Proceedings of the Director of Public Instruction

R.O.P. No. 15-C-1/24-25, dated 18th November 1924.

[Subject.—Administration Report—Lady Willingdon Training College, Madras, 1923-24—Reviewed.]

READ—the following paper :—

Letter from Miss J. M. GERRARD, M.A., Acting Principal, Lady Willingdon Training College, Madras, to the Director of Public Instruction, dated the 28th June 1924, R.C. No. 282/24.

I have the honour to submit herewith the report on the first year's working of the Lady Willingdon Training College, Triplicane, during the year 1923-24.

I was in charge of the College throughout the year.

Numerical strength and attendance of students —

	Anglo-Indians.	Indian Christian.	Brahmans.	Non-Brahmans.	Total.	Attendance.
L.T.	1	12	3	6	22	21
Secondary	..	39	1	6	46	41½
Elementary	..	21	2	4	27	24½

2. The distribution of L.T. students according to special subjects is as follows :—

History	5
Geography	12
All subjects to young children	5

3. The classification of students according to districts is as follows :—

	L.T.	Second-ary.	Elemen-tary.		L.T.	Second-ary.	Elemen-tary.
Vizagapatam	..	1	..	Tinnevely	1	4	3
Kistna	2	4	..	Travancore	2	..	..
Guntur	..	3	..	Cochin	4	3	..
Nellore	2	2	..	Malabar	6	1	..
Chingleput	..	3	1	Hyderabad	..	1	..
North Arcot	..	1	..	Madras	2	13	19
South Arcot	..	1	..	Coorg	..	1	..
Chittoor	..	2	..	Bangalore	1	2	..
Coimbatore	1	..	1				
Tanjore	..	2	1				
Madura	1	..	..	Total	22	46	27
Trichinopoly	..	2	2				

Distribution of students according to wealth.—

	Richer class.	Middle class.	Poor class.
L.T. class	..	22	..
Secondary Training class	1	45	..
Elementary	..	27	..
Model school	94	443	11

Distribution of students according to the occupation of parents or guardians.—

	Officials	Petty officials.	Traders.	Land-holders.	Others.
L.T. class	15	..	1	2	4
Secondary Training class	28	..	4	6	8
Elementary	15	3	..	6	3
Model school	235	124	49	47	93

Classification of students.—There were 95 students on the rolls :—

M.A.	1	Women's Final Grade Examination.	4
B.A. (Hons.)	1	Senior Cambridge Examination.	1
B.A.	20	Passed 8th standard	23
F.A. (Passed)	1	Passed III Form	4
F.A. (Failed)	1		
Secondary School-Leaving Certificate.	39	Total	95

Of these 95 students 22 belonged to the Collegiate Grade, 46 to the Secondary Grade and 27 to the Elementary Higher Grade.

4. Of the 22 collegiate students 8 were deputed by Government, 10 were provincial stipendiaries, 3 were deputed by other States and one was a paying student.

For purposes of practical demonstration of different types of schools and methods of education the following schools were visited by the L.T. students in the course of the year :—

- (1) London Mission Bentinck Girls' High School, Vepery.
- (2) St. Ebba's Girls' High School, Royapetta.
- (3) National Girls' School, Mylapore.
- (4) St. Raphael's School, Mylapore.
- (5) National Boys' School, Guindy.
- (6) Buckingham and Carnatic Mill School, Perambur.
- (7) Model School, Teachers' College, Saidapet.
- (8) Government Hobart Secondary and Training School, Royapetta.

5. *Secondary Training Section.*—Twenty-nine students were admitted at the beginning of the session, of whom two had appeared for the Intermediate Examination. These 2 and 16 senior students sat for the Training School-Leaving Certificate Examination of March 1924.

6. *Elementary Training Section (Higher Grade).*—On account of lack of accommodation in the Junior department in Tholasingaperumal Koil Street, the number of admissions this year was reduced to 12: 18 senior students appeared for the Training School-Leaving Certificate Examination of March 1924.

Lectures on 'First Aid' were given in Tamil to this section as has been the custom in alternate years.

7. *Handwork.*—This formed a prominent feature of the training this year, and special stress was laid on the making of articles and material for school use. For example, the greater part of the language, geometrical, and arithmetical material for the elementary and advanced stages of Montessori work was made by the students. It is hoped next year to introduce spinning, weaving and lace-making as a kind of pre-vocational handwork.

8. *Model School.*—There were 548 on the rolls on 31st March 1924.

Senior Department (Forms I to VI)	..	..	..	..	..	263
Junior " { (Classes I to V)	..	..	..	..	..	232
" { (Montessori class)	..	..	..	..	..	53

The average number on the rolls and the average attendance was 557 and 470, respectively.

The Junior department is greatly handicapped by the lack of space and light in the building in Tholasingaperumal Koil Street, and also by the distance it is away, which is just far enough to prevent a satisfactory interchange of the teachers, equipment and students as are necessary. Notwithstanding many disadvantages, more experiments in accordance with modern educational practice were carried on here, and these successfully. The results of the Montessori class have quite justified the freedom and the method employed.

9. *Physical training.*—All the students took the Physical Training course, with the result that there is a noticeable improvement in their physique and in their general health. Nineteen appeared for the Examination for the Teachers' Certificate in Physical Training (Women).

Miss Fearn also supervised the teaching of Swedish drill throughout the school section. This is a most valuable part of the curriculum, and it is hoped that it will be further developed in the future with the use of simple Swedish apparatus. Unfortunately the stone floor of the drill hall is at present an obstacle to such development.

10. *Public Examination.*—(a) *L.T. Degree Examination.*—Of the 26 students of the L.T. class attached to Queen Mary's College, Mylapore, 25 students passed in April 1923, out of which 2 passed in the first class, 8 in the second class and 15 in the third class. In the September examination the one student that had failed in April passed in the third class.

(b) *Training School-Leaving Certificate Examination—Secondary Grade.*—Fourteen students appeared and 14 passed.

(c) *Training School Leaving Certificate Examination—Higher Grade Elementary.*—Twenty-four appeared of whom 16 passed.

(d) *Secondary School-Leaving Certificate Examination.*—Twenty-two appeared and 13 were declared eligible for University courses.

11. *Library.*—The total number of books in the library on 31st March 1924 totalled 4,648; the number of books issued was 3,763, exclusive of those taken during the library periods. The books were checked and found correct.

12. *Finance.*—

Receipts for 1923-24—

	RS.	A.	P.
College	320	0	0
Secondary school	4,775	4	6
Total	5,095	4	6

Charges for 1923-24—

College as well as Secondary School department *85,013 0 0

13. *Games.*—Organized games were started in January, a subscription varying from 8 annas to 1 rupee was levied from all students and pupils and one-sixth of the amount collected was met from Provincial funds. The difficulties of such an innovation were greatly increased by the lack of shade and the state of the compound—the surface of which consists of loose sand several feet in depth. A fairly satisfactory start was made, however, with netball and rounders as form games, and a badminton court has now been completed.

14. *Hostels.*—Of the 22 college students, 20 resided in Queen Mary's College Hostel. It is unfortunate we have been unable to have our own College hostel; in very many ways I think the training loses in value by being conducted in a non-residential institution.

The numbers in the other hostels are as follows :—

Ice House Hostel	..	..	..	..	..	99
Non-Brahman Hostel	..	..	..	..	..	46
Indian Christian Hostel	..	..	..	..	..	28

The health of the hostel members was satisfactory.

Dr. Beadon was in charge.

15. *The history of students.*—The records are being kept up to date, as far as possible.

Service books.—The service books of the members of the staff have been verified up to 31st March 1924.

16. *General—College societies.*—The L.T. union had a fairly successful year. The Geographical Society started with a flourish and struggled on bravely handicapped as it was by its own lack of geographical knowledge and the difficulties of organizing geographical lectures and excursions.

A few excursions of sorts were achieved, but the results were disappointing. The problem of really educative excursions in a girls' day school in Madras is one we have yet to solve.

Girl Guides.—The school company under Miss Fearn is one of the strongest in Madras. It came second in E. Madras in the Strathie Shield competition for general efficiency. We hope to start a Ranger company of students next year.

* This excludes the expenditure incurred under Scholarships, Endowments and Deputation allowance to training students.

Social service.—An attempt was made by the students to take a share in the work of the Welfare Centre in Ice House Road. The results achieved were small, but the insight they get into the practical working of such a scheme is invaluable.

Her Excellency Lady Reading visited the Ice House Hostel on 11th December 1923.

Her Excellency Lady Willingdon visited the College and the Junior department on 10th and 19th October 1923, respectively. She has presented a silver challenge cup to the College.

The Hon'ble Sir A. P. Patro visited the College on 20th March 1924 and unveiled a portrait of Mrs. Drysdale. He has presented a large portrait of Her Excellency Lady Willingdon to the College.

Improvements.—The electric installation in the Ice House Hostel and in certain rooms of the College has been completed. It is hoped that fans will be installed in the Drill hall and in the office as they are badly needed in both places.

The estimates for the construction of coach-houses have been sanctioned, and it is hoped the work will be taken in hand as soon as possible. There is a great need for properly fitted up science rooms. The present accommodation is inadequate for the numbers of pupils taking this subject, and there seems every prospect that these numbers will increase during the next few years.

The most pressing question, however, is that of extension. The new building is already too small for the numbers it contains at present, and the rented building in Tholasingaperumal Koil Street, besides being unsuitable for a school, is even more crowded. I hope that means will be found somehow to extend the present buildings so as to include the whole of the practising school (from the Montessori department upwards) and the training section within the same boundary walls.

R.O.P. No. 15-C-1/24-25, dated 18th November 1924.

Recorded.

2. The temporary L.T. class attached to the Queen Mary's College for Women, Madras, was made permanent and converted into a training college for women with effect from 1st April 1923. The College with its present name started work on the above date in the new buildings on the Ice House road. The Government Secondary and Training School for Mistresses, Triplicane, was attached to the College with effect from the same date.

3. The strength of the L.T. class was 26 in 1922-23. It declined to 22 after its transfer to the new buildings. There was, however, a slight increase in the strength of the Secondary and Elementary Training sections during the year under report. The strength of the Medel School which includes all classes in the Ice House Road building and in the Tholasingaperumal Koil Street building from the Montessori class to Form VI, declined from 622 to 548.

4. The year under review was the first year of the College and Upper classes in their new buildings, and the 'settling down' process took some time to effect. The work, however, was very satisfactory. It is gratifying to note that the results of the several Public Examinations were good.

5. The Director recognizes that it is unsatisfactory to have the Junior department of the School separated from the Upper department by a distance of about half a mile. He sees no satisfactory practical solution of the difficulty however until sufficient additional land is available in the neighbourhood of the College.
