R.C.No. 248-B/24.

From (Name) R.LITTLEHAILES,Esq.,M.A.,

(Designation) DIRECTOR OF PUBLIC INSTRUCTION.

To The Secretary to the Government of Madras,

LAW (EDUCATION) Department.

Sir,

~~P 34980 1598 16/10/24~~ (F) Demi

In continuation of my letter R.C.No.248-B/24 dated 10-10-24, I have the honour to submit herewith a list showing the names of villages in which schools can be opened in the current year, in Trichinopoly and Chittoor Districts.

2. It is observed from the list that in the case of Taluk Boards, Karur, Trichinopoly and Lalgudy, the number of villages now reported is less than the number shown in Statement II appended to my letter R.C.No.248-B/24 dated 21-7-24. In regard to the one village in Karur Taluk Board, the

(P.T.O)

the District Educational Officer states that a private school has been recommended for recognition and aid. In regard to the villages in Trichinopoly Taluk Board jurisdiction, the District Educational Officer reports after consultation with the President that there are no more school-less villages with a population of 1000 and over in the Board's jurisdiction.

3. In the case of the Lalgudi Taluk Board, the one village in which an additional school is to be opened is still under correspondence.

4. As regards the accommodation of the schools proposed to be opened in Karur Taluk Board, attention is invited to the extract from the President's letter R.C.No.943/24 dated 5-9-24 (copy enclosed).

I have the honour to be,

Sir,

Your most obedient servant,

for Director of Public Instruction.

M.R.P.15/10.

Copy of letter R.C.No.943/24 dated 5-9-24 from the President, Taluk Board, Karur.

"With regard to accommodation, there are no buildings satisfying the requirements mentioned in the letter under reference. Unless specially constructed it is impossible to find such buildings in any village. Ordinarily pial schools as are generally called in villages are opened by villagers in some broad verandahs or public chavadies i.e., in such places that are generally provided by the villagers in the villages. To popularise Elementary education and to take it to the doors of the masses it is desirable that the Board follows the lines of the villagers and start schools in some such public places as pointed above and to provide accommodation subsequently satisfying the above said conditions as circumstances permit.

Therefore I would suggest the desirability of opening schools in the said 9 villages (8 in case in Minnamballi the aided school is recognised) in some such accommodation pointed above leaving the discretion to the Board to find suitable accommodation subsequently.

When the school develops the villagers might be induced to contribute a portion of the expenditure that will be needed to put up building on the lines approved by the Educational Officers".

Sir,

With reference to G.O.No.1598 Law (Education) dated 16-10-24 sanctioning the payment of subsidies to Local Bodies for opening new Elementary Schools for Boys in school-less villages with a population of 1000 and above, I have the honour to invite your attention to my letters R.C.No.248-B/24 dated 15-10-24 and 20-10-24 reporting the names of villages in certain districts in which new schools may be opened. ~~According~~ According to the list submitted with these letters, the number of schools to be opened by the Taluk Boards of Karur, Trichinopoly, Lalgudi, and Palghat, should be

modified as shown below:-

(1) Karur Taluk Board	..	8
(2) Trichinopoly Taluk Board	..	9
(3) Lalgudi -do-	..	2
(4) Palghat -do-	..	11

2. In the case of Taluk Board, Koilkuntla, it is reported by the District Educational Officer that three of the four villages originally suggested by the President are provided with schools. The District Educational Officer, Ramnad, reports that the Board has recently proposed to open eight schools, out of the twenty-five villages reported by the President, with the proceeds of the education cess. The number of schools to be opened with the aid of provincial subsidy should be reduced by 8. The number of schools in Usilampatti and Melur Taluk Boards should be reduced by one and two respectively in the light of the District Educational Officer's report.

3. In view of these facts, it does not appear to be desirable to permit the Local Boards mentioned above to draw the full amount of subsidy sanctioned for the opening of schools as originally proposed.

4. With reference to para 7 of the G.O., I would invite your kind attention to the orders contained in G.O.No.1479 Law (Education) dated 19-9-24.

Sir.

In submitting herewith a copy of letter R.O.C.No.1882 L of 24 dated 5th March 1925, I have the honour to state that the President has supplied to each of the newly opened board elementary schools articles at a cost of Rs 103 nearly and provision is made for only five planks and a single black board to each school. It is reported that in some schools there are four classes, with a total average strength of 35 to 50. It is therefore necessary that these schools should be provided with more planks and an additional black board. In these circumstances I recommend the President's

Copy of letter R.O.C.No. 1882 L of 24 dated 5th March 1925 from the President, Taluk Board, Chingleput to the Director of Public Instruction, M a d r a s.

(D) In G.O.No. 1598 (L.E.) dated 16-10-24 the Government sanctioned Rs 3720 for the maintenance of 19 new schools opened in November 24. The Government have calculated this amount at Rs 19/- per teacher, and at Rs 4/- for houserent and Rs 2/- for contingencies. But the Taluk Board is able to save about Rs 263 by procuring school buildings at a lower rent or free of rent and by sanctioning a lower rate of contingent amount to schools. In paragraph 7 of the Government Order quoted above, it is stated that the savings, if any, in the amounts paid in the Government Order will be deducted from the subsidies payable in 1925-26 for the maintenance of these schools. I request to be informed whether I may divert this savings for the purchase of equipment to these 19 new schools as the sum of Rs 100/- sanctioned for each school is hardly sufficient for fully equipping the school with the required furniture, books and maps.

The favour of very early reply is requested.

ASSISTANT SECRETARY TO GOVERNMENT LAW DEPARTMENT 12-JUN-1925

Submitted to Government.

2. Out of the subsidy of Rs.5888 sanctioned in G.O.No.1598 Law(Education), dated 16- 10- 24, the Board has actually incurred only an expenditure of Rs.5431 in 24- 25, leaving a balance of Rs.457. Local bodies have been informed previously that savings, if any, out of the subsidy paid in G.O.No.1598 Law (Education) dated 16- 10- 24, would be deducted in the succeeding year. If a deviation is made in this particular case from the general principle, the other local bodies also may claim similar treatment. Further, the entertainment of additional teachers is a recurring expenditure and the utilisation of unspent balance towards a recurring item of expenditure is not advisable.

Sir,

Ref:— Government Memo. No. 3879 A—3 Law (Education) dated 24-4-'25 - Savings in the Subsidies Sanctioned for the opening of new Schools as per G.O. No. 1598 Law. [Education] dated 16.10.'24.

I have the honour to submit that a sum of Rs 3104—2—0 has been spent in '24—'25 up to 31.3.'25

against an allotment of Rs 5888. I may here state that Rs 3000 sanctioned for the supply of furniture to the School was not fully paid before the close of the official year, though they have all been supplied, but only Rs 1294-4-0 was spent on it. The balance Rs. 1705-12-0 is thus necessary for their payment and should not be deducted towards the amount payable during 1925-'26 as contemplated in para 7 of G.O.No. 1598. Besides, Rs 166 due for house rent for 1924-'25 not spent during the year has also to be paid for. Taking these two items into consideration, out of a balance Rs 2783-14-0, Rs 1871-12-0 should not be deducted for reasons explained above. The balance Rs 912-2-0 may be permitted to be utilized in appointing additional teachers to a few of the schools at least in consideration of the very large number of pupils attending them necessitating an additional teachers.

If the furniture has all been supplied why was not this account paid till 1.7.25. (vide Statt)

If this account has been paid before 1.7.25 it will not be deducted but it was not paid within that date.

This account has been paid before 1.7.25 & will therefore be allowed - the balance only will be deducted

I request the matter may be favourably considered by Government and early orders issued allowing Rs 866+ as subsidy for 1925-'26 for the maintenance of these Schools.

Sir,

With reference to Government Memorandum No. 3879-A-24-4 dated 7th July 1925, I have the honour to send herewith the statement required therein in the prescribed form.

2. In G.O. No. 1598 Law (Education) dated 16th October 1924, sanctioning the opening of new elementary schools, Rs. 100/- only was allotted for each new school towards - equipment, and it is found quite insufficient even for the supply of furniture for each school, as each new school - opened with reference to the above said Government Order has a large number of pupils on its rolls. Besides these new schools have to be supplied with books, maps, slates a n d garden tools etc, both for the school use and for the use

of its pupils. I have already requested the Government in my letter Sup.No. 118/T.B. of 1925 dated 5th May 1925 that the unspent balance in the last year's subsidy might be permitted to be utilized towards the equipment of the schools newly opened with reference to the Government Order referred to above. I would again request that the Government may be pleased not to reappropriate the unspent balance shown in the appended statement, but to accord sanction for its utilization towards the further equipment of the newly opened Elementary Schools.

Sir,

Reference:- Your Memorandum No. 3879 A 3 dated 24-4-25 - Savings in the subsidies sanctioned for the opening of new schools in G.O.No. 1598 L.E dated 16-10-24.

Out of the sum of Rs. 3720/- sanctioned in the above Government Order Rs. 3185-11-0 was spent before the end of 31st March 1925 and there was a balance of Rs. 534-5-0 on the 1st April 1925. The reason for this balance is due to the fact that this Taluk Board employed teachers drawing lower pay such as Rs. 15, 16 and Rs. 17 in these new --- schools when the Government has sanctioned the subsidy at Rs. 19/- per mensem per teacher. The teachers employed -

113

by this Taluk Board were on time scale of pay i.e Rs. 15-1-25 and so though the actual expenditure under salaries of teachers has come to Rs. 1066-6-0 against Rs, 1364/- sanctioned by the Government, the balance of Rs. 297-10-0 under this head will be required for the payment of annual increment in the time scale. Further the Government have sanctioned Rs. 304/- for rent at the rate of Rs. 4/- per school, whereas this Taluk Board has paid Rs. 18/- only within 31st March 1925. The large balance under this head is due to the fact that rent was paid for two schools only, one at the rate of Rs. 4/- and the other at Rs. 2/- per mensem. The subject of sanctioning rent in the case of other schools was under correspondence during that year. Rent has been since sanctioned for four more schools and the last year's rent will have to be paid this year. The Taluk Board was able to show balance under "House-rent" by obtaining houses free of rent and in some cases houses for low rent.

2. I have addressed the Director of Public Instruction, Madras in the month of March '25 in my letter R.O.C.No. 1882 L of '24 dated 5-3-25 to permit this Taluk Board to utilize the savings for the purchase of some more furniture for the new schools, as the sum of Rs. 100/- sanctioned for a school was hardly sufficient for the purpose. He has replied that the matter has been reported to Government and orders are awaited.

3. In the circumstances stated above I request the Government not to deduct the savings from the subsidies payable in 1925 - 26 for the maintenance of these schools.

Orders have already issued in G.O. No. 1598 L.E. dt. 16.10.24 asking the Secretary to place at the disposal of the Taluk Boards mentioned above the amounts required for the opening of the full number of Schools specified in col 2 above. It was ~~therefore~~ anticipated that the full amounts of Subsidies so disbursed might not be required in any cases. ~~and~~ Consequently it was expressly laid

Particulars as to the villages in which the schools are to be opened have been furnished by the D.P.I only in respect of a few taluk boards and there may not be need to open the full number of schools sanctioned in the areas of taluk boards for which particulars are not available

laid down in para 7 of the G.O. that the savings if any, in the amounts disbursed would be deducted from the subsidies payable in 1925-26 notwithstanding the orders contained in G.O. No 1479 L.E. of 19.9.24. In the circumstances, it does not seem necessary to issue revised orders asking the Accountant to disburse only the amounts required for the number of Schools specified in col 3 of the Statement overleaf. The D.P.I may see his note and offer his remarks, if any.

Besides similar cases may be constantly coming to the notice of the Govt. but there should be some finality in the matter of the disbursements of the subsidies for the purpose

I fully agree with the statement of the Secretariat that there should be some finality in the matter of the disbursement of the subsidies.

If Government will be good enough to look at G.O.No.1479 L.E., dated 19th September 1924 they will observe that they have ordered that from the next official year the subsidies in question shall be paid in full every year without deduction for savings.

Less than a month afterwards, that is to say, in G.O.No.1598 L.E., dated 16th October 1924 they state the savings, if any, in the amounts ordered to be paid in paragraph 6 above will be deducted from the subsidies payable in 1925-26 for the maintenance of these

of these schools.

I should be very pleased if Government will be good enough to let me know what exactly is meant by finality in the case of subsidies for elementary education. From my interpretation of the wording of the two G.Os mentioned above finality is proposed in the G.O. of the 19th September 1924 but finality is brushed aside in the G.O. issued a few weeks later of the 16th October 1924. I have no doubt but that Taluk Boards, Municipal Councils, District Educational Councils and others engaged in the field of elementary education are just as much at sea as I am with regard to their financial position under the elementary education fund.

If Government will themselves reconcile the orders contained in these two G.Os. I may be in a position to advise but until I know what the policy of Government is to be in the matter of distribution of subsidies I can offer no useful advice except merely to endorse the view of the Secretariat that there should be some finality in the disbursement of the subsidies.

L. dept 4027/24 5/11/24.

It may, however, be submitted to Government that there will be difficulty in ascertaining the actual amount of savings accruing out of the subsidies sanctioned in G.O.No.1598 L.E., dated 16th October 1924 unless the local bodies are directed to keep separate accounts for the subsidies which have been sanctioned in this G.O. At present under the instructions contained in G.O.No.1479 L.E., dated 19th September 1924 all their receipts are merged in a single fund, the elementary education fund and no separate accounts are kept for the different subsidies sanctioned at different times for different purposes such as the subsidies now sanctioned in G.O.No.1598 L.E., dated 16th October 1924.

Unfortunately

Unfortunately G.O.No.1598 L.E., dated 16th October 1924 was issued before Government had an opportunity of reading my remarks which were given in my U.O. reply of the 18th October 1924.

Law (Edn) Deptt.

Submitted it was at the instance of the Finance Deptt that a clause was added to Go.No. 1598 L.E. dt. 16.10.24 to the effect that, notwithstanding the general orders in Go.No. 1479 dt. 19.9.24, the savings in the Subsidies sanctioned for payment in 1924-25 for the opening of new Schools would be deducted from the amounts payable in 1925-26. This would no doubt, involve as pointed out by the A.D., maintaining separate accounts by each local body for the amounts paid to it under Go.No. 1598 L.E. dt. 16.10.24 but this may not cause much inconvenience, since the local bodies have keeping such accounts for several items of such Subsidies, prior to the issue of Go.No. 1479 L.E. dt. 19.9.24. A memo may, if necessary be issued to all local bodies asking them to report by the 15th April 1925 the expenditure incurred by them in 1924-25 on the opening of new schools from the Subsidies paid in Go.No. 1598 L.E. dt. 16.10.24. (T) It will be seen that many local bodies request that they may be permitted to utilise the savings with them on one or other of the following objects:-

(1) the provision of additional equipment for schools;

(2) the payment of bills for charges incurred in 1924-25 but not met before the close of the year;

(3) the payment of salaries of additional teachers

2. Savings should be ~~class~~ divided into two classes

(i) Savings under recurring subsidy;

(ii) Savings under non-recurring subsidy for equipment.

Savings under non-recurring subsidy need not be deducted, if it is found that the full number of schools specified in the annexure to G.O.No.1598 dated the 16th October 1924 ~~was~~ has been opened by the local body either in 1924-25 or early in 1925-26.

(C) (T) There appears to be no reason why savings under recurring subsidy should not be deducted, allowance being, however, made for the charges incurred by the local body in 1924-25 but not paid before the close of the official year.

3. With reference to the notes on p.1 ante, it appears desirable to ascertain the exact number of schools opened by ~~the~~ each local body, out of the subsidies sanctioned in G.O.No. 1598, dated 16th October 1924. (C) (T) On receipt of these particulars, orders may issue sanctioning the distribution of subsidies for 1925-26 in respect of the said schools.

Presidents of the taluk boards Palladam, Mangalore, and Trichinopoly states that they are arranging to open the remaining schools also in the current year. For the present, recurring subsidies to the taluk boards in the list above may be limited to the amount required for the maintenance of the schools already opened. If any more schools are opened, the taluk boards may -- address Government separately.

3. Almost all the taluk boards have savings out of the subsidies sanctioned last year for the new schools. These savings fall under two classes : --

(i) savings under non recurring subsidy for

equipment;

(ii) savings under recurring subsidies.

4. Savings under non recurring subsidy.

24 taluk boards have savings in the amounts sanctioned for equipment last year. Most of them say that all the equipment required could not be obtained last year and that the full amount will be utilized in the current year. It is submitted that in cases where the full number of schools sanctioned by Govt. have been opened, the savings under non-recurring subsidies need not be deducted and the local boards may be left to utilize such savings in the current year. Where, however, the full number of schools have not been opened, the amount paid for the equipment of schools not opened, may be deducted.

5. The undermentioned taluk boards have spent more than what was sanctioned by Govt. for equipment:—

pp 26-27; 103; 169; 207 C.F.

Some of the Presidents have explained that the amount sanctioned by Govt. was not found sufficient for the purchase of furniture, books, maps etc. for the schools opened and that they therefore utilized a portion of the savings under recurring charges to meet the additional cost of equipment. The cost of furniture cannot be uniform in all districts. Further, the amount sanctioned for equipment last year was only Rs. 100 for each school against Rs. 125 sanctioned on previous occasions. It will also be noticed that the increase in many cases is small. In one case, however, -Coimbatore- there is a large increase over the sanctioned amount. The President has explained that the strength of the schools has increased and that additional equipment and teachers are required for some of them. It is not proposed to sanction any increase in the recurring subsidy to meet the cost of the additional teachers. The cost of the additional equipment has been met from the savings in the amount sanctioned for recurring charges in the last year. This need not be objected to.

6. Savings under recurring subsidies.

Certain taluk boards request that they should be permitted to utilise the entire savings in the recurring subsidies towards the additional equipment that may be required for these new schools in future. If the suggestions in paragraph 4 above are accepted, each taluk board will get a sum not less than Rs. 100 for each new school opened. It does not therefore appear that local bodies should be allowed to keep any portion of the savings in recurring charges for expenditure on equipment that may be incurred hereafter. Two taluk boards (Coimbatore and Ernad) request that they may be allowed to utilise the savings on the employment of additional teachers for their schools. There seems to be no justification for the grant of this request; nor does the D.P.I. support the proposal. The savings are non-recurring and they cannot be utilised

Finance (E&P).

At the time when the subsidy for the opening of new elementary Schools was sanctioned in G.O. 1595 Law (Edn) of 16.10.24, doubt was expressed whether it would be possible for the local boards to spend the whole amount within the year and Finance suggested that the balance of the Subsidies remaining unspent during 1924-25 should be deducted from the Subsidies payable for 1925-26. It is now reported that it was not possible to spend the whole amount of the Subsidy before the close of the year 1924-25. Savings occur in the subsidies given both for recurring and non-recurring expenditure.

In view of this it is submitted that the expenditure incurred by the local boards in excess of the Sanctioned amount should not be admitted. The local boards concerned should not have incurred the excess expenditure without the previous Sanction of Govt. Law (Education) Department.

The Finance department considers that the expenditure incurred by certain local bodies on equipment over & above the amount sanctioned therefor should not be admitted. Though the position taken by Finance is technically correct, it does not seem desirable to adopt their suggestion. In paragraph 7 of G.O.No. 1598, dated 16th October 1924 it was not stated that the savings under recurring and non recurring subsidies would be treated as separate items. As pointed out in paragraph 5 on page 13 ante the excess expenditure on equipment is small in the majority of cases and has already been incurred. It is therefore for consideration whether it may not be allowed and the draft below issued. If necessary, it may be pointed out in the draft that local bodies should not have utilized the savings in the subsidy sanctioned for recurring charges without the prior sanction of Government.

Please see para 3. of finance note on p.15 ante and Law (Edn) note on p.16 ante. With reference to K in Law (Edn) note it is submitted that para. 7 of G.O 1598 dated 16.10.1924 did not also authorise the taluk boards to divert (for expenditure on non-recurring objects) the savings in the provision for recurring expenditure The govt, after deliberate consideration, fixed a maximum limit for expenditure on equipment viz., Rs100 for each school. It was not open to the taluk boards to exceed this limit. Though the excess expenditure in each individual case is small the total account comes to Rs 4050. Apart from the amounts involved it is a question of principle whether the taluk boards concerned should be allowed to incur expenditure in excess of the limits prescribed by govt. The fact that there was saving in the provision for recurring expenditure is no justification for the diversion. It is submitted that there is no case for admitting the excess expenditure. Suld that Finance may press for the amounts should be deducted from the subsidies due for the current year.
