* 303. Will the hon. the Minister for Education be pleased to state whether it is a fact that the Deputy Inspector of Schools, Wallajah range, ~~asked~~ the Adi Dravidas on 8th May 1925 who are living in No. 66 Vaniveddu Village, Wallajah Taluk, North Arcot District, either to contribute half of the amount for starting the school or to contribute for starting a school for them or to labour. All that he did was to throw out a perfectly legitimate suggestion that it might be easier to secure a school if the Adi-Dravidas S.R. could manage to put up a shed for school purposes on their representing that they could not afford to do so recommendation was made to open a Board school for them. A simple negative might do for the answer.

From the report I find that it is not a fact that the Deputy Inspector of schools, Wallajah Range, made any demand from the Adi-Dravidas of Vaniveddu either to contribute half the amount for starting the school or to contribute free labour. All that he did was to throw out a perfectly legitimate suggestion that it might be easier to secure a school if the Adi-Dravidas could manage to put up a shed for school purposes. On their representing that they could not afford to do so recommendation was made to open a Board school for them. A simple negative might do for the answer.

Contribution from the Adi-Dravidas towards starting a school for them in Vaniveddu village.

* 372 Q.—Mr. R. VEERIAN: Will the hon. the Minister for Education be pleased to state whether it is a fact that the Deputy Inspector of Schools, Wallajah range, asked the Adi-Dravidas on 8th May 1925, who are living in No. 66, Vaniveddu village, Wallajah taluk, North Arcot district, either to contribute half of the amount for starting a school for them or to contribute free labour?

A.—No.

Mr. R. VEERIAN.—‘Sir, with reference to the main question, the answer is ‘No’. Here is a mahazar submitted by respectable members belonging to the depressed classes in the Vaniveddu village, Wallajah taluk, North Arcot district, wherein it is stated clearly that the Deputy Inspector of Schools asked the members of the depressed classes either to contribute half the amount for starting a school for them or to contribute free labour. At least may I know from the hon. the Minister for Education whether he will kindly make inquiries into the matter?’

The hon. Rao Bahadur Sir A. P. PATRO:—“We have enquired and the information is given here in the answer.”

Mr. R. VEERIAN:—“May I know whether the Government are not going to believe the statement made by the respectable members of the depressed classes? I am perfectly willing to hand over the statement. Either the statement made by the respectable members of the depressed classes ought to be incorrect or there ought to be inaccuracy somewhere else.”
