G.O. No. 1091, 25th June 1925

Grant-in-Aid Code - Medical inspection—Rules for aid—New chapter inserted.

Order—No. 1091, Law (Education), dated 25th June 1925.

The following notification will be published in the *Fort St. George Gazette* :—

NOTIFICATION.

Insert the following as Chapter IV-A in the Grant-in Aid Code :—

CHAPTER IV-A.

Grants towards the medical inspection of pupils in secondary schools.

Grants in aid of medical inspection of boys conducted in secondary schools shall be paid according to the following rules :—

(1) Managers shall select with the approval of the Director of Public Instruction one or more medical officers from among local registered medical practitioners. Wherever possible Government officers of the grade of Civil Assistant Surgeons should be chosen.

(2) The fee payable to the medical officer shall not exceed twelve annas for the first inspection of

a pupil and six annas for each of the subsequent annual inspections.

(3) The grant payable shall be limited to one-third of the expenditure incurred by the management subject, however, to an upper limit of four annas for the first inspection of each pupil and of two annas for each of the subsequent inspections.

(4) The award of grants shall be contingent on the levy of special fees from pupils so as to cover at least one-third of the cost of medical inspection.

(5) The management of the school shall undertake to maintain the records and submit the returns prescribed for the purpose of medical inspection and to comply with all other conditions that may be laid down in this regard by Government or their authorized officers.

(By order of the Government, Ministry of Education)

V. T. KRISHNAMA ACHARIYAR,
Secretary to Government.

To the Director of Public Instruction.
„ Accountant-General (through the Finance Department).
„ Finance Department.
„ Superintendent, Government Press (for publication of notification).

LAW (EDUCATION) DEPARTMENT.

NOTES CONNECTED WITH G.O. No. 1091, LAW (EDUCATION),
DATED 25TH JUNE 1925

[SUBJECT.—*Medical inspection of pupils—Incorporation of rules in the Grant-in-Aid Code.*]

FINANCE (CODES) DEPARTMENT.

Paragraph 152 of the Madras Treasury Manual as introduced by correction slip No. 194 relates to grants to local bodies and managers of aided schools for the medical inspection of secondary schools. The rules appear to go appropriately into the Grant-in-Aid Code. Will Law (Education) kindly take the necessary steps to get them embodied in the Grant-in-Aid Code? The action taken may be intimated to this department.

V. NARAHARI RAO—1-12-24.

LAW (EDUCATION) DEPARTMENT.

At the present moment the scheme for the payment of grants-in-aid of medical inspections conducted in schools is in abeyance. It is under consideration separately to revive the practice. The question of embodying the necessary rules in the Grant-in-Aid Code may appropriately be taken up after final orders are passed, reviving the system of medical inspection.

2. It may be mentioned incidentally that the Grant-in-Aid Code is essentially for schools under *private* management. The scheme for medical inspection is to be applicable to schools under *public* management also and local bodies will receive subsidies towards the cost of medical inspections. It may not be in order to embody in the Grant-in-Aid Code provisions in respect of subsidies to *local bodies*. Finance (Codes) may be requested to advise as to whether the rules in their application to schools under local bodies will be retained in the Financial Code; the case of aided* schools alone being provided for in the Grant-in-Aid Code.

* Those under private management.

E.A.V.—5-12-24.

C. RAMANUJA ACHARIYAR—5-12-24.

V. T. KRISHNAMA ACHARIYAR—6-12-24.

FINANCE (CODES) DEPARTMENT.

Final orders have not yet been passed on the scheme for the payment of grants-in-aid for the medical inspection conducted in schools.

Law (Education) agrees to the incorporation in the Grant-in-Aid Code of the rules affecting schools under private management but observes that as the Grant-in-Aid Code is essentially for schools under private management, the incorporation therein of the rules affecting schools under public management would not be appropriate.

Submitted that the rules regarding medical inspection so far as they affect schools under public management may be incorporated in the Financial rules after final orders are passed on the scheme.

Law (Education) may be requested to send a copy of the final orders on the scheme when passed to this section.

J.N.R.—15-12-24.

A Finance accepts the position as stated in paragraph 2 of the Law (Education) Department note above. A copy of the final orders on the scheme may be furnished to Finance (Codes) Department.

V.N.R.—16-12-24.

LAW (EDUCATION) DEPARTMENT.

A above is noted; may lie over till orders are passed on the scheme for the medical inspection of pupils.

E.A.V.—16-12-24.

C. RAMANUJA ACHARIYAR—16-12-24.

A copy of G.O. No. 641, Law (Education), dated 29th April 1925, relating to the medical inspection of secondary schools has been sent to the Finance (Codes) Department for the incorporation of the rules relating to grants for schools under *public management*, in the Financial rules.

2. The rules relating to grants-in-aid of medical inspection conducted in schools under *private* management have to be incorporated in the Grant-in-Aid Code. A general revision of the code is under contemplation, but it may take some time before this is effected. It is for orders whether an addendum to the code should issue now. If so, the draft order below is for approval. It may be sent to the Director of Public Instruction u.o. for any remarks he may like to make.

G.N.—21-5-25. E.A.V.—25-5-25.

C.R.—28-5-25.

V. T. KRISHNAMA ACHARIYAR—29-5-25.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

U. O. Reply No. 934-D/25, dated 7th June 1925.

Subject to the modifications suggested below, the draft notification is resubmitted with the remark that any *additions* which may be found necessary for incorporation in the code may be made later on, e.g., returns, etc., to be prescribed being published as appendices to Chapter IV-A of the Grant-in-Aid Code.

The following are the suggested modifications :—

(1) In the initial clause 'boys' may be substituted for 'pupils', vide paragraph 2 of G.O. No. 641, Law (Education), dated 29th April 1925;

(2) 'The' for 'every' in line 3 of the second rule. This is a purely verbal alteration.

(3) The omission of 'maximum' in line 1 of the third rule is suggested as it adds nothing to the meaning and suggests that less than the grant earned might under certain conditions be paid, a contingency for which there is no provision in the rules;

(4) Attention is invited to paragraph 2 of the Government Order quoted above which contemplates the inclusion of training schools for masters. Is the grant payable on account of teachers under training? If not, it may be mentioned that there are no secondary schools attached to training schools as opposed to training colleges. If the former alternative is correct, the draft notification will have to be altered but there seems to be no necessity for the medical inspection of teachers under training as they have to produce a medical certificate on admission. If the latter alternative is correct, an alteration in the Government Order would be required.

R. G. GRIEVE—7-6-25.

LAW (EDUCATION) DEPARTMENT.

Amendments (1) to (3) above have been carried out in the draft.

2. As regards the point raised in paragraph (4) of the Director's note, attention is solicited to pages 1, 2 and 5 of the Notes to G.O. No. 641, Law (Education), dated 29th April 1925. It will be seen therefrom that the intention has, no doubt, been to bring teachers undergoing training in training schools for masters within the scheme of medical inspection. The period of training except for students who have completed the "Intermediate" course is two years—cf. rule 110, page 14 of G.O. No. 1212, Law (Education), dated 24th July 1924. In view of the fact that a medical certificate is required of teachers before they are admitted for training, it seems unnecessary that they should be required to undergo a medical inspection

at school in the year of admission. The only question is whether they should undergo inspection in the second year of their training and if they should, whether the inspection will be classed as a first inspection or a 'repeat' inspection. The Director's view is that it is unnecessary to introduce the system of medical inspection in training *schools*. If his view is concurred in, G.O. No. 641, Law

We may agree.

C.R.—16-6-25.

V.T.K.—18-6-25.

(Education), dated the 29th April 1925, will have to be modified accordingly. For orders.

E.A.V.—13-6-25.

C. RAMANUJA ACHARIYAR—16-6-25.

V. T. KRISHNAMA ACHARIYAR—18-6-25.

Submitted that the draft order in the file which only relates to the Grant-in-Aid Code may issue. The amendment to G.O. No. 641, Law (Education), dated 29th

April 1925, may be ordered separately. (There is a file now in Finance dealing with the method of drawing and disbursing the remuneration to medical officers

No. It won't be appropriate to club this with that. A separate Government Order may issue now. Please put up draft (issued as G.O. 1152, Law (Education), dated 3rd July 1925).
