Direct Grants to Non-Government Primary schools(Boarding grants to Indian Orphanages)	13,735	30,000	30,000	90,000

Remarks of the D.P.I

Boarding grants to Indian Orphanages

The list of orphanages now given, which includes chiefly only institutions which either received grant or were actually admitted to aid last year, supersedes the annexure submitted in connection with the Budget Estimate for 1924-25. Payment of grants to Indian Orphanages is regulated by the provisions of Chapter XI of the Grant-in-Aid Code.

Revised Estimate for 1924-25.

After meeting the arrears due to lapses on account of the late issue of sanction for the grant in March 1924 to the extent of Rs.2375, for Nos.7,31,40,45,53,68,69,70,72 and 73, the balance of Rs.27,625 out of the budget grant of Rs.30,000 for 1924-25 is proposed to be distributed pro rata with reference to the ^(number of) ~~the~~ destitute orphans in each institution. No institution will however be paid more than half the net cost, though from the ^{funds} ~~materials~~ now available, the average ^{rate} ~~net~~ ^{of grant admissible for} cost of feeding each orphan works out at Rs.11 per head per annum. A higher rate cannot be offered owing to the inadequacy of the budget grant.

Budget Estimate for 1925-26

The estimate for 1925-26 has been worked out on the basis of a minimum flat rate of Rs.4 per head per mensem (this having been

(The distribution will in due course be sent up to Govt. for approval)

* Flag

A

B

3
recommended by several District secondary education Boards and District Educational Councils as the lowest minimum) subject however, to a maximum of half the net cost in each case. Out of the total commitment of Rs.1,00,320 thus worked out, it is proposed to provide for only Rs.90,000 for 1925-26 regard being had to the fluctuations in the number of destitute orphans and in the receipts and charges of the several institutions receiving grant during the current year. It may be observed in this connection that the budget estimate for 1925-26 is Rs.3700 less than the Director's estimate for 1924-25 and that the former represents only 38 percent of the provision made in the current year's budget for boarding grants to European schools. Any reduction in the proposed estimate of Rs.90 lakh will involve a corresponding reduction in the rate of grant admissible to each institution in 1925-26 and this will in a way tantamount to giving no weight to the recommendations of the Dt. Secondary education boards and District Educational councils.

Law (Education) Department

Attention is invited to the notes on pp.10-12 of G.O.No.556, dated 11-4-24, which give information as to the origin of the provision for Boarding grants to Indian Orphanages. These grants were introduced newly in the year 1923-24 and a provision of Rs.15,000 was made for it in the Budget of that year. Under the rules, proposals for the distribution of the provision made for these grants should be made by the D.P.I in consultation with the District Secondary Education Boards and the District Educational Councils. As the former were constituted only late in the year

4 4
1923-24 and as their recommendations could not be received in time for the distribution of the provision of Rs.15,000 made for that year, the Govt. issued instructions to the D.P.I to distribute the provision in lump sums among the -- several orphanages without specifying whether the grant was towards the recurring or non-recurring charges of the orphanage. The Director was also asked to frame definite rules to regulate the distribution of these grants and to submit them to Govt for approval. He has recently reported that his recommendations in this regard will be submitted to Govt. along with his proposals for distribution of the provision made for these grants in the current year's budget.

When submitting the budget estimates for the current year, the Director stated that the provision of Rs.15,000 made in the budget for 1923-24 was utterly inadequate, and he recommended a provision of Rs.93,700 for boarding grants for the year 1924-25. For arriving at the latter estimate, he assumed that half the number of orphans in each orphanage would be destitute and would be attending recognised schools and would accordingly become eligible for these grants. He also assumed a rate of Rs.50 per annum for each pupil. Though the provision proposed by the Director was strongly pressed by this department, a sum of Rs.30,000 only was provided in the current year's budget.

For the next year, the D.P.I proposes a provision of Rs.90,000. This has been worked out on the basis of a minimum flat rate of Rs.4 per head per mensem subject, however, to a maximum of half the net cost of the orphanage in each

case. Though the total commitment on this basis comes to Rs.1,00,320, the Director proposes only Rs.90,000. The Director has given reasons to show that the amount proposed is not excessive. It may be pointed out that these grants have been introduced with reference to the discussions in the Legve. Council in 1921 in regard to the differential treatment accorded under the Code of Regulations for European schools and the Grant-in-Aid Code in respect of these grants. Since then the inadequacy of the provision made for these grants in the case of Indian -schools has been the subject of comment almost every year in the council. In view of the large interest evinced by non-official members of the council in this matter, it seems desirable to provide an adequate sum for these grants in the next year's budget.

The provision proposed by the Director for 1925-26 may therefore be supported by this dept.

The revised estimate may also be accepted.

Finance (B.E. 1)

Boarding grants - Indian Orphans.

These grants introduced in 1923-24 follow the system of boarding grants for European and Anglo Indian Orphans. For the latter, the monthly rates are Rs.15 in Madras and Rs.12 in the mufassal.

For Indian orphans no rates have been laid down. In 1923-24, lump ^{sum} ~~provisions~~ amounting to Rs.15,000 were placed at the disposal of Indian Orphanages. The Govt. are awaiting proposals ~~from~~ from the Director of Public Instruction for fixing the rates. These proposals will come to Finance for acceptance.

In 1924-25, the Law Department made a demand of Rs.93,700 for about 1,900 orphans (out of a total of about 3,800) at Rs.50 per annum for each. The Finance Committee recommended Rs.30,000 on the understanding that Rs.15,000 allotted in 1923-24 would lapse. But it did not as the amount was distributed in lump at the close of the year. The grant for 1924-25 stands however at Rs.30,000 out of which Rs.1,265 has been distributed being the grant for 1923-24 which a few Orphanages did not draw that year. The balance has not yet been distributed and the Government are awaiting detailed proposals from the D.P.I. For next year, the Law Dept. make a demand of Rs.90,000 which is six times the grant for 1923-24 and thrice the grant for 1924-25. The figures are as follows-

	Accounts	Budget Estimate.	Revised Estimate.	Budget Estimate.
	1923-24	1924-25	1924-25	1925-26
Boarding grants to Indian Orphanages (A.G.'s actuals)	13,735	30,000	30,000	90,000

Revised

Revised Estimate 1924-25.

The D.P.I. States that the average net cost of feeding each orphan works out at Rs.11 per head per annum. He has stated that it is proposed to give a grant of only half the net cost.

There are about 4,000 orphans, but there is no definite information as to the number of destitutes among them and the number who attend recognised schools. The D.P.I. assumes that about half will be eligible for the board grants. Even then, the maximum amount required in 1924-25 is only about Rs.11,000. Assuming that the full net cost of Rs.11 per annum will be given as grant, about Rs.22,000 will be required in 1924-25.

The Revised Estimate may, for the present be fixed at Rs.30,000 (~~xxxxxx~~ same as the ~~xxxxxx~~ budget grant).

Budget Estimate 1925-26.

The D.P.I. has calculated at a half grant of Rs.4 per mensem for 2,090 destitutes and has deducted Rs.10,320 for fluctuations in number and the net cost and asks for Rs.90,000 and the Law Department recommends this amount.

On the basis of the average net cost of Rs.11 per annum in the current year, the maximum amount required in 1925-26 is Rs.23,000 for full net cost and Rs.11,500 for ~~xxxx~~ half net cost.

A half grant of Rs.4 per mensem is excessive because in the Labour Department full grants range from Rs.4 to Rs.6 per mensem and half grants will be Rs.2 to Rs.3 per mensem. It will be seen that there are no substantial grounds for Rs.90,000 in 1925-26. A sum of Rs.30,000 may be entered as in the current year.

Copy of these notes may be sent to the Law Department.

C.A.S.
19.11.24.

R.W.D. 19.11.

Law (Education) Department.

From the Finance Department note on pages 6-7 ante, it will be seen that the main consideration which has led the Finance department in fixing the revised estimate for 1924-25 and the budget estimate for 1925-26 is the statement which occurs in the D.P.I.'s remarks to the effect that "the average net cost of feeding each orphan works out at Rs. 11 per annum". This statement of the D.P.I. is incorrect. He has since sent an erratum to the above remark which shows that what was intended was that it was not possible to pay a higher rate than Rs. 11 per head per annum with the funds now available. The next sentence in the Director's remarks brings out this point clearly. It is obvious that this rate of Rs. 11 per annum is inadequate. Several District Secondary Education Boards and District Educational Councils have recommended to the Director that the minimum rate of grant should be Rs. 4 a month for each pupil and this has been taken by the Director as the basis in proposing the provision for next year.

2. The Finance Department remark that the rate proposed by the Director is excessive when compared to the grants in the Labour department, which range from Rs. 4 to Rs. 6 a month and on which the half grant admissible is Rs. 2 to Rs. 3 a month. These rates apply to grants in criminal settlements and cannot be taken as the standard for grants in the present case where the pupils concerned are of a higher social status. The Government are maintaining a free hostel for Adi Dravidas in Madras and are incurring expenditure on messing chaggas at the rate of Rs. 12 a month for each student. It is submitted that the case of this hostel would seem to be more suitable for the purpose of comparison;

and judged by the rate in the hostel, the rate of Rs. 4 a month proposed by the Director seems to be moderate. It may also be pointed out that the monthly rate of boarding grants given to European orphanages under the code of Regulations for European schools are Rs. 15 per head in ^(the Madras city & Rs. 12 in the mufassal.) In these circumstances, the rate of Rs. 4 a month adopted by the Director may be approved.

3. The Finance Department may be requested to reconsider the matter in the light of the above remarks.

C. R.

5-12-24.

V. T. K.

6-12-24.

Finance U.O.

Finance (B.E.I.).

(Notes from p. 5 may be read.)

The Law Dept. is not correct in assuming that the main consideration for fixing the R.E. for 1924-25 and B.E. for 1925-26 at Rs. 30,000 and Rs. 45,000 was the incorrect statement of the D.P.I. that the "average cost of feeding . . . * * * works out at Rs. 11 per annum". If this had been the main consideration, the R.E. should have been fixed at Rs. 11,000 and B.E. for 1925-26 at Rs. 11,500 for half net cost, whereas Finance has allowed Rs. 30,000.

2. The main reason for fixing the B.E. for 1925-26 (same as the B.E. for 1924-25) at Rs. 30,000 was that no materials have been furnished by the D.P.I. The number of destitutes is assumed by D.P.I. to be half the total number. The D.P.I. could by this time be more definite as he should have obtained reports from all subordinate officers. The Law department may be requested to obtain definite information regarding the number of destitutes.

3. The Law department say that the cost of feeding destitute orphans should be higher than the

cost of feeding criminal tribes children as the former are of a higher status. The question of social status has no bearing in what is after all only the margin of living. In any case, the D.P.I. should have worked out a scale by this time and the Law department may be requested to ascertain this.

4. Copy of this note may go to the Law department.

u.s. note.

Boarding grants for Indian

orphanages - Provision for 1925-26 -

the Director proposed that a provision of Rs. 90,000 may be included in the next year's budget for the payment of boarding grants to Indian orphanages. ~~As defined material has been provided~~ ~~it is proposed to provide only Rs. 90,000~~ ~~for this purpose~~ ~~in the next year's budget.~~ The number of destitute has been assumed by the Director to be half the total number of orphans. The D.P.O. would probably ^(by this time) have received full reports from subordinate officers, and he might be able to furnish definite information regarding the number of destitute orphans.

2. A minimum rate of Rs. 4 a month - recommended by several Dt. Secondary Edn. Boards and Dt. Educational Councils - has been adopted by the Director.

P.T.O.

Para 2. Will Government please refer to my letter R.C.No.2295-D/24 dated 24th December 1924 which has crossed this U.O. reference to me.

[Signature]

Law (201)

Paragraph 2 of Finance Dept. note on page 8(4) ante

the Director has not received full report from subordinate officers. There is thus no definite information regarding the number of destitute orphans. It is, however, practically certain that most of the inmates of orphanages are destitute.

Paragraph 2 of Finance Dept. note on page 9 ante.

the D.P.J. recently reported that he had not yet received the recommendations of the majority of the St. Secondary Ed. Boards and the D.E.C's as regards the rates of grant to be fixed and the principles of its distribution, and that the recommendations so far received showed a large diversity of opinion.

The Director has therefore proposed that the ^{budget} provision for this grant in the current year may be distributed in lump sums among the several institutions in

(linked file)
for linked

in proportion to the number of eligible destitute orphans residing in them. The file dealing with this has been sent to Finance. There is no ^{possibility} of fixing a suitable scale of grant, ~~until~~ until the Director receives the recommendations of all the officers.

3. It is for order whether this Dept. may press for the full provision of Rs. 90,000 proposed by the D.P.J., against which Finance have accepted only Rs. 30,000. The case may be circulated to M₂ and C₃.

COV
9.1.25
84
10.1.25
10.1.25
10.1
10.1

M₂

C₃

There is full justification for the demand. The calculation of flat rates by D.P.J. under the circumstances is justifiable. The rates given to Anglo Indian boys orphans is very high.

The fallacy in taking the
labour rates as already explained in
the note. I wondered how an analogy
of the 'criminal trials' was raised -

The cost of the pupils in the Hostel
maintained for the depressed classes
is of some value in determining
the rate.

On the whole therefore the amount asked for
by D.P.I. is absolutely necessary. he
explains it at the end of para 1 of his
note p. 12.

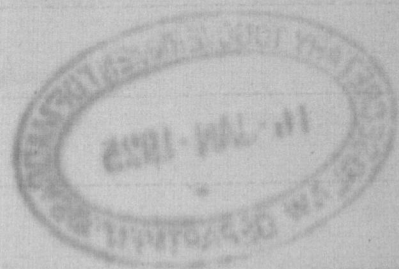

14/11/25

I don't know whether I have got an up-to-date
copy of the Grant-in-Code, but in my copy Chapter XI
deals with grants towards endowments, and this seems to
have no bearing on the question.

2. Also I am not clear to what extent the Government
are committed. I cannot find any promise that the grant
should be made towards the expense of boarding all the
orphans, or even all the destitute orphans, in all the
orphanages in the Presidency, though apparently the
D.P.I. has distributed the grants hitherto made among
all the orphanages he could find.

3. Where a grant is made a flat rate of Rs. 4 per
mensem does not appear excessive, subject to a maximum of
half the net cost in each case. In view of the shortness
of funds, however, I hesitate to agree to any greater
commitment than we have undertaken already, and it seems
to me that Rs. 30,000 is a fairly large grant for a

(Rule re Endowment
Grant
(since deleted))

comparatively new purpose. The D.P.I. might well
have selected his orphanages and so limited the
number to which the grant had to be made.

Roh

15/11/25

Paragraphs 1 & 2 of C's note above.

The orders regarding
the payment of boarding grants to
Indian orphanages were issued only
in May 1923 - G.O. 694 of 17.5.23 -
and the necessary amendments to
the grant-in-Aid code were notified
(O) in September 1923 - G.O. 1230 of 4.9.23.
The latest edition of the code is
corrected only up to 1st April 1923
and does not therefore contain the rules
relating to these grants.

Attention is invited to
(O) the rules issued in G.O. 1230 of 4.9.23
(I) and the order in G.O. 171 of 4.2.24.
these grants are payable towards the
boarding charges of inmates of
institutions which are primarily
orphanages and which make
arrangements for the education of
the inmates. The orphanage may
itself be a school or have a
school attached to it or may make

make arrangements for its inmates attending one or more neighbouring schools which are not necessarily attached to it. The grant is made on behalf of ^{Orphan} destitute children within prescribed age limits (below 16 for boys and 18 for girls) and after consideration of certain specified factors in connection with each institution.

Paragraph 3 of C₃'s note on pp. 15-16 ante.
All institutions which satisfy the required conditions will be eligible for the grant on behalf of the destitute orphans therein. It will be invidious to restrict the grant to selected institutions, and it ~~is likely to provoke criticism.~~

~~is likely to provoke criticism.~~
The case may be recirculated to M₂ and C₃.
