U

In G.O.No.107 W, dated 27-1-19 the Govt. sanctioned the construction of the central block of the Queen Mary's college for Women at an estimated cost of Rs.2,45,155. The particulars of the work are as follows:-

2. For the necessity for permanent buildings for the college, attention is solicited to para 12 of the report on the ~~college~~ college on p.3 of G.O.No.1143 dated 3-9-17. It will appear therefrom that the college began its ~~construction~~ ^{existence} in a rented building which was subsequently acquired with the adjoining land, that a new building was constructed by the side of the old one and ~~a~~ duplicate of this new building was constructed in 1917, but these were barely sufficient to accommodate the students ~~there~~ in residence. Pending the construction of these buildings, the girls were living partly in a rented building adjoining the college, partly in the new kitchen and dining room block and partly at closer quarters than before in the original buildings.

(A)

In 1917 when the Secretary of State was addressed with a view to the establishment of the college on a permanent basis, the Maharajah of Jeypore offered to subscribe Rs.1 lakh towards the construction of the central block of the college and the Govt. gratefully accepted it -vide p.2 of the notes with G.O.No.1143 Edn dated 3-9-17.

In this connection attention is solicited to para 9 of the last year's report on the working of the college on p.3 of G.O.No.1174, dated 7-10-20, from which it will appear that the present makeshift arrangement of renting bungalows for the college is a source of much trouble and inconvenience. The construction of the central block is progressing and it ~~cannot be~~ left half-finished.

The expenditure is therefore imperative and very necessary and the provision of Rs.1,00,000 made for 1921-22 to complete the buildings already begun cannot be deleted.

A.S. 21-3-21 3. For orders whether the resolution will be opposed and as to who will take charge of it.
