To The Secretary to the Government of Madras,

Law (Education)

Department.

Sir,

I have the honour to submit below a scheme for the introduction of weaving in the Board Boys' Elementary School Ayyampet (Chingleput District)

2. Mr. Porrett who visited the school on 6-3-24 states that Ayyampet is a weaving centre, that boys are likely to remain longer at school if weaving be included and that the scheme may be introduced as a form of manual training.

3. Instruction is proposed to be given to 54 boys of 10 years of age and over of classes I to IV in 6 sections of about 10 at a time each section receiving half a days

days instruction per week.

It is proposed that boys of 11 years of age should have definite instruction in weaving while pupils of 10 to 11 years may do such work as spinning etc.

4. The recurring and non-recurring charges are estimated at Rs.680 and Rs.400 respectively as per details noted in the margin.

Recurring.

	Rs.480
Salary of Instructor on Rs.40 per mensem	
Rent of building @ Rs.10 per mensem	120
Contingencies and repairs	80
	<u>680</u>

Non-recurring.

Looms etc	300
Initial supply of yarn	80
Incidental such as wheels etc	20
	<u>400</u>

5. The Taluk

Board is prepared to bear one half of the entire cost and requests that the other half may be borne by

Government.

6. I do not advise the acceptance of this scheme so far as the lower classes are concerned. I consider that pupils in these classes should concentrate on the three Rs and that instruction of this kind is advised only from the IV or V standard.

introduction of - cost to be borne from the General --
revenues -

In enclosing herewith a copy of the Taluk Board
resolution No. 2 dated 27--3--25 regarding the above, I
have the honour to submit that the amount of expenditure
required for the introduction of weaving in the

school cannot be met from the General Revenues of the Taluk Board. The allotment provided from the General revenues for these several institutions other than -- educational is hardly sufficient to run those institutions efficiently and many of these institutions cannot be maintained satisfactorily. There is sufficient balance under Elementary Education fund. The object for which the amount is to be utilized is only for -- imparting Industrial Education to Elementary School boys. I therefore request that under the circumstances stated above, Government may be pleased to reconsider their -- above order and direct this Board to incur the expenditure required for the introduction of weaving from the Education cess as already requested.

of the President, Taluk Board, Chingleput, R.O.C.No.299.L/25
dated 3-4-25 (with its enclosures) and to state that I
cannot support the President's request for the following
reasons.-

(1) The Education cess has been introduced with the
object of providing an additional source of revenue for the
expansion of Elementary education, the main purpose of which
is the removal of illiteracy.

(2)

(P.T.O)

1088 E/24.

16-17 ante

- (2) The diversion of these funds for objects other than the opening of new schools is being deprecated by Government.
- (3) According to the recent education survey of the Taluk Board area, there are 28 school-less centres with a population of 500 and above, and with a view to making Elementary Education universal in the Taluk Board area, 123 new Elementary Schools will have to be opened. These have a prior claim on the proceeds of the Educational cess.
- (4) Moreover, the general financial position of the Taluk Board is unsatisfactory, and the year 1924-25 has closed with a credit balance of nearly Rs.24,000.
2. In these circumstances, the cost of the scheme can be met from the Board's general revenues. If, however, the Board is not prepared to meet half the cost from its general revenues the scheme may be dropped.
