned.

3. The grants, if sanctioned, may be paid when funds are available and after the conditions prescribed in the Code of Regulations for European Schools have been fulfilled.

Sir,

"HEBRON GIRLS' SCHOOL, COONOOOR."

We have the honour to address you with reference to this School, and to place before you an application for a substantial grant from Government to enable the School Council to acquire the buildings in which the School is at present carried on, and the land attached to them, together with the adjoining property known as "Silverdale." The latter will not only provide for much required additional accommodation for School purposes, but will permit of the Principal and several of the teachers, who at present have to live in a rented building at some distance from the School, living on the premises.

The building known as "Hebron" was erected in 1908 with a view to its being used as a School, and has been rented by the School ever since. One reason for making the application at the present time is that the owner of the two properties wishes to dispose of them, and is prepared to sell them to the School at a figure considerably below their present market value. The price asked is Rs.65,000/- for both properties - viz:-

"Silverdale" ...	Rs.35,000/-,	
"Hebron"...	" 30,000/-,	In addition

to this, the School has spent on the New Class rooms erected on the "Hebron" land...	...	" 10,000/-,
making a total altogether of..	...	<u>Rs.75,000/-.</u>

The "Silverdale" property consists of one large bungalow and two cottages, and approximately three acres of land. "Hebron" property in addition to the buildings includes five-and-a-half acres of land. As the "Hebron" property is entirely used for School purposes the Council will be glad if a half grant of Rs.20,000/- can be sanctioned for it. The "Silverdale" property being required partly as quarters for the staff, the council will be glad

if /

if a third grant of Rs.11,666/- can be sanctioned for it. One of the Cottages will be used as a sick-room, for which at present there is no separate accommodation.

Although the School has been in existence and doing good work for twenty years, no building grant has hitherto been received and even as regards teaching grant it only receives the very small sum of Rs.1,500/- per annum and that only since 1915. The Council is very anxious to strengthen the staff, by the addition of more highly qualified teachers, but is hampered by the want of funds. The purchase of the properties referred to would relieve the pressure to a considerable extent as it would set free the money which at present is being paid as rent.

The Council is arranging to incorporate the School into a Company under the Literary and Charitable Societies Act so that the property may be held only for the purposes for which it is acquired. A copy of the proposed Articles of Association is enclosed.

A copy of an appeal that was issued to friends of the Institution some time ago is enclosed herewith as showing the nature of the work that is being carried on.

Trusting the Government will see its way to sanction the grant now applied for,

We have the honour to be,

Sir,

Your most obedient servants,

Sir,

With reference to Government Memo No. 1761-B-1, Home (Education) dated 28-10-20 in connection with the building grant recommended for the Hebron Girls' High School, Coonoor. I have the honour to state that the correspondent of the school states that it will be quite impossible to amalgamate the school with the Stanes European Girls' school, Coonoor, as the class of girls is entirely different, the Hebron School being intended for ^{girls of} pure European parentage who are being prepared for the Cambridge Local Examinations as most of them will eventually go home for the final education, while the Stanes Girls' School is intended for Anglo Indians. I have discussed this question with Sir R. Stanes who is a member -

10
member of the committee of management of the Hebron School,
and am convinced that no amalgamation is possible at present.

2. During the past five years ending 1919-20, a --
building grant of Rs.1169-8-0 was paid to the Stanes High
Schools, Coonoor in 1918-19. In the current year, an
advance of Rs.10,000 out of the grant of Rs.15,850 sanctioned
in G.O.No.691, Home(Education) dated 30-5-19 has been
paid.

[C.N. 1261 B]. From the S.P.O. Re No. 6868/19

8.4.9.20

[Subject - Purchase of site and buildings for Hebron High School, Coonoor]

U.S.

It is proposed to purchase $8\frac{1}{2}$ acres of land ~~and the buildings thereon at a cost of Rs. 65,000~~ for the Hebron girls' school Coonoor. The strength of the school last year is reported to have been only 58. For such a small no. of pupils the ~~proposed~~ ^{accommodation} ~~proposed~~ would appear to be excessive. The S.P.O. however, states that the strength is likely to increase and that the properties in question will be useful for the future expansion of the school.

2. As regards the "Silverdale" property which is proposed to be utilized partly as quarters for the staff, no estimate is furnished as to the value of the portion to be used as quarters for the staff ^{as distinct from} ~~and~~ that to be used for school purposes. Perhaps the S.P.O. is satisfied that one-third grant on the value of the entire property will not exceed one-half of the value of the portion to be used for school purposes.

Attention is solicited to the general condition of aid given in Chapt. I of the Code of Regles for European schools, especially the provision of rule 7. There is no express prohibition in the rules to the payment of grants to schools meant for a particular class only but the Govt. ordinarily recognises and aid only such institutions as are open to all children of all classes European in the case of European schools and Indian in the case of Indian schools. The question is considered generally when the school is first recognised and admitted to the aided list. When once an institution

is recognised and aided, grants are paid to it automatically so long as the institution continues to fulfill the conditions of recognition and aid. The Hebron high school for European girls has already been recognised and admitted to aid. It will not, therefore, be fair now to say that because the school is intended mainly for the children of European missionaries grants can no longer be paid to it. It is, however, observed that all grants are in the discretion of Govt. who can either sanction any grant they please or refuse to sanction anything. Grants cannot be claimed as a matter of right.

2. The question of grants to the Kota-giri school was disposed of in G.O. No.

- (B) (C) 962 Home (Est) 19-7-18, 1025 Home (Est) 8-7-18 and 825 Home (Est) 3-7-19.
- (D)

There, the proposal was to open, as a special war measure, a preparatory school for European boys - sons of European missionaries, officials and others who were unable to send their children Home owing to the restrictions on travelling to England. The ground on which the Govt. declined to aid the scheme was their policy of concentration of schools, wherever possible, as opposed to their diffusion and multiplication.

3. In Coonoor there are two non-mission European girls' high schools - Stanes' school and Hebron high school. Both are equally poor in strength. ^{but it is stated that the strength of the latter will increase.} If one is abolished the other will gain in strength. ~~It is difficult to decide which of them may be abolished.~~ Attention is in this connection invited to para. 12 of the D.P.S. letter on p. 2 of G.O. The proposal is to give half not exceeding a grant of Rs 15000 towards the purchase of 'Hebron' where the school is held and a one-third grant not exceeding of Rs. 11,666 towards "Silverdale" which is required partly for the school and partly to provide accommodation for teachers.

The Hebron girls' high school, Coonoor, has been in existence for 20 years and has been in receipt of a govt. grant of Rs 1500 per annum from 1915 onwards. It has not been given any building grant till now.

The school purports to educate the children of missionaries and others on Protestant and Evangelical lines but

6
but the students are mainly children
of European missionaries

3 There is another European
girls' school in Boonoor viz. the
Stanes' girls' school. It is not
known whether this school was
given any building grant.

4 The accepted policy of Govt.
with regard to European schools
is one of concentration. The necessity
for the existence of two girls' schools
in Boonoor has not been made
out. It would be financially
advantageous to Govt. in the
long run if the two schools were
amalgamated.

5 In the circumstances, the
Home Dept may be requested to
obtain from the D.P.O. information
on the following points:

(1) the amount of building
grant, if any, given to the Stanes'
girl school.

(2) whether the Stanes' girls'
school

The only reason for their
separate existence appears
to be that it had been so

The proposals are set out in Fin. Dept. note (para 1) on page 5 ante. It was suggested in this Dept. that it might be considered whether the amalgamation of the Hebron Girls School with the Stanes Girls School was possible so as to make it unnecessary to purchase the properties "Hebron" & "Silverdale". The D.P.I. after consulting Sir R. Stanes reports that the amalgamation is not possible at present, the objection evidently being that the Stanes School is intended for Anglo-Indians while the Hebron School is for girls of pure European parentage

It is surprising to find this difference made by missionaries. If however they wish to have their own particular school they should be prepared to pay for it - themselves & undertake to think that Mission should object to paying for grants to two similar schools in the same station.

Before definitely negating this application I

relevant factor is the amount of funds available

I have discussed this case with Mr. Littlehailles. The "others" admitted to the Hebron School are, he thinks, mainly the -- children of well-to-do residents in Coonoor and their number is relatively inconsiderable as compared with the class of missionaries' children of whom large numbers are on the waiting list. Amalgamation with the Stanes European Girls School is impracticable -

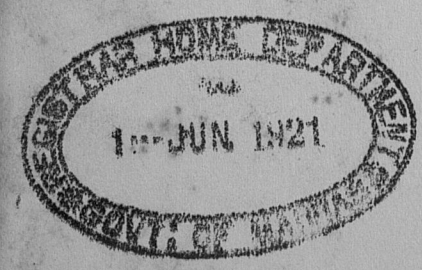

- (a) because of the distance between the institutions,
- (b) because the scheme of training and the examinations worked up to are different, and
- (c) because the classes of pupils are different in social status.

This last reason is in itself a ground for withholding a grant to the Hebron School which represents the higher social stratum and is therefore less entitled to help from Government than institutions which provide for the need of lower classes or are open to orphan classes.

As the budget allotment for the current year will probably not suffice to meet the applications from other institutions, this application must be disallowed. When rejecting the application, please express the regret of Government and base the rejection mainly on financial grounds.

For the Secretary to Government, Home (Edn.) Deptt.

In a letter which I have received about another matter from Sir Robert Stanes of Coonoor mention is made of promised help to the 'Hebron' School' at that place. Are there any papers in the Secretariat on this subject? I presume it is a question for some grant-in-aid, perhaps for building operations. If nothing is known in the Secretariat, please enquire of the D.P.I., and let me know.

We are a lot.

We are a bit
anxious to get the
matter settled before
the Reformed Govt. can
interfere! & if we
can help in that
matter I would be
much obliged, as
am helping the Y.W.C.A.

I am also

17th January 1921

My dear Graham,

I have received from Sir Robert Stanes a copy of a letter referring to G.O.No.656 dated 20th July 1920 on the subject of the ~~purchase~~ purchase of a property known as 'Wyoming' for the Y.W.C.A. at Coonoor. He has asked me to advise him about an application for a promised grant-in-aid which the trustees would like paid to them in two instalments of Rs.5000 each on the 15th February and 15th April next. Enclosed with his letter is an official application, but before sending it on I should like, if there is no objection, to refer to the G.O. quoted; meanwhile I have told ~~him~~ Sir Robert that there may be difficulty about making any payment before the 31st March.

Yours sincerely,

E.A. Graham Esq., C.S.I.,

Dear Mr Lionel

Thank you very
much for so kindly
replying to my letter.

With reference
to the Hebron School
grant - I wrote to
the Inspectors of Schools
in reply to the enquiry
of the D. N. I. as to the
amalgamation of the
2 Schools - that this
was quite impossible
owing to the different
class of the Schools.
My new
