Law (Education) Dept

Subject: Training of Rly School teachers in Agriculture

Regr

The committee on Rural

Education reported that the Scheme of work in the training of rural school teachers appeared satisfactory except with regard to the portion relating to Nature Study. The Govt. have recognized the urgent need for the provision of suitable ^{on Nature Study} text books for the use of teachers and for pupils in Rly Schools as a first step in the direction of improving rural education. They directed that an early attempt should be made to start work in the ~~compa~~ preparation of these books. The D.P.O. is taking the necessary steps.

2 That Committee have recommended other measures also to create and preserve a genuinely rural atmosphere in the rural schools, such as employment of ^{the} local members of the local agricultural community as teachers in a particular locality and the training of the rural school teacher ~~is~~ exclusively in a rural environment, etc. These ideals have

4839
25.1.21

10
15-1/15

4
been agreed to by the Govt.

3 If the word 'agriculture' in the question is used in a technical restricted sense, there is no proposal to impart such instruction in the training period of the rural school teacher. If it is used in the larger sense of knowledge and training in subjects which lie at the root of successful agricultural work, then Govt are taking all possible steps to improve the conditions in the manner set out

~~perhaps~~ The development Dept may see the case & report remarks.

The Dev. Dept have since

transferred the copy of

the question they received

to this Dept. (Vide p. 5-6 ^{infra})
