Paragraph 1 (2) of G.G.

No. 641 Ed., d/ 29th April 1925 says

that "medical inspection will, for the  
present, be confined to recognised secondary

"schools for boys xxx". The question is

Law (Edn) no. 3081C-1 raised whether girl pupils in boys' schools  
12.4.25 should be brought under inspection.

The question has not been discussed in  
the file do not give a definite ruling  
on the question. The point was

however raised at one stage and Dewan  
Bahadur Ramachandran Rao was inclined  
to suggest inspection of girls in secondary  
schools for boys wherever Lady Doctors

were available. The D. P. B's remarks  
may now be obtained w/o on the suggestion

As it has been decided to exclude girls'  
schools for the present from the operation of the  
Government orders relating to medical inspection  
it seems logical to exclude also girls reading  
in boys schools.

An unreasonable position indeed! Area to exclude first (the mixed) schools - but the experiment relate as to boys. Dismissed
