From (Name) R. Littlehales, Esq., M.A.,

To The Secretary to the Government of Madras,

Law (Education)

Department.

Sir,

I have the honour to submit herewith the letter of the Chairman, Municipal Council, Cuddalore R.O.C.No. 645 Sup/23, dated 11th January 1924 with its enclosures and to state that instruction is proposed to be given to about 84 pupils of standards II to V.

2. The Chairman is of opinion that since Bandipalayam is a big weaving centre the proposal if recommended will be successful though at the beginning it may work at a loss.

3. He estimates the recurring and non-recurring

charges at Rs.460 and Rs.1025 respectively as detailed in
X
the margin.

Recurring.

4. Mr. Porrett to whom the scheme was referred for
remarks is of opinion that it is not worth while to open a
class at such an expense seeing that there are only 12 pupils
of 11 years of age and ^{over} other reading in standards IV and V.

5. I do not however recommend that instruction in pre-
vocational training should begin in standards lower than
the 4th and that I do not consider that Government should bear
more than half the capital and recurring charges of the
scheme.

6. I also beg to add that there is no provision in the
Budget estimate of the current year for new schemes and that
I am also at present unable to suggest any other source from
which the expenditure can be met.

The Director appears to be in favour of the scheme if it is confined to the IV + V standards, though Mr. Perrett considers that it is not worth while opening a class for the sake of a few pupils. The Council asks for a two-thirds grant for both recurring and non-recurring charges. The Director, however, recommends only a half grant. Under the rules relating to grants in aid of vocational education a grant in excess of one-half of the non-recurring cost may be given, if the local body concerned is unable to contribute the other half. As regards recurring cost, a grant in excess of one-half may be given only for a single year in specially deserving cases. The L.S.O. Dept may be requested to state whether a two-thirds grant ^{need} ~~should~~ be sanctioned in the present case.

Mr. Porrett, the Adviser to Govt. on vocational education has given it as his opinion that it is not worthwhile to open at a large cost a vocational class in this school as the number of pupils of 11 years of age and over reading in Standards IV & V is only 12. The D.P.I. does not

5 24 17

recommend the imparting of instruction to standards lower than the fourth. The Law (Edu) Dept. presume that the D.P.I. is in favour of the scheme if it is confined to standards IV & V. It is doubtful whether this presumption is correct. In any case, the expert opinion (Mr. Porrett) on the subject is definitely against the scheme. Neither the D.P.I., nor Law (Edu) has adduced any reasons for overruling the expert's opinion. In the circumstance it is submitted that Law (Edu) may be requested to consider whether the scheme may not be dropped.

A.S. Finance object to the scheme being sanctioned on the ground that it is not worth while spending so much money on a small class. The number of boys in the Municipal Elementary school, Bandipalaya who will receive instruction in weaving

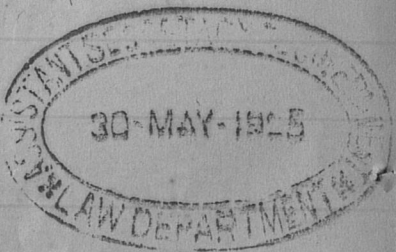

is 12 (p 2 of Cif). Mr. Porrett thought it was not advisable to open a class for 12 pupils but the Director appears to be in favour of the scheme if it is confined to standards IV and V. p 2 Cif.
 The C.M.C. Cuddalore may perhaps be asked whether it would be possible ~~for them~~ The non-recurring and recurring charges of the ~~weaving~~ class amount to Rs. 1021 and Rs. 366 (recurring charges) p 13 Cif. respectively and the Municipal Council has agreed to bear half of the cost. Perhaps the Chairman may be asked to report the no. of boys likely to ~~undergo~~ receive instruction at present. For orders.

 2 The number, 65, now reported by the Chairman apparently includes pupils in standards lower than the IV. In September 1924 it was reported that the number of

Students in Standards IV + V was only 12. The strength of the school as a whole as reported in Nov^r. 1923 was 137 as detailed in the margin. The D.P.D is against imparting instruction in pre-vocational training to pupils in Standards lower than the IV. Mr. Porrett ^{advises} ~~is~~ against the introduction of the scheme. In the circumstances it is for consideration whether finance may advise that the scheme ^{may} be dropped.

20.7.25. Law still give no reason for ignoring their experts opinion. Are the 65 pupils who are expected to join the class all eligible for manual training i.e. are they all in standards 4 or 5? If not, it is difficult to see how the expenditure can be justified.
