From (Name) R.G.Grieve Esq., M.A.,

(Designation) Ag. Director of Public Instruction

To The Secretary to the Government of Madras,

LAW (EDUCATION) Department.

Sir.

I have the honour to submit herewith the application for grant together with plans and estimates in respect of the building constructed for the hostel attached to the G.S.M. Elementary School, Virudunagar, Ramnad District, received from the District Educational Council, Ramnad, with the following remarks:-

2. In 1922 the G.S.M. authorities applied for a grant towards the construction of buildings for the school and hostel, the total cost of which was estimated at Rs 17500/- The plans and estimates were returned to the correspondent through the District Educational Council, Ramnad, for -- revision in the light of the suggestions of the Special Consulting Architect. In reply the correspondent stated

2
that the question of hostel building grant might be considered later and requested permission for starting the school building work according to the revised plan and estimate. He was informed that the permission applied for could not be given without prejudice to the question of grant. The President, District Educational Council, Ramnad, reported that the Council sanctioned grant for the school building as the grant applied for according to the revised estimate (viz) Rs 2500/- was within their sanctioning powers.

3. From the application for grant for the building constructed for the hostel, it is seen that the building was completed on 26th January 1924 without obtaining the prior approval as to the suitability of plan and the reasonableness of the estimate as required in rule 3(ii) of Chapter II of the rules framed under section 42(2) of the Madras Elementary Education Act. In these circumstances, I am unable to recommend grant for the hostel.

4. The President's letter with the Council's resolution and the several enclosures, is enclosed.

I have the honour to be,

Sir,

Your most obedient servant,

J.R. Sundarany

for Director of Public Instruction.

Through The Deputy Inspector of Schools,
Virudhunagar Range,
V I R U D H U N A G A R .

Sir,

1. With reference to your letter No. Roge No. 175/23 dated 1-7-24, I have now the honour to transmit, with the whole file attached, a new application in the prescribed form for the VIRUDHUNAGAR HOSTEL BUILDING GRANT. *p 11 infra*

2. In my previous letter to you dated June 18th 1924 I have already explained briefly the situation which compelled me to start the building of this Hostel in September 1923 without awaiting ~~for~~ the sanction of new plans and estimates as per the Educational Rules. *p 12 infra*

3. For nearly two and a half years Rev. P. Sandegren endeavoured to obtain sanction for a Hostel Building on a large scale i.e., Rs. 20,000/-

My last effort was made especially with the Town School Building Grant in view, when I sent back THE OLD FILE CONCERNING THIS MATTER TO THE DIRECTOR OF PUBLIC INSTRUCTION THROUGH YOUR OFFICE on the 3rd of August 1923.

4. I have the honour to enclose copy of this letter to the Director of Public Instruction.

5. Your last letter to me CONCERNING THE HOSTEL was not in file
Roc. No. 175/23 dated July 3rd 23.

6. According to this letter revised plans and estimates were prepared with special care taken to conform with all the requirements of the Educational Rules. However, as stated above, the work could not be further delayed and was therefore started and completed in the last week of January 1924.

7. The old file concerning the matter would be with the Director of Public Instruction or returned by him to your office.

8. It is a well-known fact to you that this Hostel was built with a special view to ACCOMMODATING KALLAR BOYS and the Labour Commissioner at Madras Mr. G.F. Paddisson did also, at his visit here, promise to recommend this case to the Director of Public Instruction at Madras.

9. I now sincerely hope that this matter of Hostel Building Grant will be SYMPATHETICALLY CONSIDERED and brought to a SUCCESSFUL END BY YOUR WISE AND PATIENT SUPPORT.

I have the honour to be,
Sir,

Your obedient servant,

G. P. Sund

Ag Dt Educational Officer, Rannad Dt

at Madura.

Sir,

With reference to your letter B.O.C. 1152 R/22 dated 27th Jan. 23 to the President, Dt Educational Council, Rannad, copy of which is hereby attached, I have the honour to state:

1) that the building as shown in the revised plan is not meant to be for both school and hostel but for school only.

The hostel was meant to be built in the large Mission Compound just outside the town.

The rooms of the building in the revised plan are therefore all to be used as class rooms, leaving only a central hall in the middle part of the upper storey with one classroom on each side, as suggested by the Spec. Consult. Architect in the revised plan.

2) On the other hand the Mission compound could not be used for both school and hostel as questioned by the Spec. Cons. Architect: we can not expect the day scholars to come away from the town, whereas our boarders find it quite convenient to walk from the Compound to the proposed school in the Sakthikanandu site inside the town, which site is adjoined to the place where they now attend school.

3) We are quite prepared to follow all the further suggestions given by the Spec. Cons. Architect including those given by the Dt Edu

C.S.M., Virudhunagar.

To: M.R.Py. C.S. Sundram Aiyar, Avl., B.A., L.T.,
Dt. Educational Officer,
Rannad at Madura.

Sir,

1. I have the honour to submit ^{in duplicate} ~~separate~~ detailed estimates and plans for our New Boarding House in the Mission Compound at Virudhunagar with the view to obtaining a building grant for the SAME, though the procedure has not been the one required by the Educational Rules, the reason being that further delay in this matter could not be suffered.

2. You are well aware of the fact that correspondence has been conducted for more than two years regarding this Hostel as well as the school building which is now completed in the Sakkilankundur Site.

3. Your last letter referring to this Hostel which is now called Boarding House is R.O.C. No. 175 dated July 3rd 1923.

4. New Plans and Estimates were prepared and the work was taken in hand under the supervision of our own Swedish Engineer with a trained Indian Supervisor as Assistant. THE WORK IS NOW COMPLETED and we sincerely hope that the work will be found worthy of a substantial Building Grant.

5. It was the Kallar Reclamation work in the Madura and Rannad Districts which prompted us to think of erecting this Boarding House: for three years and more we have sheltered an increasing number of Kallar Boys the majority of whom have remained and still remain Hindus. The present number is SIXTY FIVE. These boys are studying in our schools from the 7th down to the 2nd standard.

In the anticipation of favourable orders,
I have the honour to be,

Sir,

Your obedient servant,

J. Himmelstrand

Reference:- Application for building grant
on behalf of Vindunagar C.S.M. Hostel.

Submitted to the District Edu-
cational Officer Ramnoid.

This is an application for grant
towards a building which has already
been completed. Ordinarily the insti-
tution will be ineligible for grant
as previous sanction had not been
obtained. But the Hostel is primarily
intended for the uplift of the Kallar
boys and other backward commu-
nities. The correspondent's interest
in the welfare of the Kallar boys
has to be appreciated and his
request for grant deserves en-
couragement and support. I recom-
mend that half the grant applied
for, may be sanctioned as a very
special case.

Range, N.R.O.C. No. 559/24 dated 8-1-25 submitting application
for Building Grant on behalf of the C.S.M. Hostel building at
Virudhunagar (Probable cost of the work is Rs. 15,500/-)

Ref. No. 175/23
3.3.25

Forwarded to the President, District Educational Council,

Ramnad at Madura.

2. The Correspondent first sent in his applications
in the year 1923; (1) for Hostel and (2) for the school-building
but in his letter dated 3-8-23 he has stated that the question
of hostel building grant may be considered later. A grant
of Rs. 2500/- for the school building has been sanctioned in
Resolution No. XXV of the Council Meeting dated 31-8-1923.

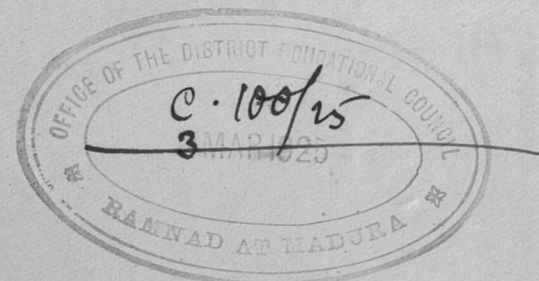

3. The Correspondent, instead of putting in his appli-
cation for hostel building for sanction has completed the -
building without previous sanction and applies for a building
grant for the same. The cost of the work is Rs. 15,500/-.
He also requests that though the procedure for obtaining build-
ing grants has not been followed in this case, the same may be
favourably considered.

4. It is recommended that the question may be decided
by the Council.

Memo No. 1378 A-2 dated 4th July 1925, I have the honour to resubmit herewith the application for grant together with plans and estimates relating to the hostel attached to the C.S.M. Elementary schools, ~~Vinukonda~~. *Vindunagar*

2. The positions of the rolled steel joints have been noted in the blue print and their sections verified by the C.S.M. Engineer. A copy of the C.S.M. Engineer's memo dated

Kept below

10th August 1925 is herewith enclosed.

I have the honour to be,

S i r,

Your most obedient servant,

A Rama Ray

for Director of Public Instruction.

P.V.S. 24/8

Copy of the Engineer's Memo. dated 10th August 1925.

As requested by the Correspondent of the C.S.M. Elementary school at Virudunagar, I have noted in the blue print the positions of the rolled steel joists and verified the section of the same.

In doing this I found a big mistake having been made in the report and general specifications of the estimate. the maximum weight on each girder has been calculated as $7\frac{3}{4}$ tons instead of 5.4 tons, the error lies partly in the quoted max. spacing of $8\frac{6}{7}$ ft and in the quoted total load of the terrace (140 lbs per sq ft.)

The max spacing between the steel joists is $9\frac{2}{3}$ ft. as seen in the drawing and the total load of roof is 90 lbs per sq ft. instead of 140 lbs per sq ft.

There is no staircase up to the terrace and it shall not be used by boys nor will an upstairs be erected in future.

Therefore the live load on the roof assumed to 50 lbs pr sq ft has to be deducted.

The weight on each girder will then be as follows.

$9\frac{2}{3} \times 14 \times 90$ 12200 lbs 5.4 tons and rolled steel joists $9" \times 4" \times 21$ lbs will be strong enough for the purpose.

Law (Education) Department

(C.No.1378-A) From the D.P.I., No.734 B/25 dated 17th April 1925.

Subject:- Grant--Building--Hostel attached to the C.S.M. Elementary School, Virudunagar

A.S

The correspondent, C.S.M. School, Virudunagar, has completed a hostel building at a cost of Rs.15,500 and applies for building grant. The hostel is intended for poor boys, chiefly Kallar boys, undergoing elementary education up to the VIII standard. The District Educational Council, Ramnad forwards the application for favourable consideration in view of the urgent need for and the good work done by the institution. The D.P.I. does not recommend the application, as the building was completed on 26-1-24 without obtaining the prior approval of the department as to the suitability of the plan and the reasonableness of the estimate as required by rule 3(ii) of chapter II of the rules framed under s.42(2) of the Elementary Education Act. The C.S.M. authorities, however, explain that prior approval was not obtained with a view to avoid delay in the construction of the buildings. This is not a valid excuse. Such cases are largely increasing. One year was allowed to lapse even after completion of the building. It is for consideration whether, in view of the fact that the hostel serves a useful purpose in the reclamation of Kallars, a grant not exceeding one-fourth of the cost as estimated by the P.W.D may be sanctioned, to be paid when funds become available. If so, the P.W.D may be requested to advise as to the suitability of the design and the cost of the building.

I think it may be marked for an one-fourth grant.

This case refers to a completed work awaiting grant-in-aid.

It is observed that the load for terrace roof is assumed as 90 lbs. per sq.ft. as against the usual 140 lbs. fixed by this department. The sections of the rolled steel joists are not therefore structurally up to the standard and require strengthening

-ening

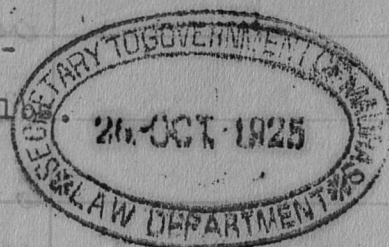

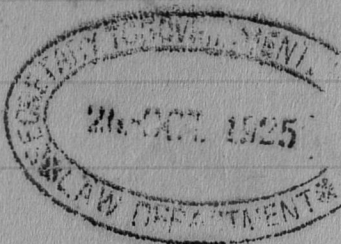

strengthening by the immediate introduction of an additional rolled steel joist by the side of each of the existing joists as noted below:--

Case I. The entrance hall and that in rear marked A in plan--The section of the additional joist required is 8" x 4" x 18 lbs.

Case II. The side halls marked B in plan--The section of the additional joist is 7"x4"x16

Case III. Box room marked C in plan--Section required is 8" x 4" x 18 lbs.

It is also noticed that a girder in each of the side halls falls close over the lintel openings X X in plan. The correspondent should substitute rolled steel joists 2 Nos. x 4 $\frac{3}{4}$ " x 1 $\frac{3}{4}$ " x 6.5 lbs. section for each of the 2 lintel openings, should any developments in the structure need replacement of the present cutstone lintel.
