ASSISTANT SECRETARY TO GOVERNMENT 22 JUL 1925 LAW DEPARTMENT

L-E 2153C 22/7/25

To

The Secretary to Government,

Law (Education) Department,

Fort St. George, Madras.

Sir,

I have the honour to invite your attention to the Vice-Chancellor's letter to Government No.11107 dated 20th October 1924 on the subject of placing the School of Economics on a permanent basis. It was pointed out in that communication that the recurring expenditure upon this object will be about Rs.42,000 on the assumption that a full time Professor is appointed. But for the current year, however, the Government were requested to sanction a grant of Rs.33,400 as the present Professor is only a part-time officer. In reply to this communication, you stated in your letter No.2807C/24 dated 9th April 1925 that the Legislative Council had voted a sum of Rs.67,300 as a grant to the University for 1925-26 which figure included the sum of Rs.23,500 for the Professorship in Economics - a reduction on the University's original estimate for that Department of Rs.9,900. I have therefore to enquire for the information of the Syndicate as to how the sum of Rs.23,500 has been apportioned for 1925-26.

Further in your letter dated 9th April 1925 referred to above nothing has been stated as to the undernoted queries:-

1) whether the Government have approved of the proposal to place the Economics Department on a permanent basis; and

2) whether a recurring grant to meet the estimated cost would be made available year after year.

This question was, therefore, again considered by the Syndicate its meeting held on 11th July 1925, and it resolved that the Government be addressed pointing out that the University contemplates placing the Economics Department on a permanent basis and requests that a recurring grant of Rs.42,000 sufficient to cover the maximum expenditure of the Department on the basis of a full-time Professor Readers and Assistants be sanctioned.

I am, therefore, directed to request that the Government will be pleased to accord their sanction to the proposals of the Syndicate at a very early date.

I have the honour to be,

Sir,

Your most obedient servant,

William McLean

C.No. 2153 C.

From the Registrar, University of Madras,
dated 21st July 1925.

Two questions are raised in the Registrar's (1). how the sum of Rs. 23,500 allotted for fessorship of Economics has been arrive and (2). whether the Govt. have accepted the pr that the Department of Economics should be put a permanent basis and whether a recurring grant the estimated cost of retaining the department pe nently would be made available year after year.

The answer to the second enquiry may be in affirmative.

2. The details of the estimate sent in by University and the details on which the Govt. based amount payable ~~current estimate~~ for the current year are set out bel

variations are explained below :-

of the Assistant Professor and the two readers

Items (2) and (4) above):- The amount was fixed with reference to the pay drawn by the present incumbents of the posts.

Clerks (item (5) above). The Govt. ~~are~~ were not prepared to allow two clerks on Rs. 125 and 85. A pay Rs. 50-4-90 to each of them was considered sufficient.

pp 30 - 32 of G.O. 865 Edn 21.5.25

(c). Peons (Item (6) above). Two peons on Rs. 25 each were considered excessive. A peon on Rs. 15 was thought enough.

(d). Provident fund contribution (item (7) above)

The University fixed this amount on the assumption that a whole-time professor would be employed and that the contribution payable by the University employees would be about 15 per cent of their pay. The Govt. considered it sufficient to fix the amount at 1/16th of their pay instead of 15 percent suggested by the University.

(e). Leave allowances - item (8) above. The provision made by the University was at the rate of 1/11th of the pay of the employees. The University Deptt: of Economics was treated as a Vacation Deptt: and it was considered appropriate to fix the rate at $2\frac{1}{2}$ per cent as in the case of Government Servants.

3. The Registrar points out that it is intended to employ a whole time professor and asks that a recurring grant of Rs 42,000 sufficient to cover the maximum expenditure on the Economics Department as estimated in the Vice-Chancellor's letter (p.6 of G.O., No.865 (Education), dated 21st May 1925) may be guaranteed. In making this request the procedure prescribed in G.O., No.620 (Education), dated 16th [illegible] has been ignored. According to this G.O., [illegible] for the department of Economics

will be treated as a sanctioned item, the amount each year will be determined with reference to the requirements of that year which have to be reported by the University in the form of an estimate by the 1st November in the preceding year. The Government will fix the amount on the basis of the estimate and the disbursement of the amount will be in accordance with paragraph 4 of the G.O.
