Sir.

With reference to G.O.No.1336 Law(Education)dated
5- 8- 25 approving the introduction of weaving in the high
school, Srirangam and sanctioning the payment to the management
of the school in the current year of a grant of Rs.2595/-
I have the honour to submit for the orders of Government a copy
of letter received from the correspondent of the School
No.5 M.D/23-24 dated 5- 9- 25 requesting permission to make
an alteration in the plan and estimate by substituting a
tiled shed for a thatched one at an additional cost of Rs.250/
and to state that in my opinion a tiled shed is preferable.

I have the honour to be,
Sir,

Your most obedient servant,

R. G. Grieve
for Director of Public Instruction

Copy of letter dated 5th September 1925 from the Correspondent, The High School, Srirangam to the Director of Public Instruction, Madras through the District Educational Officer, Trichinopoly.

With reference to your Proceedings R.O.C.No.857 E of 24 dated 8- 8- 25 I have the honour to bring to your kind notice that the Thatched Shed sanctioned for the Weaving class is not quite safe, and to request you to permit us to make only one alteration in our plan and estimate by substituting a tiled shed for a thatched one.

The looms and other articles and tools and implements that may be kept in the shed are all easily combustible. The school itself is located outside the seven enclosures of Srirangam to enjoy pure air and to be free from noise and bustle. Being away from the busy centre, it is out of sight of the general public for most of the day even on working days. Therefore any fire accident to the shed cannot be easily found out or traced or detected. It cannot even be known in time to enable the school authorities to put out the fire without damage to the building and property. We have ourselves bitterly suffered from a serious fire accident to a large shed erected at a cost of Rs.1000/- at Thiruvanaikoil to locate our Branch Lower Secondary School there. In that year (1921) we lost not only the thousand rupees but more in the shape of furniture, library and other appliances. Besides a thatched shed may require a ~~renewal~~ renewal of the roofing almost every year, which means extra recurring expenditure, while a tiled shed would be a comparatively permanent structure free from the dangers of a thatched roof. After all the tiled shed may not cost more than Rs.1850/- It will have all the advantages of safety, permanency and neatness, while there will be no necessity at all for any extra recurring charges for renewing the roof. While the additional nonrecurring expenditure will be only Rs.250 it will avoid once for all a recurring expenditure of nearly Rs.100/- a year.

year.

Under these circumstances I have the honour to request you to be pleased to permit me to erect a tiled shed instead of a thatched shed and to sanction an extra grant of Rs.250/- for the purpose.
