Sir,

I have the honour to submit below a scheme for the introduction of Manual Training in wood work in the Municipal High School, Walajapet.

2. Instruction is proposed to be given to about 449 pupils of over 11 years of age belonging to class V and Forms I to V each pupil receiving 2 hours instruction per week.

3. Mr. Porrett, who examined the scheme, estimates the recurring and non-recurring charges including the cost of putting up

No. 3331B From the D.P.I.
R.C. No. 922/24 D 27.11.24.

Subject. Introduction of manual
training in wood-work in
the Municipal High School,
Walajapet.

The recurring and non-recurring charges of the scheme for the introduction of instruction in wood-work in the Municipal high school, Walajapet as estimated by Mr. Porrett amount to Rs. 1,599 and Rs. 4,125 respectively. The C.M.C., Walajapet states that the financial position of the Council does not permit its meeting any portion of the cost and that since the entire net cost of the high school is being met by Govt., ^{they} ~~Govt.~~ should ~~also~~ ^{not} bear the full cost of the present scheme also. ² Under the rules relating to grants-in-aid of manual training a subsidy in excess of one-half of the non-recurring cost may be given if the financial position of the local body is not satisfactory. As regards recurring expenditure

(2)

expenditure in exceptional cases, when the local body or the management is unable to contribute anything towards the cost of the scheme owing to its unpecuniary condition, a subsidy in excess of one-half of the cost may be given for a single year. ~~The~~ ^{The} Chairman's request that Govt should meet the entire cost of the scheme because the net cost of the school is borne by the Govt is inadmissible. The L.S.G. deptt may be requested to say, with reference to the present financial position of the Council, whether a grant in excess of one-half towards the recurring and non-recurring charges ~~will~~ would be justifiable in this case.

The Council has the advantage of the fact that the tax on 2-wheeled vehicles, carts etc. this will be a large saving on the subsidy in excess of one-half

of the recurring cost. will therefore be necessary.

2. The budget estimate for 1925-26 as submitted by the Council closed with a deficit of Rs 1391. The alterations made by Govt however left a balance of Rs 243 under the general account against the prescribed minimum of Rs 1802. In the order on the budget the Council has been asked to increase its balance by retrenchments in the course of the year. It will not be possible for the Council to meet any portion of the non-recurring cost.

Walajapet. Dis. No. 118/25 D 4.8.25

The C.M.C. Walajapet states that the Council are unable to bear any portion of the cost of the scheme on account of the unsatisfactory state of their finances. Please see L.S. Dept note on p. 3 ante on the financial condition of the Municipal Council. That dept. is of opinion that the Council cannot contribute anything towards the initial cost of the scheme and that it deserves special treatment if manual training is to be introduced in the school. The non-recurring and recurring charges of the scheme amount to Rs. 4,125 and Rs. 1,137 respectively. Under rules 2 & 4 of the rules relating to grant-in-aid of Manual training a subsidy equal

equal to the entire initial and recurring charges is admissible in the present case. The Council's financial position seems to justify the concession. It is submitted that the Govt. may, therefore, meet the full non-recurring and recurring charges in the 1st year. Budget provision for the extra expenditure involved is available.

Subject to orders of the Govt. Draft order is submitted which may issue with the concurrence of Finance.
