U.O. Reply.

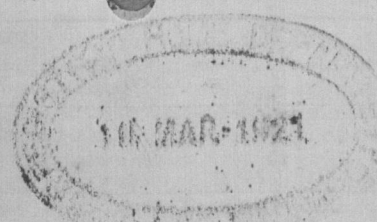

The Senate has recently completed its consideration of the Calcutta University Commission's report and I presume that a copy of the report on the Senate's proceedings is submitted to Government by the Registrar. I am also addressing Government on the subject with reference to G.O.No. 230 Home (Education) dated 21-2-1920. I do not exactly know/what the M.L.C. means by his question. The Senate does not publish formally its opinion on the Calcutta Commission's Report, nor is ^{there} any proposal for publication of the University's opinion on Secondary Education--a matter with which it is not directly concerned. If the member refers to the proposal of the Commission to establish a Board of Intermediate and Secondary Education it may be remarked that the proposal to establish such a Board was negatived by an almost unanimous vote. I should be inclined to answer to the effect that the Senate have completed their consideration of the Report of the Calcutta University Commission. The discussion in the Senate has been duly reported in the newspapers.
