LEGISLATIVE COUNCIL OFFICE.

RESOLUTION.

The Law (Education) Department.

M.R.Ry. Rao Sahib P. C. ETHIRAJULU NAYUDU Garu, M.L.C. :—

102 The Council recommends the opening of sufficient number of day and night schools in every municipal town for the use of labouring and agricultural classes.

Day and night schools in municipal town.

[Meeting of the 14th February 1921.]

Legislative Council Office

Resolution

The Law (Education) Department.

M.R.Ry. Rao Sahib P.C. Ethirajulu Nayudu Garu. M.L.C.

102. The Council recommends to the Government the opening of sufficient number of day and night schools in every municipal town for the use of labouring and agricultural classes.

Home (Education) Department

In 1912 at the instance of the Government of India a special enquiry was undertaken into the conditions of education of factory children. The enquiry revealed that, out of a total of 3057 children for whom it might be practicable to provide instruction, only 600 were having ^{any} sort of schooling - Letter ^{No} 1090, dated 9-12-12. As a first instalment of providing for the education of the remaining, Government sanctioned the opening of five part-time schools - one in each of the municipalities of Ellore, Madura, Tinnevely and two in Coimbatore, the municipal councils concerned being subsidized for the purpose - vide G.Os. 1089 Edcn, dated 9-12-12 and 159 Edcn, dated 19-2-13. These were expected to cater to the needs of 1132 children. On the 31st March 1920, there were in all 143 part time schools in the Presidency; The provision of educational facilities for ~~the~~ factory children is primarily the concern of the employers and if they start such schools, all possible aid will be given by the department.

2. Turning to night schools, Government have been alive to the need for opening them -

Day-schools

In 1918 the Government sanctioned the opening of night schools in the larger municipalities and sanctioned subsidies therefor -

G.O. 1254, dated 20-9-18 - 33 schools
G.O. No 1570, dated 9-12-18 - 18 schools
G.O. 1676, dated 27-12-18 - 5 schools.

In the current year's budget, a provision of Rs22,000 was made for the opening of night schools.

But the Director's scheme could not be approved owing to financial stringency - vide G.O. 51 Eden, dated 8th January 1921. In the next year's budget also a provision of Rs22,000 has been proposed for the purpose.

4. From the supplemental statistics appended to the report on Public instruction for 1919-20 it is seen that in the whole Presidency 1,655 night schools, most of which being under private management, were working on the 31st March 1920. It is not known how many of these are in municipal area. The need for more cannot evidently be disputed. But the working of the Elementary Education Act, recently passed into law has to be relied on to achieve augmentation of the number of elementary schools in general and of night schools for particular classes. It has been agreed that the Act should come into force from the 1st April 1921 and it will be the duty of the District Educational Councils that will shortly be constituted under the Act to take stock of the existing facilities for elementary education ^{in the area} over which it may exercise jurisdiction and suggest schemes for the provision of such additional facilities as the needs of area might warrant - c.f. section 24 of the Act. ^{to} Schools in rural areas are not generally expected to benefit agricultural classes. If the position is explained, the Council Member might probably withdraw the Resolution.
