Sir,

I have the honour to state that on the advice of Mr. Porrett the Correspondent, D.H. Chetty School, Perur, has submitted a scheme for the introduction of brush-making in the school.

2. The recurring and non-recurring charges of the scheme amount to Rs.600 and Rs.400 respectively as noted in the margin.

3. The correspondent expresses his inability under the present financial stringency to bear $\frac{1}{2}$ the cost of the scheme but states that he is prepared to bear only a fourth of the expenditure.

4. I would be prepared to recommend the scheme as an experiment if the management were prepared to meet $\frac{1}{2}$ the cost; but I am doubtful whether Government should be asked to meet $\frac{3}{4}$ of the cost especially since I am not fully convinced that the management is unable to meet more than $\frac{1}{4}$ of the cost.

5. I herein enclose a copy of the financial statement of the school for 1922-23. and I beg to add that the school has a capital of Rs.33,000 which is at present deposited with the Trustee and Treasurer of the school. Excluding out of this, the sum of Rs.13,000 which is intended to be spent for purposes of the school the capital finance comes to Rs.20,000 which yields an annual income of Rs.1,200.

Sir.

With reference to Government Memorandum No. 2836-B /23/4 dated 29th June 1925 requesting me to call on the Management of the D.N. Chetty school, Perur, to explain by reference to statistics why it cannot meet any portion of the cost, I have the honour to state that it has been reported to me that the management of the school is so circumstanced that it cannot undertake any scheme involving additional expenditure and that it is at present considering a proposal to hand over the school to the Godavari District Board.

2. Further the scheme of brush making has not been recommended either by the District Educational Officer or by the Advisor to Government. The former reports that local

conditions are not congenial to the development of the scheme.

3. I therefore recommend that the scheme be dropped.

In view of the Director's
p. 2 of remarks in para 4 of his letter, it
seems unnecessary to sanction more
than a half part in the present
case. As the management is prepared
p. 2 of to meet only one-fourth of the cost,
it is for orders whether the scheme
may be dropped. If so, the draft
memo below is for approval.

We may ask whether the

of the nonrecurring cost being
funded by Govt. This is in accordance

The management of the D.N. Chetty high school, Perur, expresses its inability to ~~be~~ meet any portion of the charges involved by the scheme for the introducing brush-making in the school. It was prepared in the beginning to bear one-fourth of the expenditure. ~~p 2 c.f.~~

Please see Rules 3 & 4 of the Rules
relating to Grants in aid of Vocational Education.
Grants in excess of half the non-recurring
and recurring cost (in the latter case for one
year only) are admissible only in cases
where the management establish the
fact that they are unable to meet the
cost. In the present case, the Correspondent
was prepared to meet a fourth of the
expenditure in July '23. Now, however, the
management is not prepared to meet
any portion of the cost. In July '23, the
D.P.I. stated that he was not fully
convinced that the management
was unable to meet more than $\frac{1}{4}$ of
the cost. The Hon. M₂ considers that
Govt. may bear $\frac{3}{4}$ of the non-recurring
charges and $\frac{1}{4}$ of the recurring charges in the
1st. year, if the management is willing

only Rs 500 (Rs 200 for non-recurring and Rs 300
for recurring expenditure in the current
year against the requirement of Rs 780/-
according to the proposal of Law (En). In
some other similar cases where the budget
provision was less than the actual require-
ments, Law (En) stated that a full year's
provision has been made for the several
schools but that only 9 months' charges
would be incurred in the current year
and that the savings thus accruing
will meet any extra expenditure in
such cases as the one under consideration.
