Sir.

In submitting herewith copy of letter R.C.No.665/23 dated 6-8-24 from the Chairman, Municipal Council, Anantapur, I have the honour to state that Type-writing is one of the optionals taught in the Municipal High School, Anantapur, for the S.S.I.C.Examination. In the current year there are 25 pupils who have taken up this subject as one of their optional while there are only 6 Typewriters in the school. This number is not sufficient for the proper training of 25 pupils and I consider that 3 more machines are necessary. The Municipal Council states that it cannot meet any portion of the cost of these machines. (Please vide copy of the resolu-

Sir,

Adverting to para 3 of G.O.No.2775 L & M., 7.10.24 directing the Council to make a separate request for a Provincial grant for equipping the Municipal Secondary School I have the honour to submit herewith a copy of Council's resolution No.197 dated 9.1.25 and to state as follows in support of Council's application for the generous consideration of the Government.

The circumstances which stood in the way of the Council to equip the school adequately were at length stated in para 22 (copy enclosed) of my report on the administration of the Municipality for the previous year. The District Educational Officer, Vizagapatam has specially visited the school at my request and scrutinized the indents minutely and revised them to meet the immediate requirements.

It is only left for me to appeal that the Government may be pleased to sanction a subsidy of Rs.2500/- at the earliest opportunity and to thank them in advance on behalf of all those that are interested in the improvement of the institution which is the only of its kind catering the educational needs of the town and taluk of Bimlipatam.

Resolution:-

The indent as revised by the District Educational Officer is
approved. Resolved to submit an application to the Government for
equipment grant of Rs.2500/- in obedience to their instructions,

earnest hope that the kind Government may be pleased to
the relief sought for especially in view of the fact that the

oil was not allowed to take credit for 2/3 cost for initial
outlay on equipment ~~successfully~~ successively for three years

commencing from 1.4.1922, though it was not in agreement with the
original understanding when the Council undertook to open the High

School and also in view of the fact that the District Educational

his communication Ref.on Cur 2002/21 dated 18.6.21 stated 'I

honour to inform you that I can only recommend the opening of

school, if the Municipal Council is prepared to bear a portion

recurring as well as capital cost involved by the proposal.' In

to the Council's enquiry as to the total costs the proposal in

the Director of Public Instruction stated 'Opening of IV Form

Agreeably to these terms the ordinary expenditure of Rs.1

and the capital expenditure of Rs.1190/- incurred in 1921-22 were

From this it will be evident that the original understanding wit

which the Council undertook to open a High School was that 2/3

net cost of maintenance including ordinary and capital would

from Provincial Funds and only the remaining 1/3 from the Mun

funds. But it was very very unfortunate that the Council was no

allowed to take credit for 2/3 cost of capital charges in the

subsequent years i.e in 1922-23 and 1923-24. The Council was thus

2.

put to the necessity of struggling hard to meet the entire capit

expenditure, amounting to Rs.1356/- in 1922-23 and Rs.1286/- in

1923-24, itself. This was a very heavy strain on its slender

resources and this fact accounts largely for less expenditure on

communications and other services during the year under report.

Further the District Educational Officer says in his last inspec

tion report 'Some more almyrahs and duel desks are necessary,

some more apparatus will have to be supplied, some pictures and

charts and some up-to-date maps are also necessary. Some stande

books of reference for the teachers and some suitable reading

books for the pupils are very necessary.'

15-

It is therefore worth the merciful consideration of the

Government to see fit to sanction an equipment grant of Rs.2500/-

at the earliest opportunity and thus enable the Council to bring

the institution - an institution for the opening of which it has

successfully striven for some years into line with those of the

best equipped schools of the Circars.

Sir,

I have the honour to submit herewith the letter addressed to Government, C.R.No. 558/24, dated 8th August 1924 from the President, District Board, Bellary requesting to grant a subsidy of Rs 711-4-0 for the purchase of maps Pictures, Charts, together with a copy of the resolution of the District Board requesting the sanction of a subsidy of Rs 500 for purchasing furniture for the Board -- Middle School, Alur.

2. The school is badly in need of furniture and other equipment. The District Educational Officer recommends that a subsidy of Rs 390 from Provincial funds, Rs 200 for furniture and Rs 190 for apparatus and appliances may be sanctioned. I support his recommendations.

3. There are no funds available in the current ~~xxx~~ year allotment for payment of subsidies for equipment for secondary schools under Local Bodies. The expenditure may be met out of the allotment of subsidies for equipment that may be made in the budget for 1925-26.

I have the honor to forward herewith a copy of the indent submitted by the Head Master Board Middle school Alur, for the supply of Equipment needed for the school and recommended by the District Educational Officer which is estimated to cost Rs ~~850-12-0~~ ⁷¹¹⁻⁴⁻⁰ exclusive of charges for packing and railway freight and to request that Government may be pleased to sanction a grant equal to the estimated cost of the indent, as the articles ^{includes} therein are reported to be quite necessary for an efficient teaching of the subjects for which they are intended. The present financial condition of the Board does not admit of any part of the cost being borne from the funds of the District Board which is still working in a deficit. The school is showing fair signs of progress from this academical year. The strength of the school has risen from 67 at the end of last year to 86 at the beginning of this month.

Sir,

(G)

With reference to Government Memo No.3000 B-3/24 dated 15-4-25, I have the honour to submit herewith a statement showing the distribution of subsidies on account of the equipment of Board & Municipal Secondary Schools. Out of the current year's budget provision of Rs.15,000 referred to in the Government Memo, a sum of Rs.903 has been sanctioned for payment in G.O.No.890 Law (Education) dated 27-5-25 towards the cost of science apparatus purchased for the Board High School, Markapur. Therefore the balance of Rs.14,097 (Rs.15,000 - 903) only is available for distribution.

2.

(P.T.O)

2. This year separate indents were called for in regard to the articles proposed to be purchased and were carefully scrutinized and certain items which were found to be unnecessary in the course of the scrutiny have been disallowed. The estimated cost shown in the statement is the cost after deducting the cost of articles disallowed. The application of each local body was considered in order of receipt.

3. In view of the fact that Government bear only half the cost of the expenditure on Capital items, only half grant is recommended for payment, except in the case of the local bodies noted in the margin. (i) In the case of the Municipal

| 3. Municipal Council, Hospet. |) Hospet, and District Board, |
| 4. Municipal Council, Cuddapah. |) |
| 5. District Board, Malabar. |) Bellary, the circumstances |

under which the amounts of Rs.1,050, Rs.1,000 and Rs.390 respectively are recommended for payment have been explained to Government in my letters R.C.No.1544-B/24 dated 20-12-24, R.C.No.749-B of 25 dated 22-6-25 (G.O.No.2829 L.&M., dated 6-8-25) and R.C.No.1932-B/24 dated 19-1-25 respectively.

(ii) In the case of the Municipal Council, Cuddapah, a sum of Rs.550 is recommended for payment against the estimated cost of Rs.1,730 under the following circumstances. The Municipal Muhammadan Middle School, Cuddapah, to which the subsidy now applied for relates, was opened under G.O.No.2142 L.&M., dated 6-8-24 and a sum of Rs.450 was paid last year towards equipment. In the current year the Municipal Council, Cuddapah, requests the payment of a full subsidy of Rs.1,730 as the Council is unable to meet any portion of the cost. In view of the fact that all the net cost Middle Schools opened during the years 1918 and 1920 were paid only a subsidy of Rs.1,000 each for initial equipment, a sum of Rs.550 is now recommended for payment deducting the subsidy of Rs.450 paid last year.

(iii)

(iii) In 1924 the President, District Board, Malabar, applied for a subsidy of Rs.14,146 for the equipment of the 14 Secondary Schools under the Board's management. When indents were called for, the estimated cost came to Rs.19,300. After the scrutiny of the indents in respect of the 11 Secondary Schools for Boys, the estimated cost is Rs.14,973. The President, District Board, asks for half subsidy for the six Secondary Schools (Chorpulacherry, Chowghat, Betatnad, Kottayi, Naminda and Kadirur) maintained from the Board's Funds and full subsidy in regard to the other five schools (Manjeri, Cherukunnu, Angadipuram, Payyanur, and Elapulli) maintained from Provincial funds. But a half grant is recommended as usual, irrespective of the fact whether a school is maintained from Board's funds or not. In view of the large amount demanded by the Board and as the budget provision is limited, I recommend the payment in the current year of only Rs.4,000 and the balance (Rs.7,486 - 4,000 = Rs.3,486) may be paid next year. Necessary provision is being made in Part II of the Budget Estimate for 1926-27.

4. A few local bodies request the payment of full grant or two-thirds of the estimated cost. The cases of these local bodies have been considered with reference to their Financial position and only half-grant is recommended for payment as usual.

(i) The President, District Board, Anantapur, requests the payment of a full subsidy towards the purchase of furniture, Science apparatus and books for the Board High School, Dharmavaram, on the ground that the ~~full~~ full net cost of the school is met from Provincial Funds and as the Board is unable to meet a moiety of the cost. The Financial position of the Board as seen from the administration report for 1923-24 is satisfactory and consequently half-grant is recommended. (ii) The President, District Board, Cuddapah, requests the payment of a full-grant of Rs.600 for the equipment of the Board Middle School, Kamalapuram. According to the revised indents, the estimated cost is only Rs.430 and as usual, half-grant is recommended.

(iii) The Municipal Council, Bimlipatam, requests the payment of a

payment of a full grant of Rs.2,500 or at least a grant of Rs.2,000, leaving the Council to contribute Rs.500. The reason adduced by the Council is that the Council has up till now spent Rs.2,202 from its funds on equipment of the school. According to the revised indents the estimated cost is Rs.2,215 and a half-grant is recommended for payment. The Chairman's application referred to Government Order No.133-B/25-1 dated 24-1-25 is herewith resubmitted.

(iv) The Municipal Council, Palacole, requests the payment of two-thirds of Rs.583 being the cost of articles purchased by the Council as soon as the school was taken over by the Municipality. As usual, a half grant is recommended. (v) The Municipal Council, Benbaspore, requests the payment of a full grant of Rs.215 for the purchase of furniture, on the ground that the net cost of the school is met from Provincial funds. The financial condition of the Municipal Council as observed from its administration report for 1923-24 is satisfactory. Further a sum of Rs.553 was paid to the Municipality last year in G.O.No.1272 Law (Education) dated 4-8-24 against a sum of Rs.750 applied for. Therefore only a half-grant is recommended. (vi) The Municipal Council, Anantapur, requests the payment of a full subsidy towards the purchase of library books. Half-grant is recommended for payment.

5. With reference to para 3 of G.O.No.2630 L.&M., dated 22-7-25, a half grant of Rs.963 being the estimated cost of the indents of the Board High School, Ariyalur, is included in the statement. The Board is prepared to meet the other half. As per para 2 of G.O.No.1041 Law (Education) dated 19-6-25 a half-grant (Rs.700) is recommended for payment to the Municipal Council, Narasaraopet towards the purchase of typewriting machines.

In para 5 of my letter R.C.No.1172-B/24 dated 4-3-25 disposed of in G.O.No.1660 L.&M., dated 18-5-25, it was reported that the District Board, Nellore, requested the payment of a two-thirds grant for the equipment of the Board High School, Kandukur. The Board

The Board has since agreed to bear half the cost and the estimated cost of the revised indents is Rs.2,284. A sum of Rs.1,142 is recommended.

6. In regard to the other schools, the local bodies have applied only for half-grant. Indents which have had to be passed over owing to want of funds will be put in Part II of the Budget Estimate for 1926-27.

7. If Government approve of these proposals, the Accountant-General may be requested to place at the disposal of the local bodies concerned the amounts shown in Column 6 of the statement.

R.O.C. No. 1544-B/24 D. P. J.

Subject. Municipal ^{High School},
Anantapur — Subsidy for the
purchase of three typewriting
machines.

A.S.

2 c + The D.P.J. recommends a
subsidy of Rs. 1,050 towards the
purchase of three typewriting
machines for the Municipal
High School, Anantapur, where
typewriting is taught as an
optional subject for the S.S.C.
examination. The Municipal
Council says it is unable to meet
any portion of the expenditure.

120.7 The Director states there are
no funds available in the current
year's budget and that the expend-
iture may be met out of the
next year's allotment.

C.No. 2397 B. From the D.P.I. R.C.No. 1177 B/25, dated 3rd Sep. 25.
Subject : - Distribution of subsidies to local bodies for equipment of secondary schools.

45-

There is a provision of Rs. 15,000 in the current year's budget estimate for payment of subsidies to local bodies towards the cost of equipment of secondary schools under their management. Out of this provision a sum of Rs. 903 has already been paid to the District Board, Kurnool towards the cost of science apparatus for ~~the~~ the Board High School, Markapur. Therefore the balance of Rs. 14,097 only is available for distribution. The D.P.I. submits proposals for the distribution of the amount. The proposals call for the following remarks : --

(1) Municipal High School, Anantapur.

Typewriting is one of the optional subjects taught in this school for the S.S.L.C. examination. Last year there were 25 students in the fifth and sixth forms who took up the subject as an optional. As there are only six typewriters at present for 25 students the Chairman requests a subsidy of Rs. 1,400 for the purchase of four more ^{typewriting} machines. The D.P.I. considers three machines sufficient and recommends the payment of a subsidy of Rs. 1,050 as the council ^{says that it} is unable to meet any portion of the cost. His recommendation may be accepted.

(2) Secondary schools under the Malabar District Board

The estimated cost of ^{the} equipment for the 11 secondary schools for boys under the Board is Rs. 14,973. The D.P.I. recommends a subsidy of one half of the cost. But in view of the fact that the subsidy payable is large and the budget provision is limited (Rs. 14,097) he recommends the payment in the current year of only Rs. 4,000 and says the balance ^{of Rs. 3456} may be paid next year. This may be accepted.

(2) The other items in the distribution proposed by
