[No 32084] from the C.M.C. Srirangam, No 103 of 20th 25
 Subject. Building grant - Elem^t School for
 pauchama boys, Konda-gupet.

The Municipal Council, Srirangam, submitted plans and estimates for the construction of a building for the elementary school for Kdi-draidas at Konda-gupet and asked for a full grant of Rs. 2180/. As however the Council was not prepared to bear any portion of the estimated cost and as it was not willing to accept the grant on post-payment system, no subsidy was sanctioned to the

(P) Council. (Vide p. 4 of G.O. No 357 of 30.1.25) It was also suggested to the Council that it might adopt the cheaper type design for schools costing Rs. 545/.

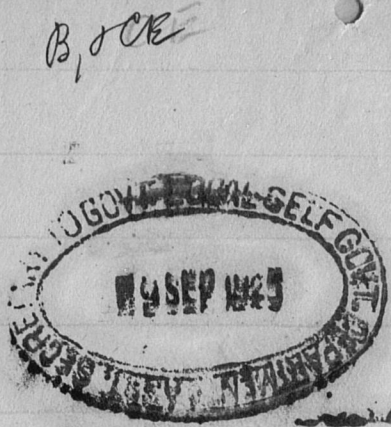

(P) approved in G.O. No 1131 W of 16.11.23. (Vide pp 5 & 6 of

(P) G.O. 357 of 30.1.25). The Council accordingly ^(accepts a site for Rs 1000 and) revised the estimates and now proposes to construct the building at a cost of Rs 860/. and it is also prepared to accept the grant on the post-payment system. but regrets that it is unable to meet any portion of the cost. It requests that in the interests of pauchama education the Govt may bear the entire cost from Provincial funds. Ordinarily the Govt sanction only a grant of ^{of only} ~~not more than~~ one-half of the cost of construction of school buildings. If it is ~~considered~~ considered that in the interests of ~~the~~ pauchama education

education a full grant should be sanctioned as a special case, L.B. may be requested to examine the Council's financial position & to state whether it will not be possible for the cl. to meet any portion of the cost from its own funds.

The budget for the current year is expected to close with a balance of Rs 1816 only against a minimum of Rs 3659. The Council does not collect the revenues promptly & a special officer has been appointed by govt for collection of arrears. Even if the arrears are collected in full, the financial position of the cl. is not likely to become better, as the Council's budget has been framed on the assumption that revenues will be collected fairly. It is very likely that the position will be worse. It has diverted from the land-tax fund, the amount it required for ordinary expenses last year during the flood & it does not appear that it

has to restore the diversion. According to budget figures-26 the normal revenues of the cl. exceed the normal expenses. As the position was not clear, a reference has been made to the cl. for a revised normal budget. The position at present is far from satisfactory.

I do not agree that the Council

govt. is relieved of all its responsibility

for providing buildings for A.D. schools.

The amount is only Rs 30. & this

the Govt. is able to find by reducing

other expenses.
