Sir,
Thro'

THE DIRECTOR OF PUBLIC INSTRUCTION,

M A D R A S

Sir,

Government in their order No.1466 Mis.
L.Education, dated 16th September 1924 sanctioned -
the continuance of the Manual Training class in the
Board High school, Dharapuram up to 31st March 1925.
This period has now expired and the District -
Educational Officer, Coimbatore and the Head Masters
are in favour of making the class permanent inasmuch

as very useful work is being done in it. I am also of the same opinion that as a Manual Training or pre-vocational course, it gives pupils a training in the handling of tools and this itself is sufficient to justify its continuance. The District Board has thereupon in its Resolution No.58 of 30th April 1925, (copy enclosed) sanctioned the continuance of the class for another year. Hence I have the honour to request that you will be so good as to obtain the sanction of Government for the same and for payment of half the cost of expenditure towards recurring and non-recurring charges.

2. A copy of the report of the Head Master No.78 of 20th February 1925 with the endorsement R.C. No.89/Gl. of 25, dated the 2nd March 1925 of the Dist. Educational Officer, Coimbatore and the Nilgiris thereon together with a statement showing the actual expenditure incurred in running the class ever since its opening, is herewith forwarded.

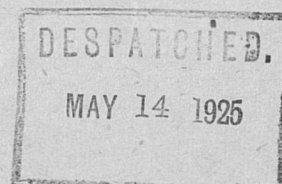

I have the honour to be,
Sir,

Copy of letter No.78 dated 20th February 1925, ^b
from the Headmaster, Board High school, Dharapuram, to
the President, District Board, Coimbatore, through the
District Educational Officer, Coimbatore.

With reference to your R.O.C. No. -/D.B.
of 25, dated 10th February 1925 calling for a detailed
report on the working of the Manual Training class and
as to the desirability of making the same permanent or
otherwise, I beg to submit the following.

2. The course here is more of pre-vocational
than vocational. It is mainly Manual Training and the
Teachers' college Bulletin and Syllabus are followed.
Instruction is given in card-board modelling, wood work
and mechanical drawing. Card Board work is done
in Class 5 and Forms I and II, woodwork and mechanical
drawing in Forms III to VI. In class 5 and Form I, 2
single periods a week and in forms II to VI, a double
period a week are allotted; and in these forms the work
is half-drawing and half-carpentry.

3. This is the second year since the course
was introduced. So in woodwork excepting Form III, other
Forms (IV to VI) are almost of the same standard, all ~~x~~
these forms having had only one year's previous training.
Instruction during the year in woodwork was confined to
"Planning, chiselling, sawing and joinery work". The
pupils take to the work keenly.

4. The District Educational Officers who have
seen the class and the work are pleased with the work done
and the results achieved. Judging from the progress -
during the period of its working, I am of opinion that the
class may be continued. It may be possible to give a -
little more advanced training in card board modelling for
Form II and in wood work for forms V. & VI next year.

5. The course being compulsory for all pupils and the training being only once a week, much cannot be expected. All the pupils will get a good training in 'Hand and Eye', and this itself has a great Educational value in fact, this is the primary object of the course. Under the limited circumstances of general school work with an overcrowded curriculum, the training cannot be vocational, but can merely be pre-vocational. The results should not be judged on the Vocational basis and the out-turn; but as a Manual Training or pre-vocational course, it certainly gives pupils a very good training in the handling of tools and this itself is sufficient to justify its continuance.

In the ensuing year, it will be arranged to give some boys who have a special aptitude for the work, especially in forms IV to VI, a little advanced work, arranged to work in groups. In short, endeavours to give a vocational taste is the utmost that can be attempted along with General Educational course. This is being done.

R.O.C.No.89 G1/25 dated the 2nd March 1925.

The Manual Training class may be made permanent.
